Eastern Nazarene College

Division of Adult & Graduate Studies

AGS Academic Catalog and Student Handbook

2019-2020

Publication Notice
This document is intended to provide students with appropriate information about current policies and procedures, finances, and student services for the 2019-2020 academic year. It also provides curriculum information specific to students who start (or change) degree programs in 2019-2020.

All information is subject to change at any time. In the event of changes, Eastern Nazarene College will give as much advance notice as it considers feasible or appropriate, but reserves the right to make changes without notice.
AGS Academic Calendar, 2019-2020

2019 PI Term begins  
   July 1
   Summer Break (no classes): July 1-6
   PI A classes begin  
   July 8
   PI A classes end  
   August 17
   PI B classes begin  
   August 19
   Summer Diploma date  
   August 25
   15-week classes begin  
   September 4
   Labor Day (no Monday classes): September 2
   PI B classes end  
   September 24
   PI C classes begin  
   September 30
   Columbus Day (no Monday classes): October 14
   ENC Homecoming  
   October 18-19
   Veteran’s Day (observed; no classes): November 11
   Registration for 2020 PII Term  
   October 15-31
   PI C classes end  
   November 7
   PI D classes begin  
   November 11
   Thanksgiving (no Wednesday or Thursday classes): November 27-28
   15-week classes end  
   December 12
   PI D classes end  
   December 19
   Christmas Break begins (no classes): December 23-January 4

2019 PI Term ends  
   December 31

2020 PII Term begins  
   January 1
   PII A classes begin  
   January 6
   15-week classes begin  
   January 8
   MLK Jr. / Reconciliation Day (no Monday classes): January 20
   Winter Diploma date  
   January 26
   PII A classes end  
   February 15
   PII B classes begin  
   February 17
   Presidents’ Day (no Monday classes): February 17
   Spring Break (no classes): March 16-20
   PII B classes end  
   April 4
   PII C classes begin  
   April 6
   Registration for 2020 PI Term  
   April 15-30
   Patriots’ Day (no Monday classes): April 20
   15-week classes end  
   April 23
   Baccalaureate  
   May 1
   Commencement Ceremony  
   May 2
   Spring Diploma date  
   May 2
   PII C classes end  
   May 16
   PII D classes begin  
   May 18
   Memorial Day (no Monday classes): May 25
   PII D classes end  
   June 27
2020 PII Term ends  
   June 30

I. THE COLLEGE

1.01 WELCOME

The Board of Trustees and Administration of Eastern Nazarene College welcome you to the Adult & Graduate Studies (AGS) division. Degree programs offered by the AGS division are specifically designed to challenge and motivate the working adult learner.

1.02 HISTORY OF EASTERN NAZARENE COLLEGE

The Institution which became Eastern Nazarene College (ENC) was founded as the Pentecostal Collegiate Institute in Saratoga Springs, New York in 1900. Two years later the Institute was moved to North Scituate, Rhode Island. In 1918, the school was re-chartered as Eastern Nazarene College. The following year the College purchased the property of the Quincy Mansion School for Girls on the former estate of Josiah Quincy (1802-1882), a mayor of Boston in the 1840’s. On the campus in Wollaston, Eastern Nazarene operated both an Academy and a College until 1954. The post-World War II boom in college student enrollment resulted in the closing of the Academy and the construction of most of the buildings on the Wollaston campus.

The New England Association of Schools and Colleges granted ENC accreditation in 1943. In 1964, the Commonwealth of Massachusetts authorized ENC to grant the Master of Arts degree in Religion. In 1981, the College charter was further amended to authorize Eastern Nazarene College to grant Master of Arts degrees in Family Counseling and Pastoral Counseling and the Master of Education degree. In 1998, the College charter was again amended to authorize Eastern Nazarene College to grant the Master of Science degree. With the addition of the LEAD Program (now the Division of Adult & Graduate Studies) in 1990, Eastern Nazarene College further expanded its service to the eastern Massachusetts area.

With the addition of a new instructional location in Richmond, Virginia and the launch of fully online programs (both anticipated for Spring 2020), the educational activity of the College will no longer be confined to the 15-acre Massachusetts campus, but rather is developing a presence throughout the Eastern Educational Field of the International Church of the Nazarene.

1.03 COLLEGE MISSION

The mission of Eastern Nazarene College is to serve God, the Church, and the World by providing a quality liberal arts education to students of all ages. ENC seeks to create and maintain a Wesleyan environment which awakens and fosters truth, righteousness, justice, and holiness as made possible by God’s transforming grace through Jesus Christ.

ENC seeks to serve the Church of the Nazarene in particular and the Church in general by equipping people for Christian leadership and service to humanity. As a Christian community, the College strives to embody academic excellence, personal integrity, and respect for each individual. The entire
educational program encourages each person to become a creative and redemptive force in the world through integration of the richness of the Christian tradition and the human quest for understanding.

1.04 AN EXPLANATORY WORD ON THE LIBERAL ARTS

The mission statement of Eastern Nazarene College defines the College as a liberal arts institution. The liberal arts are those broad areas of study which transmit cultural heritage, cultivate a love of learning, and provide the student with a firm basis to deal with contemporary problems. Therefore all undergraduate students at Eastern Nazarene College, regardless of their specific program or major, are required to complete a comprehensive set of courses designed to acquaint students with great personalities, ideas, and movements of history, as well as to challenge students to a never-ending quest for new knowledge and personal growth.

1.05 ACCREDITATION, AUTHORIZATION, AFFILIATIONS, AND ARTICULATION AGREEMENTS

A. Accreditation

Eastern Nazarene College is accredited by the New England Commission on Higher Education (previously the New England Association of Schools and Colleges). Inquiries regarding the accreditation status should be directed to the administrative staff of the institution. Individuals may also contact:

   New England Commission on Higher Education
   3 Burlington Woods Drive, Suite 100, Burlington, MA 01803-4514
   (781) 425-7785, Website: www.neche.org

In addition, Eastern Nazarene College has gained professional and program accreditation from the following agencies: (see the most current traditional undergraduate catalog for the full list)

   • Department of Education of the Commonwealth of Massachusetts
   • Council on Social Work Education
   • Massachusetts Board of Higher Education

B. Authorization

Eastern Nazarene College is authorized by the Massachusetts Board of Higher Education to grant degrees in the Commonwealth of Massachusetts. Each course and degree program has been approved by Eastern Nazarene College’s governing body.

C. Affiliations

Eastern Nazarene College is also a member of and/or affiliated with the following organizations: (This is a partial list that shows affiliations most directly associated with the nontraditional and/or graduate programs. For a full list, refer to the most current traditional undergraduate catalog.)

   • American Association of Collegiate Registrars and Admissions Officers (AACRAO)
• American Association of Higher Education
• Association for Christian Adult Higher Education (CAHEA)
• Association for Christians in Student Development (ACSD)
• Association of Independent Colleges and Universities of Massachusetts (AICUM)
• Christian Higher Education Commission of the National Association of Evangelicals
• The College Board
• Council for Christian Colleges and Universities (CCCU)
• Council for the Advancement and Support of Education
• Massachusetts Association of Colleges for Teacher Education
• National Association of Christian College Admissions Personnel
• National Association of College Admissions Counselors
• National Association of College and University Business Officers (NACUBO)
• National Association of Student Personnel Administrators
• Nazarene Student Leadership Association (NSLA)
• New England Resource Center for Higher Education

D. Articulation Agreements

Eastern Nazarene College currently has formal articulation agreements with the following institutions: (this list is subject to change)

• Bristol Community College, Fall River, MA
• Massasoit Community College, Brockton, MA
• Quincy College, Quincy, MA
• Urban College, Boston, MA

1.06 Notice of Nondiscrimination Policy

Eastern Nazarene College stands committed to providing all students fair treatment and an educational environment free of unlawful discrimination and harassment. ENC does not discriminate on the basis of race, color, religion, national origin, gender, age, disability, genetic information, veteran status or any other category protected by law in admission to, access to, treatment in, or employment in its programs and activities. In addition, discriminatory harassment based on race, color, religion, national origin, gender, age, disability, genetic information, veteran status or any other category protected by law is illegal conduct that will not be tolerated by ENC.

Any student, who believes he or she is being subjected to unlawful discrimination or unlawful harassment, including sexual harassment, should inform the Vice President of Student Development, the Title IX Coordinator, the Director of Human Resources or any employee of the College.
II. DIVISION OF ADULT & GRADUATE STUDIES

2.01 MISSION OF THE ADULT & GRADUATE STUDIES DIVISION

The Division of Adult & Graduate Studies (AGS) at Eastern Nazarene College seeks to fulfill the mission of the College by:

- Providing an opportunity for postsecondary and graduate study by qualified students consistent with the resources of the College.
- Pointing to ways in which the Christian faith can be integrated with the professional focus of the various programs.
- Maintaining an atmosphere characterized by openness to truth, appreciation of the religious dimensions of life, and commitment to a more humane world.
- Providing an opportunity for serious reflection on the issues of faith and ethical concerns as they become relevant to the professional.
- Addressing the major issues and models for business, education, and family counseling.

2.02 AGS DEGREE PROGRAMS

The degree programs in the Division of Adult & Graduate Studies were developed out of the desire to serve the adult population in eastern Massachusetts in a spirit open to innovation. Eastern Nazarene College understands the special requirements of adults who are interested in receiving a college degree but who must also continue to meet their professional, personal, and family commitments. By combining theory and practical experience, these programs are designed for those working adults.

The nontraditional AGS division offers the following undergraduate and graduate degrees:

- Associate of Arts in Early Childhood Education *(no new enrollments)*
- Associate of Arts in General Business
- Associate of Arts in General Studies
- Bachelor of Arts in Business Administration *(no new enrollments)*
- Bachelor of Arts in Early Childhood Education
- Bachelor of Arts in Education/Liberal Arts *(no new enrollments)*
- Bachelor of Arts in Management
- Bachelor of Science in Business Administration
- Bachelor of Science in Management *(no new enrollments)*
- Master of Education
- Master of Education in Higher Education Administration
- Master of Science in Management
- Master of Science in Marriage & Family Therapy
2.03 Nontraditional Program Structure

Nontraditional educational models are built upon the principles and practices of adult education, according to research that has been conducted throughout the last century. Because of that research, Eastern Nazarene College is confident in its ability to offer high quality educational opportunities using established nontraditional models.

The majority of degree programs offered by the AGS division operate on an accelerated class schedule in which students take a single course at a time within a concentrated period of time. This model anticipates that adult students, who have already gained a background of practical experience, are able to grasp the theory and concepts more quickly and completely than traditional-age students might.

Face-to-face students attend class from 6:00 pm to 10:00 pm, one evening per week over a period of 6 or 7 weeks.

Because of the accelerated schedule, AGS emphasizes the efficient use of class time. Instructors are encouraged to use class time only for enhancing experiences, not for reviewing the textbook or accomplishing work that adults could do on their own. Consequently, students are expected to accomplish much of the work required by the curriculum outside of class, either independently or through group work.

2.04 Curriculum

The curriculum for each nontraditional program has been designed by faculty from ENC’s academic departments to ensure that AGS students are able to meet the learning outcomes specific for each program (see Section IX). Courses are taught using a standard syllabus (developed under the authority of the academic department) so that learning outcomes are consistently met regardless of which faculty member is currently teaching the course.

A. Program Faculty

The faculty of the Division of Adult & Graduate Studies is comprised of members of ENC’s full-time faculty, as well as qualified adjunct faculty. Faculty interact with students during class and outside of class through faculty-led online discussions, feedback on student work, email, online conference, phone, or individual meetings. Students interact with one another during class and outside of class through group projects, peer-reviewed projects, email, online conferences, and threaded discussions.

Students are encouraged to communicate with faculty any time questions arise about their academic progress even if it is outside of class. All faculty members are available for student meetings by appointment via phone, online conference, email, or in person before or after class. Students who need assistance connecting with a particular faculty member should contact the AGS Office.
B. Instructional Methods

Since authentic learning is a particular hallmark of AGS programming, all coursework is concerned with relating theory to practice. Instructional methods vary by the particular demands of a course, but they most frequently include the following: mini-lectures, seminar discussions, case studies, role-playing, simulations, student presentations, and student-selected projects related to the student’s own professional goals.

1. Online or Hybrid Learning

Some courses are offered in fully or partially online format. The instructional methods used in online courses closely mirror those used in face-to-face courses: video lectures, small group discussions, faculty-led discussions, case studies, simulation activities, online conferencing, peer-reviewed papers, student presentations, and student-selected projects. Meaningful interaction between faculty and students, and among students is critical to the learning process; therefore, every online course includes at least one graded, interactive assignment each week.

2. Directed Study Arrangements

Students who have irreconcilable scheduling conflicts may request that a course be taught in directed study format. A directed study consists of coursework completed under faculty supervision outside the classroom and monitored regularly by the instructor. Since collaborative learning is a key aspect of all AGS programs, directed studies are not a preferred instructional method. Therefore, the AGS Division has the right to deny a student request for any academic or administrative reason.

Students who take a directed study must meet the same learning outcomes and complete the same amount of work as any student enrolled in a typical class. The student and instructor must complete a minimum of 40 hours of instructional time within the established course-cycle dates. They will decide together how to schedule that time and where to meet. (Note: If the instructional sessions will be held somewhere other than the ENC campus, the AGS division must pre-approve the location. An appropriate alternative would be a quiet space adequately equipped for instruction, such as a public library. It is never appropriate for a directed study session to be held in someone’s home.)

Students taking a directed study will be charged an additional fee for private instruction, in addition to the usual tuition and fees charged for the course (see Section 5.02D).

C. Student Workload Expectations

While the expectations for each course will vary somewhat, students enrolled in accelerated 3-credit courses should expect to spend approximately 20 hours each week outside of scheduled class time engaged with the course content and/or working on their assignments. (Courses with more than 3 credits and graduate courses will naturally require proportionally more time spent outside of class.)
D. Final Comprehensive Requirements

Every bachelor’s and master’s degree program at ENC requires successful completion of a final comprehensive exam or project.

Business programs:

- **Undergraduate Business** programs: applied strategic planning project
- **MS in Management**: Integrated Thesis Project based on the student’s field of interest

Education programs:

- **BA in Early Childhood Education** (nonlicensure): practicum experience (student teaching) and a comprehensive teaching portfolio that documents the student’s ongoing development as an educator
- **BA in Education** (for public school licensure in elementary or early childhood levels): full-time practicum experience (student teaching), a comprehensive teaching portfolio that documents the student’s ongoing development as an educator, and an Exit Interview with the department.
- **MEd** (for public school licensure in elementary or early childhood levels): successful completion of a semester-long, full-time practicum experience (student teaching), a comprehensive teaching portfolio based on the Professional Standards, and an Exit Interview with the department.
- **MEd in Higher Education Administration**: applied institutional assessment project

Counseling program:

- **MS in Marriage and Family Therapy**: a practicum experience of 100 total hours (with 40 direct service hours) and a year-long clinical internship of 600 total hours (with 260 direct service hours).

E. Program Assessment

The Division of Adult & Graduate Studies, along with the College Administration, continues to assess the Division’s effectiveness. The College is seeking answers to such questions as:

- How much do students really learn, both about their content area and about the broader intellectual, emotional, and spiritual aspects of life?
- How do the programs help students to gain professional and personal success?
- How do the programs fulfill students’ expectations?
- How do outcomes of this program compare with those of similar programs and with traditional programs?

AGS degree programs are assessed at the program level via the College’s program review process. Program review is a self-examination process designed to assist academic departments in improving their academic programs and better serving their students. Consequently, vigorous and candid analysis, with a focus on program improvement, must characterize all program reviews.
All academic programs in the College are reviewed according to a 5-year cycle. AGS degree programs are scheduled for review alongside the academic department with curricular oversight for that program. For example, when the Education department is scheduled for their program review, all AGS education programs will also be included in that review. New programs are scheduled for review following an initial 5-year developmental period.

2.05 Site Locations

To better serve working adult students, AGS classes and support services are delivered at off-campus locations that are in closer proximity to students’ homes or workplaces. Face-to-face classes are held in Boston, Brockton, Fall River, and Quincy, Massachusetts. In April 2020, ENC anticipates opening a new instructional site in Richmond, Virginia and launching fully online BAM and BSBA programs. In addition to the Quincy campus, satellite administrative offices will be located in Richmond. (Please refer to the website for specific addresses and contact information.)

Students may transfer any credit earned for coursework offered by ENC at any of these locations to another of ENC’s locations as part of an existing program offered by ENC.

2.06 Academic Advisors

Each student is assigned a professional Academic Advisor upon admission to a program. Although students are personally responsible for their education and the ultimate outcome of their education, the Academic Advisor serves as an advocate for the student, providing students with the appropriate tools and resources for navigating their educational journey.

Each Academic Advisor holds at least a Master’s degree and has completed advanced training in academic advising. S/he is fully versed in the requirements of each degree program, the various institutional policies and procedures surrounding the student’s continued enrollment, and the College’s services and resources that would provide the most assistance.
When students have questions or concerns, the Academic Advisor should be the first point of contact. Similarly, when faculty members have concerns about a student’s success in a course or program, the Academic Advisor should also be the contact.

Academic Advisors are available by phone, email, online conference, or in-person by appointment. For up-to-date contact information for Academic Advisors, students and faculty can check the AGS portion of the ENC Portal (http://portal.enc.edu/).

### 2.07 Class Schedules

**A. Course Registration**

Students are enrolled in courses for one term at a time. Before the beginning of each new term, the Academic Advisor will review the student’s progress and recommend specific courses for the coming term. In order to be enrolled in those courses, students must confirm their registration intentions with the Academic Advisor. Courses are subject to minimum and maximum enrollment numbers; therefore, students who do not confirm their registration within the established window may not be able to enroll in their preferred courses.

#### Registration for Continuing Students

<table>
<thead>
<tr>
<th>Term</th>
<th>Registration Window</th>
<th>Term Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>PI term</td>
<td>April 15-30</td>
<td>July 1 – December 31</td>
</tr>
<tr>
<td>PII term</td>
<td>October 15-31</td>
<td>January 1 – June 30</td>
</tr>
</tbody>
</table>

Please note that all students must be financially cleared by Student Financial Services in order to register for the next term’s courses (see Section 5.05). Any questions regarding payments or problems associated with making those payments should be directed to Student Financial Services.

**B. Class Interruptions**

Because of the accelerated pace of the program, the Division recognizes a minimum number of holidays. The Academic Calendar (see p.2) has already taken these holidays into account and they are reflected as “breaks.” Occasionally, classes may need to be re-scheduled for weather or another emergency (see Section 8.07). All cancelled class sessions must be made up within the same course cycle as the missed session.
III. ADMISSIONS

3.01 ADMISSIONS CRITERIA

The Division of Adult & Graduate Studies welcomes all applicants regardless of race, color, religion, national origin, gender, age, disability, genetic information, veteran status or any other category protected by law.

A candidate for the undergraduate AGS programs must have a recognized accredited high school diploma or GED, and a minimum cumulative grade point average (GPA) of 2.0 on a 4.0 scale in any previous college work.

A candidate for the graduate AGS programs must have a Bachelor’s degree from a regionally accredited college and a minimum GPA of 2.5.

The files of applicants who do not meet all of the admissions criteria will be reviewed on a case-by-case basis by the AGS Admissions Committee to determine eligibility and/or any conditions of admittance. A personal interview may be required of some candidates.

3.02 APPLICATION PROCESS

The Division of Adult & Graduate Studies operates on a rolling admissions basis and accepts applications throughout the year. In order to be considered for admission, the application process must be completed at least 4 weeks prior to the intended start date.

A. Undergraduate Application Process

To apply for admission to an undergraduate AGS program, applicants must:

1. Complete the undergraduate application, which is available online at http://agsapply.enc.edu.
2. Provide official transcripts for all previous college-level work. If there is no previous college experience, an official high school or GED transcript must be provided. (If any of these institutions are located outside the United States, the transcript must first be officially evaluated by one of the evaluation agencies indicated in Section 3.02C, below.)

B. Graduate Application Process

To apply for admission to a graduate AGS program, applicants must:

1. Complete the graduate application, which is available online at http://agsapply.enc.edu.
2. Provide official transcripts for all previous undergraduate work. The conferring of a Bachelor’s degree must be clearly noted on a transcript. (If any of these institutions are located outside the United States, the transcript must first be officially evaluated by one of the evaluation agencies indicated in Section 3.02C, below.)
3. **MFT Program only:** Applicants for the Marriage & Family Therapy program must also submit the following supplemental items:
   a. An up-to-date resume detailing employment history, volunteer experiences and other relevant life experiences.
   b. Recommendations from three professional individuals who can assess the scholastic, professional, and/or personal qualifications of the applicant. (The recommendation form is available online.)
   c. A 1,200-word essay explaining why you wish to pursue the MFT graduate program.

C. **International Students’ Application Process**

There are four steps to the application process for international students:

1. Academic qualification for admission as indicated in Section 3.01 above, including the translation/evaluation of documentation if necessary (as noted below), and the submission of TOEFL scores (paper-based test: 500 minimum score for undergraduates and 550 minimum score for graduate students; internet-based test scores will be evaluated on a case by case basis).
2. Completion of the application process for the desired program as indicated in Section 3.02A or 3.02B above.

   All international students must have their transcripts officially evaluated by one of the following evaluation agencies or by a NACES-approved agency (see [http://www.naces.org/members.html](http://www.naces.org/members.html)):

   **Global Credential Evaluators, Inc. (GCE)**
   3515-B Longmire Dr
   PMB 323
   College Station TX 77845
   Phone number: 800-707-0979
   Website: [www.gceus.com](http://www.gceus.com); Email: gce@gceus.com

   **World Education Services (WES)**
   Bowling Green Station
   P.O. Box 5087
   New York, NY 10274-5087
   Phone number: 212-966-6311; Fax Number: 212-739-6100
   Website: [www.wes.org](http://www.wes.org); Email: info@wes.org

   **Education Credential Evaluators (ECE)**
   PO Box 514070
   Milwaukee, WI 53203-3470
   Phone number: 414-289-3400
   Website: [www.ece.org](http://www.ece.org); Email: eval@ece.org

3. Completion of International Student Certification and financial documentation proving the ability to cover the expenses of education and support while in school.
4. After admission to the program, the student must submit all required F-1 visa documentation (I-20) and fees in order to be cleared for entrance into the United States as a student.

D. Application as a Non-matriculating Student

Students who take courses without enrolling in a degree program have Special Student Status. Special students are required to complete an online application at http://agsapply.enc.edu/. Refer to Section 3.03C for restrictions and other details.

E. Notification of Admissions Decision

An admissions decision is not made until all required materials have been received. Applicants will be notified of the decision by mail within two weeks of finalizing their admissions paperwork. In the event that extenuating circumstances are presented (e.g., translation of documents), an admissions decision will be made as soon as it is feasible to do so.

3.03 Admission Status

A. Full Admission

Upon approval of the Assistant Director of Admissions, applicants who meet admission criteria and have completed all necessary admissions paperwork and processes are fully admitted to the program. Once financially cleared by the Office of Student Financial Services (see Section 5.05), the admitted student will be able to enroll in classes.

B. Conditional Admission

An applicant may be conditionally admitted into a program for one of two reasons:

1. *Incomplete admissions file.* If the admissions documentation is unofficial or incomplete, the student must submit the necessary documents – including official transcripts from all schools – within 12 weeks of admission. Students whose files remain incomplete at the end of the 12 weeks will not be allowed to continue in the curriculum.

2. *Concerns for academic unreadiness.* Applicants for undergraduate programs who have a GPA of less than 2.0 may be conditionally admitted to the program on a case-by-case basis upon the approval of the Program Director if other application criteria are strong. Such students must achieve at least a 3.0 average in their first four courses in order to be allowed to continue in the program.

C. Admission as a Special Student (Non-matriculating Student)

Students who enroll in one or more credit courses at ENC but have not matriculated into a degree program come in as students with Special Student Status. All the following apply to students who have Special Student Status:
Students taking courses under Special Student Status are expected to satisfy applicable course prerequisites before enrolling in a course.

Students taking courses under Special Student Status are not eligible for financial aid.

Special Student Status does not guarantee acceptance.

For courses that have reached their maximum enrollment, preference is given to students in degree programs.

The maximum number of credits students may take under Special Student Status is the minimum credit equivalent of a full load (see Section 6.04A), unless they are enrolled in a specialized set of courses such as the Boston Semester.

International students seeking an F-1 visa must be enrolled in a full-time course of study to register for courses as a student with Special Student Status.

Upon acceptance with Special Student Status, the student will be assigned an Academic Advisor who will serve as the primary point of contact in helping the student prepare for class.

3.04 TRANSFERABILITY OF CREDIT

A transfer evaluation report is created once a student’s official transcripts have been received and evaluated. When previous coursework is determined to be substantially equivalent to a specific course at Eastern Nazarene College, credit is granted in the ENC course and that requirement is met. The academic department/division overseeing that program of study shall review and approve all equivalencies.

A. Undergraduate Transfer Credit

1. Credits from colleges and universities that are accredited by any of the six regional accrediting associations in the United States may be accepted for transfer if the courses were taken within the past 7 years. Exceptions may be granted by the Program Director on a case-by-case basis.

2. Courses submitted for transfer credit shall receive ENC credit if the course was completed with a grade of C- or better at an accredited degree-granting institution and the course is accepted towards graduation at Eastern Nazarene College. Pass/Fail courses will not transfer, with the exception of Physical Education activity courses.

3. There shall be no delineation between traditional courses and distance-learning/online courses as long as the course meets the criteria stated in items 1 and 2.

4. Prior permission must be granted to use a transfer course as a grade replacement.

5. Credits taken at another college are NOT counted toward determining enrollment status (full-time or part-time) at ENC.

6. For courses counting toward an Associate or Baccalaureate degree program, a minimum of 30% of the total number of credits for the degree must be satisfied at Eastern Nazarene College.

7. For courses counting toward a major or minor program, a minimum of one-half of the required credits within the major or minor must be satisfied at Eastern Nazarene College.
B. Transfer Credit From Partner Schools

ENC has established formal articulation agreements with a number of local community colleges (see Section 1.05C). Students who have earned an Associate degree from one of these institutions (as noted on their official academic transcript) will have all Associate-level general education requirements at ENC waived. Students who have not finished the Associate degree will receive transfer credit on a course-by-course basis (according to the policies at Section 3.04A) and will be responsible to complete all of ENC’s general education requirements still remaining.

C. Pre-Approval of Undergraduate Transfer Courses

Current ENC students wishing to take courses at other accredited colleges or universities for the purpose of receiving transfer credits (as outlined above at Section 3.04A) toward their degree requirements at Eastern Nazarene College must fill out a Pre-Approval to Transfer form and submit it to the Academic Advisor. Students who fail to follow this process cannot be guaranteed that courses will transfer as expected.

To ensure a smooth evaluation process, the student must provide in the Pre-Approval to Transfer form:

1. where the course will be taken,
2. when the course will be taken,
3. the course number,
4. a description of the course, and
5. specify which ENC course requirement s/he hopes to fulfill through the requested transfer course.

D. Undergraduate Options for Proficiency Credit

Undergraduate students, in conjunction with guidance from their Academic Advisor, must seek prior approval for acquiring additional credits or satisfying requirements toward graduation through any of the following nontraditional, proficiency sources.

No more than 25% of the total number of credits for a degree program (typically, a maximum of 30 credits) will be accepted from a combination of all nontraditional, proficiency sources.

1. Students may be able to earn transfer credit through standardized CLEP (College Level Examination Program) or DSST (DANTES Subject Standardized Test) examinations. These exams are administered at colleges throughout the Greater Boston area. There is a fee for each examination administered.

2. Students may be eligible to receive undergraduate transfer credit for college-level learning gained through non-academic experiences. This is accomplished through a formal, structured portfolio process in accordance with guidelines developed by the Council for Adult and Experiential Learning (CAEL). Please note that credits are not automatically awarded upon submission of the portfolio; all experiences must be properly documented by the student
according to the outline provided in the information booklet, and then qualified faculty members from the relevant field will assess the information to verify that it is appropriate.

Some potential sources of credit could include: professional courses, corporate training, courses from business/technical schools or other unaccredited institutions, or CEUs (Continuing Education Units). **Credit is not assessed for on-the-job training or work experience at this time.**

For specific information on the portfolio process (including guidelines, processes, and fees), students should request an information booklet from their Academic Advisor.

### E. Transfer of Graduate Credit

In order to preserve the integrity of the graduate degrees, transfer credit at the graduate level is strictly limited to 6 graduate credits.

Due to the liberal arts requirements for the Master in Education (for initial teacher licensure), an additional 6 credits of graduate-level liberal arts courses may be accepted for transfer in that program only.

### 3.05 Auditing a Course

A course audit is the privilege to attend a course for personal enrichment without receiving academic credit. Students who desire to audit a course will be accepted as space permits with preference being given to students enrolled in the course for credit. A student auditing will be exempt from regular class requirements and should not expect individual attention or personal evaluation from the instructor. An audited course will appear on a student’s transcript only if the instructor confirms that a student has attended at least 50% of the class sessions. Special registration is required through the Academic Advisor. The charge for an audited course is one-half the regular course charge.

### 3.06 Re-admission

Students who wish to re-enroll after withdrawing from the program or being withdrawn by administrative action (see Section 6.08D-E) must be financially cleared to do so. To be readmitted, they must file a new admissions application in order for the College to reactivate and update their records. The Admissions department will also require official transcripts for any courses completed during the student’s time away from ENC.

Students who are readmitted with a GPA of less than the minimum needed for good academic standing will enter on academic probation (see Section 6.14).

Students who discontinue studies and return to the College within five years of withdrawal may continue working toward the requirements of the original program and catalog year. Students who return after the five-year period are responsible for the academic program requirements that are
current at the time of their reenrollment. If degree requirements have changed during the time the student was not enrolled, s/he will be bound by the new requirements upon reenrollment.

All readmitted students are subject to the current tuition rates and fee structure.
IV. FINANCIAL AID POLICIES & INFORMATION

4.01 GENERAL INFORMATION

Eastern Nazarene College annually awards significant financial assistance to help students pay for college. Students should investigate the wide variety of financial aid sources for which they may be eligible.

- In 2016-2017, 43% of students at Eastern Nazarene College received federal grants
- In 2016-2017, 67% of students at Eastern Nazarene College received federal student loans
- For traditional, 4-year, undergraduate students at Eastern Nazarene College, the average indebtedness at graduation is $38,289.

The financial aid awarding process is initiated when a student applies for admission to Eastern Nazarene College. Needs-based awards are granted after an applicant has submitted the Free Application for Federal Student Aid (FAFSA). ENC encourages applicants to contact the Office of Student Financial Services early in the application process.

Students must apply annually for financial aid, including completing the FAFSA each year. Students who are to continue receiving most types of financial aid must maintain the required number of credit hours per term and maintain satisfactory academic progress. (Refer to Section 4.05 for more information.)

Students must be currently enrolled at ENC or have already gained admission as a degree-seeking student to the college before the Office of Student Financial Services can determine eligibility for aid.

4.02 FINANCIAL AID ELIGIBILITY

A student’s eligibility for financial aid is affected by his or her enrollment status, credit load, and grade level classification (see Sections 6.03 and 6.04). It is the student’s responsibility to become informed of how this classification affects their financial aid situation. This is especially significant for students admitted with fewer than 57 credit hours.

4.03 PROCESS TO APPLY FOR FINANCIAL AID

A. Required Financial Aid Documentation

Any student who wishes to be eligible for federal- or state-based aid must complete the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov. Be sure to include ENC’s Title IV School Code -- 002145. For maximum award consideration, we recommend that you complete the FAFSA by December 1st for the upcoming academic year.
The FAFSA results will also determine if there is any other documentation needed, such as W-2s, passport, driver’s license, marriage certificates, social security card, tax transcripts, Form 1040X, Form 4868, court/agency documentation, etc.

The FAFSA is usually the only form required for students who may be eligible for a state grant. Some states may require a supplemental form in addition to the FAFSA.

Certain forms of institutional aid (e.g. scholarships) require completion of an additional application as well.

B. Verification

Based on federal regulations, some applicants are flagged for FAFSA Verification. This process requires that the applicant submit a Verification Worksheet and the IRS Data Retrieval Tool (or the most recent tax transcripts), along with any other documents that the Office of Financial Aid may request. The Office of Student Financial Services will inform all applicants by email if they are selected for verification and will assist you in the verification process.

C. Award Notification

Approximately three days to three weeks after submitting the FAFSA, the student will receive a Student Aid Report (SAR) from the U.S. Department of Education. The Institutional Student Information Record (ISIR) will also be sent to ENC, provided that the applicant includes ENC’s Title IV school code, 002145, when filling out the FAFSA. In the event that the student did not list ENC on the FAFSA, but subsequently wishes to apply for aid at ENC, the student should log back in www.fafsa.ed.gov and add ENC’s school code. Student Financial Services must have an ISIR from the U.S. Department of Education for an admitted or active student before a complete financial aid award letter can be prepared.

Once an ISIR has been received, Student Financial Services will process it and send an award notification email to the student. Students should be aware that financial aid awards are subject to change whenever new information is received by Student Financial Services. Aid may decrease or be withdrawn due to FAFSA data errors discovered in verification, withdrawing from the college, dropping below full-time status (see Section 6.04B), academic probation, or suspension. Scholarships that arrive late in the process may alter the disposition of loan levels or eligibility. It is not uncommon for a student to receive notification by email of updates to financial aid awards. Financial aid awards are considered to be estimated until the file has been verified or finalized.

All financial aid is based solely on the availability of funds.

D. Student Loan Exit Counseling

Federal loan borrowers must also complete an exit counseling program, which is available online at www.studentloans.gov.
4.04 Types of Possible Aid

The Division of Adult & Graduate Studies participates in the following Federal and State programs. Additional information and/or application forms may be obtained by contacting the Student Financial Services Office at 617-745-3712 or SFS@enc.edu.

A. Federal Pell Grant Program

The Federal Pell grant program is the need-based foundation of the federal financial aid program. Apply with the Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov. Pell grants are usually awarded only to undergraduate students who have not earned a bachelor’s or a professional degree. For the 2018-2019 award year, a student enrolled full time with a FAFSA EFC (Expected Family Contribution) of $0 to $5,329 will be eligible for a Pell Grant. Eligible full-time students may receive from $600 to $5,920 toward educational expenses in the 2018-2019 academic year. Eligibility is based on need as determined by the Department of Education’s standard formula that is revised and approved by the U.S. Congress each year. Grants do not have to be repaid. Pell Grants, as an entitlement program, are available regardless of when the FAFSA is filed during the year, up to the last class day of that academic year.

B. Federal Direct Loan Program

The Federal Direct Loan enables a student to borrow directly from the Federal Department of Education. The loan is guaranteed by a state or private non-profit agency, or is insured by the federal government. Repayment begins six months after the student ceases to be enrolled at least half time (see Section 6.04).

Eligibility for a Direct Loan is determined by the FAFSA. Before funds can be credited to the student’s account for the first time, the student must complete a loan entrance counseling program and a Master Promissory Note (MPN). Both of these requirements can be completed at www.studentloans.gov. Please note that the origination fees are extracted from the total amount of the loan, reducing the loan amount.

Direct loan borrowers must complete an exit counseling program, which is also available online at www.studentloans.gov.

- For subsidized loans, interest begins to accrue and repayment starts 6 months after the student graduates, drops below half-time, or leaves school. Subsidized loans are awarded based on need and thus may be partially or entirely awarded as an unsubsidized Stafford loan. Half-time status is the minimum requirement to be eligible.

- For unsubsidized loans, interest begins to accrue approximately 6 weeks after the first disbursement, even though payments on the principal begin 6 months after the student graduates, drops below half-time, or leaves school. Students may choose to pay the interest while in college, keeping down the cost of the loan, or they may choose to defer the interest which will capitalize or compound, increasing the total cost of the loan.
The following grid shows the maximum loan amounts per academic year for eligible independent students who are enrolled full-time. (Students who are considered dependents of another taxpayer should contact the Office of Student Financial Services for the relevant maximum loan amounts for dependent students.) Part time or partial year students may qualify for a portion of the yearly amount.

<table>
<thead>
<tr>
<th></th>
<th>Subsidized (max.)</th>
<th>Unsubsidized (max.)</th>

</thead>
<tbody>
<tr>
<td>1st-year, Undergraduate</td>
<td>$3,500</td>
<td>$9,500</td>
</tr>
<tr>
<td>2nd-year Undergraduate</td>
<td>$4,500</td>
<td>$10,500</td>
</tr>
<tr>
<td>3rd- and 4th-year, Undergraduate</td>
<td>$5,500</td>
<td>$12,500</td>
</tr>
<tr>
<td>Graduate</td>
<td>n/a</td>
<td>$20,500</td>
</tr>
</tbody>
</table>

C. Massachusetts Grant and Scholarship Programs

The MassGrant Award is available to undergraduate students who are residents of Massachusetts. This award is based upon family income and financial need as determined by the FAFSA as of the date the actual application is made and the student’s program start date. The federal processor must receive the FAFSA no later than May 1.

D. Veteran’s Administration Educational Benefits

Eastern Nazarene College works closely with our active armed forces, veterans, and ROTC programs. We work with our service members to maximize their benefits at ENC. We are an accredited college that qualifies for receiving all benefits offered by the government to private colleges. ENC fully participates in the Yellow Ribbon Program and gives full tuition and fees to eligible students that qualify for the Yellow Ribbon Program. Students must submit a current Certificate of Eligibility to the Certifying Official in order to receive benefits. Enrollment benefits are certified within four weeks of the first day of classes (fall, spring, or summer semesters) in order for the student to receive their housing and books money from the VA (sent directly to student’s home address from the VA). Tuition benefits (funds that are sent directly to the college) are certified after the semester class drop deadline.

E. Vocational Rehabilitation Services

Individuals with a handicap that directly impedes employability may apply to the Vocational Rehabilitation Services to determine eligibility for assistance (including education) toward a goal of employability.

F. Locating Other Sources of Aid

In addition to the above programs, many companies, corporations and foundations offer aid to students based upon a variety of criteria. Students should investigate policies and programs of their employers and foundations within their fields. The Education Resources Institute (TERI) at the
Boston Public Library (800-442-1171), the US Department of Education (800-4FED-AID), and the Internet at www.finaid.org and www.sscwp.com, provide further information regarding financial assistance.

4.05 SATISFACTORY ACADEMIC PROGRESS (SAP)

All students receiving financial aid must make satisfactory academic progress in their degree programs. SAP is evaluated at the end of each academic term and students will be notified of their SAP status via their ENC email address.

A. SAP Criteria

The three minimum standards for maintaining satisfactory academic progress are:

1. Maintaining the minimum cumulative grade point average (GPA) or higher:

<table>
<thead>
<tr>
<th>Number of Credits Attempted</th>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 32.9 credits</td>
<td>1.7</td>
</tr>
<tr>
<td>33.0 – 48.9 credits</td>
<td>1.8</td>
</tr>
<tr>
<td>49.0 – 63.9 credits</td>
<td>1.9</td>
</tr>
<tr>
<td>64.0 credits or more</td>
<td>2.0</td>
</tr>
<tr>
<td>Graduate – all attempted</td>
<td>3.0</td>
</tr>
</tbody>
</table>

2. Successfully completing at least 67% of the attempted credits:
   - Successful completion of a course is defined as earning a Passing Grade: A, B, C, D, or S
   - Unsuccessful completion of a course is defined as earning a Non-Passing Grade: F, W, X, NC, U, or I

3. Making incremental progress toward completing a degree within the allowable number of credits (including transfer credits):

<table>
<thead>
<tr>
<th>Degree</th>
<th>Maximum Number of Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate’s Degree (AA)</td>
<td>93 credits</td>
</tr>
<tr>
<td>Bachelor’s Degree (BA/BS)</td>
<td>186 credits</td>
</tr>
<tr>
<td>Master’s Degree (MS/MEd)</td>
<td><em>depends on program</em></td>
</tr>
</tbody>
</table>

Transfer courses: All transfer credits accepted by ENC will be included in determining the 67% completion rate and the maximum credit count of 150%. Grades of transferred courses are not included in the GPA calculation.
Repeated courses: Only the highest grade of a repeated course is included in the GPA calculation. However, each time the course is repeated contributes to the total number of attempted credits for financial aid purposes. A large number of repeats could jeopardize a student's financial-aid eligibility based on progress toward completing a program, as well as successful completion rate of attempted credit hours.

Audited courses: Courses taken as an audit are not counted either in determining the completion percentage or for purposes of determining GPA.

B. Types of SAP Status

- **Eligible**: Student is meeting the minimum academic standards or has no academic history. Fully Eligible for financial aid.
- **Warning**: Student did not meet minimum standards for GPA and/or 67% completion rate in the previous evaluation period. Student is still Eligible for financial aid, but must reach all minimum standards by the end of the next evaluation period to maintain eligibility.
- **Ineligible**: Student has had two consecutive evaluation periods below minimum standards for GPA and/or 67% completion rate. Student is Ineligible for financial aid.
- **Timeframe**: Students must complete all degree requirements within a maximum number of credits attempted (includes transfer credits). A student who exceeds the credit hour limit is not making progress toward a degree within the federal requirements (i.e. 150% of the minimum number of credits necessary to fulfill the degree requirements), therefore that student is Ineligible for financial aid.

C. Re-establishing Financial Aid Eligibility

1. If a student has become Ineligible, s/he must bring up the GPA to the minimum standard and bring up the completion rate to 67%. In order to improve those criteria, s/he must enroll in and successfully complete courses without the benefit of aid since s/he will remain Ineligible during this time.

   If a student has experienced mitigating circumstances (e.g. illness, family illness, change of major) during the most recent evaluation period, s/he may submit an Appeal to reinstate financial aid eligibility. In the appeal, the student must explain what has changed that will now allow them to meet the SAP requirements. The student must also submit supporting documentation with the appeal.

   If the request is granted, the student will be placed on one of two Financial Aid Eligibility Statuses:

   - **Probation** – The student is expected to improve to minimum standards by the end of the next evaluation period. The student is Eligible for financial aid, but must meet minimum standards by the next evaluation period. A student cannot be on probation for two consecutive semesters.
• **Academic Success Plan** – The student cannot be expected to improve to minimum standards by the next evaluation period. The student and Eastern Nazarene College have agreed to a success plan to allow the student to meet minimum standards within a fixed number of evaluation periods. The student is fully **Eligible** for financial aid as long as they are strictly following the success plan. If at any time the student stops following the success plan and they are not meeting the minimum standards they will become **Ineligible** for financial aid. If a student meets minimum standards at any time while on a success plan their Financial Aid Eligibility status will be updated to Eligible.

If the request is not granted, the student will remain **Ineligible** for financial aid until they meet all minimum standards.

2. If a student has become ineligible **due to exceeding the maximum number of credits** and there are mitigating circumstances (e.g. illness, job related, family illness, change of major), they may submit an Appeal to reinstate financial aid eligibility.

If the appeal is granted, the student will be placed on the following Financial Aid Eligibility Status:

• **Timeframe Academic Success Plan** – The student and Eastern Nazarene College have agreed to a success plan. The student is fully **Eligible** for financial aid as long as they are strictly following the success plan. If at any time the student stops following the success plan they will become **Permanently Ineligible** for financial aid.

If the request is not granted, the student will remain **Ineligible** for financial aid.

**Note:** Students are limited to one Timeframe Academic Success Plan.

---

**4.06 PROGRAM WITHDRAWAL**

When a student withdraws (or is withdrawn) from school prior to the completion of an award period, a prorated amount of the student’s institutional scholarships and grants will be withdrawn from the student’s account, based upon the stated Refund Policy (see Section 5.04).

Additionally, Title IV federal and state financial aid will be repaid to the appropriate program(s) as mandated by regulations published by the U.S. Department of Education.

Title IV refunds will be repaid in the following order: FFEL Program, Federal Perkins Loan Program, Federal Pell Grant Program, and other SFA.
V. BILLING AND PAYMENT POLICIES & INFORMATION

5.01 GENERAL STUDENT ACCOUNT INFORMATION

Regardless of the funding source, the student is ultimately personally responsible for all costs incurred by enrolling in an Adult & Graduate Studies degree program. A list of current tuition and fees is publically available on the AGS website and in the most current AGS Academic Catalog and Student Handbook.

All charges for a term are due and payable at the time of registration for that term. An itemized statement of the student’s account is available via WebAdvisor on the ENC Portal (http://portal.enc.edu/webadvisor/). Where financial aid has been awarded, the balance is calculated after deducting those awards. The student is responsible for any balance not covered by financial aid.

Students cannot be registered for classes until financial clearance has been received from the Student Financial Services Office. Any questions regarding payments or problems associated with making those payments should be directed to the Student Financial Services Office.

Students on financial hold are not eligible to register for classes or receive grades, transcripts, or diplomas.

Any financial arrangement between the college and its students will be binding only if such agreement is in printed or written form. Any arrangements concerning finances should be made only with staff from the Office of Student Financial Services.

5.02 ESTIMATED DIRECT COSTS OF ATTENDANCE FOR 2019-20

Tuition and fees are reevaluated each fiscal year and are subject to change without prior notice. Costs vary by program. Students who enroll in a course or courses tied to another program may be subject to the tuition and fees of that program.

To calculate your expected direct costs: (your program’s tuition rate × the number of credits you are taking) + any applicable fees = your expected direct costs

Please Note: The estimated direct costs for the full program are provided here for your planning purposes only. If changes are made to tuition rates or fees, these estimated costs will also change.

A. 2019-20 Estimated Direct Costs: All Undergraduate Programs

<table>
<thead>
<tr>
<th></th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition Rate:</td>
<td>$407.00/credit</td>
</tr>
<tr>
<td>Student fee:</td>
<td>$10.00/credit</td>
</tr>
<tr>
<td>Textbook fee:</td>
<td>$85.00/course</td>
</tr>
<tr>
<td>Graduation fee:</td>
<td>$60.00</td>
</tr>
</tbody>
</table>
B. 2019-20 Estimated Direct Costs: MS in Management

Tuition Rate: $618.00 /credit
Student fee: $10.00 /credit
Textbook fee (see Section 7.04): $85.00 /course
Graduation fee: $60.00

C. 2019-20 Estimated Direct Costs: MEd (public school licensure)

Tuition rate: $515.00 /credit
Student fee: $10.00 /credit
Textbook fee (see Section 7.04): $85.00 /course
Graduation fee: $60.00

D. 2019-20 Estimated Direct Costs: MEd in Higher Education Administration

Tuition Rate: $592.00 /credit
Student fee: $10.00 /credit
Textbook fee (see Section 7.04): $85.00 /course
Graduation fee: $60.00

E. 2019-20 Estimated Direct Costs: MS in Marriage & Family Therapy

Tuition Rate: $525.00 /credit
Student fee: $10.00 /credit
Textbook fee (see Section 7.04): $85.00 /course
Graduation fee: $60.00

F. Other Possible Fees (this list is not all-inclusive; fees are subject to change)

1. Assessed credit portfolio fee. Students who wish to received assessed credit for non-academic learning experiences (see Section 3.04D) will be charged $75.00 to have their materials evaluated (nonrefundable) and $100.00 per credit awarded.

2. Audit fee. Students who wish to attend a course for personal enrichment rather than academic credit will be charged 50% of the regular tuition and fee charges (see Section 3.05).

3. Directed study fee. Students who have irreconcilable scheduling issues may request that a course be offered in directed study format. In addition to the regular tuition and fees for the course, the student will be charged $175.00 per directed study course (see Section 2.04B2).

4. Late course add fee. Students who register for a course within 14 days of that course’s start date will be charged $30.00 per occurrence (see Section 6.08A).

5. Late course drop fee. Students who do not attend class and do not follow the appropriate process to drop the course within the first 5 calendar days will be charged $25.00 per occurrence (see Section 6.08B).
6. **Thesis extension fee.** Graduate students who do not submit the completed thesis project by the end of the Thesis Seminar course (MM-565) will be charged **$600** per 15-week deadline extension (see *Section 9.06C*). Students are permitted up to 8 thesis extensions before they must be readmitted to the program and restart the research sequence.

7. **Transcript requests.** Students and former students who request transcripts will be charged a processing fee. The fee **varies** depending on the level of service requested (see *Section 6.17*).

### 5.03 Estimated Indirect Costs of Attendance for 2019-20

Students may incur other types of costs as a result of attending classes that are not charged to the student account. These are called indirect costs. They are an important consideration for students estimating their total costs of attendance.

**Estimated Indirect Costs for Undergraduate AGS Students**

- Housing: $9,334
- Transportation: $1,000
- Personal Expenses: $660
- Loan Fees: $100
- Miscellaneous Expenses: $500
- **TOTAL**: $11,594

**Estimated Indirect Costs for Graduate AGS Students**

- Housing: $9,334
- Transportation: $1,000
- Personal Expenses: $660
- Loan Fees: $450
- Miscellaneous Expenses: $500
- **TOTAL**: $11,944

### 5.04 Refund Policy

Part of a student’s commitment in enrolling in a program of higher education includes paying for the educational services rendered; each student has a financial responsibility for the classes in which s/he is enrolled.

**A. Financial Aid Implications**

In AGS, students are registered for a full term of courses and financial aid is calculated based on that anticipated schedule. When a student’s schedule changes (due to adding, dropping or withdrawing from a course, or withdrawing from the program), a change in financial aid is likely. Financial aid will be adjusted to reflect the change in enrollment: an increase in the number of credits for which a student is registered in a term could result in an increase in the amount of aid for that term; a decrease
in the number of credits for which a student is registered in a term could result in a decrease in the
amount of aid for that term.

Students should always check with the Student Financial Services Office before dropping or withdrawing
from a class to determine the financial consequences of their actions. If a student drops a course or
withdraws from the program, his/her Student Enrollment Status could change from full-time to part-time
to unenrolled (see Section 6.04B). Changes in Student Enrollment Status can result in serious financial
consequences, such as: some or all of the financial aid funds may be returned to the source (e.g. the
government); and/or some or all of the tuition and other associated costs could become the student’s
personal responsibility for immediate repayment.

In compliance with federal regulations, refunds for students receiving financial aid will be returned to
the appropriate aid source(s) after a calculation is completed to determine the amount to be returned.
The student will be responsible for any balance remaining and will receive a refund if there is a credit.

B. Refunds of Fees

Textbook fees and Late Course Drop/Add fees are non-refundable.

Students may request refunds of other fees by submitting a written petition.

C. Tuition Refunds

Students may drop a course at any time prior to the start date without incurring charges. Students
who withdraw from a course after the start date will receive refunds according to the date of
withdrawal, according to the policy below:

<table>
<thead>
<tr>
<th>Date of Withdrawal</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to Day 1</td>
<td>100%</td>
</tr>
<tr>
<td>Day 1 to less than 25% of course</td>
<td>75%</td>
</tr>
<tr>
<td>25% to less than 50% of course</td>
<td>50%</td>
</tr>
<tr>
<td>50% or more of course</td>
<td>0%</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>36-day Course</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to Day 1</td>
<td>100%</td>
</tr>
<tr>
<td>Days 1-9</td>
<td>75%</td>
</tr>
<tr>
<td>Days 10-18</td>
<td>50%</td>
</tr>
<tr>
<td>After Day 18</td>
<td>0%</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>42-day Course</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to Day 1</td>
<td>100%</td>
</tr>
<tr>
<td>Days 1-10</td>
<td>75%</td>
</tr>
<tr>
<td>Days 11-21</td>
<td>50%</td>
</tr>
<tr>
<td>After Day 21</td>
<td>0%</td>
</tr>
</tbody>
</table>
Note: Students who do not officially withdraw from a course or program by submitting the appropriate form (see Sections 6.08C and 6.08D) run the risk of losing refunds based on the previous chart. The College cannot guarantee these refunds if the student does not follow the proper procedures.

5.05 BALANCES ON STUDENT ACCOUNTS

The Office of Student Financial Services must clear all students – both incoming and continuing students – before they can be enrolled in additional classes.

Financial clearance is based on the following criteria:

- Demonstration that sufficient funds are available to cover the full balance for the term. This includes all sources of funding such as government loans and grants, institutional aid, and outside scholarships that are included on the financial aid award letter (available via WebAdvisor on the ENC Portal: http://portal.enc.edu/webadvisor/).
- Submission of all documentation to satisfy the FAFSA verification requirement (if applicable).
- A payment path documented by the Office of Student Financial Services that includes any of the following types of funds:
  - Sources identified on the financial aid award letter (institutional aid, federal loans, private loans, outside scholarships, etc.)
  - Payment plans set up through the College’s ACH system or through the third-party, Official Payments
  - Employer payments
  - Family contributions (such as UPLAN and 529 plans)
- Meeting specified clearance deadlines

5.06 REFUNDS OF TITLE IV CREDIT BALANCES

In compliance with federal regulations, Eastern Nazarene College will resolve all Title IV credit balances eligible for refund within 14 days after disbursement of Title IV funds.

A “Title IV credit balance eligible for refund” is one in which all the applicable charges and credits have been posted to the account and the student’s eligibility for such funds has been reviewed and confirmed or adjusted based on current eligibility, enrollment or any other applicable conditions. Anticipated funds, including anticipated financial aid, are not considered credits to a student’s account until the funds have actually been disbursed to the account.

ENC will credit Title IV federal funds to a student’s account only against allowable institutional charges, including current charges for tuition and fees, and room and board. With the student’s (or parent’s, if a PLUS loan credit) written authorization, excess credit may be used for non-allowable charges incurred by the student at the College (e.g. fines, other fees, etc.). The Institution can apply $200 of current year’s funds to the prior year’s charges. The authorization may also allow the school
to hold a credit during an award year or period. After the award year or period ends, the credit balance will be refunded within 14 days. Written authorization is provided by completing the “Excess Title IV Funds Usage Authorization” form and submitting it to the Office of Student Financial Services. A student may revoke the authorization at any time.

Title IV refunds will be automatically processed but, in some cases, a student may owe additional amounts to the College because some charges cannot be paid with Federal funds (e.g. fines, other fees, etc.). Students in this situation are still responsible to pay the outstanding balance according to the Student Billing policies, including any applicable penalties and late fees. Similarly, students are responsible for any charges that may occur after the refund is issued.

5.07 METHODS OF PAYMENT

Acceptable methods of payment include:

1. Payment in full. Payment must be made by cash, check, or personal money order. Payments will also be accepted online for credit/debit cards with a convenience fee added. ACH electronic payments can be made from a savings or checking account without a fee.

2. Advance Payment. The college will establish a reserve account in the name of any prospective student. The amount in reserve can be refunded if a change in plans becomes necessary, except for nonrefundable fees.

3. Monthly payments. An interest-free payment plan is offered through Official Payments. Please contact the Office of Student Financial Services for more information.

5.08 PAST DUE ACCOUNTS

When a student has a past due account, ENC services will be withheld, including but not limited to, registration, grades, transcripts, and diplomas.

The college adds a 1.25% Past Due Balance charge (15% annual rate) each monthly billing period to the balance at the beginning of the billing period, less any payments made during the month. The cutoff for each billing period is usually around the 30th of the month but may vary. Past Due Balance charges on the unpaid balance will be charged from the day of registration. If the balance is to be paid by a federal or state grant, these charges will be reversed when the federal or state grant check is received at ENC. Once the account is paid in full, the hold will be automatically removed.

Any student who has become delinquent through failure to make payment or proper financial arrangements may be un-enrolled until such matters are satisfactorily taken care of with the Student Financial Services Office. Any unpaid balance is seen as an education loan from ENC when bankruptcy is being considered. Thus the unpaid balance is not dischargeable.

All debt not paid in a timely manner may be referred to a collection agency and may be reported to the Credit Bureau. If you feel a charge is in error, please contact the Office of Student Financial Services to avoid collection agency action. If it deemed necessary to refer the account to an agency,
the debtor (student) will be responsible for all collection costs and legal fees. Once the account has been assigned to an outside agency, please contact the collection agency to discuss your account.
VI. ACADEMIC POLICIES & INFORMATION

This section is provided for quick and simple reference of the most commonly referred-to academic policies. Academic policies are published in their official format in the Academic Policy Manual, which is available online at https://enc.edu/undergraduate/academics/resources/registrar/policies/

6.01 PRIVACY OF STUDENT RECORDS

The Family Educational Rights and Privacy Act of 1974 (FERPA) requires that students and their guardians, when applicable, receive written notification of their rights under the act. These rights include the right to 1) inspect and review the student’s educational records, 2) request an amendment to the student’s records to ensure they are correct and otherwise not in violation of the student’s right to privacy, 3) consent to the disclosure of information to other individuals or entities, 4) file a complaint with the Office for Civil Rights to seek redress if the college fails to comply with the requirements of the Act, and 5) obtain a copy of the college’s policy.

For students wishing to allow release of their student records under certain circumstances, a Release form is available through the Adult & Graduate Studies division.

6.02 ORIENTATION

Incoming students are required to attend a New Student Orientation session before starting classes. During this time, students will receive critical information that will help them manage their academic progress, such as financial aid information, academic policies, student account information, available campus resources and student services, etc.

Students who must miss the Orientation due to extenuating circumstances should contact their Academic Advisor as soon as possible to schedule an individual meeting.

All admissions paperwork, financial arrangements, and health services forms must be completed prior to attending Orientation.

6.03 CLASSIFICATION OF UNDERGRADUATE STUDENTS

Undergraduate student classification is based upon the total credit hours earned to date:

- Freshman: 0 – 23.9 credits
- Sophomore: 24 – 56.9 credits
- Junior: 57 – 93.9 credits
- Senior: 94 credits – graduation
6.04 Course Load and Enrollment Status

A. Course Load

Course load refers to the number of credits a student is enrolled in during a given term. Course load affects a student’s eligibility for financial aid and repayment of student loans.

Although course loads vary depending on several factors, typical AGS course loads are as follow:

- All undergraduate AGS programs: 12 credits (4 courses) per term
- MS in Management: 12 credits (4 courses) per term
- MEd in Higher Education: 9 credits (3 courses) per term
- MS in Marriage & Family Therapy: 9 credits (3 courses) per term
- Master of Education: 6-9 credits (2-3 courses) per term

B. Student Enrollment Status

A student’s enrollment is based upon course load for the term and is important for determining financial eligibility and repayment.

<table>
<thead>
<tr>
<th>Definitions of Enrollment Status</th>
<th>Full-time status</th>
<th>Half-time status</th>
<th>Part-time status</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate</td>
<td>12 or more credits</td>
<td>6 or more credits</td>
<td>Fewer than 6 credits</td>
</tr>
<tr>
<td>Graduate</td>
<td>6 or more credits</td>
<td>3 or more credits</td>
<td>Fewer than 3 credits</td>
</tr>
</tbody>
</table>

A student’s enrollment status becomes inactive when not participating in two consecutive courses (see Section 6.08E). Enrollment status is regularly reported to the National Student Clearinghouse for determining the repayment schedule of federal student loans.

6.05 Class Attendance

A. Face-to-Face and Hybrid Courses

Because each AGS class session represents a significant percentage of the total instructional time for a course, class attendance is vital to the educational experience and, therefore, students are expected to attend all class sessions. Faculty are required to keep accurate attendance records that are maintained by the Registrar’s Office for federal reporting purposes.

Specific attendance policies are provided in each course syllabus. The attendance policy stated in the course syllabus is authoritative and must be followed. Students are strongly advised to carefully review the attendance policies in each of their courses as there may be variations.

It is expected that any absence will negatively affect a student’s course grade. The following guidelines (for classes with at least 6 sessions) provide recommendations for faculty in determining when a student has missed more class than is advisable for successfully completing the course.
1 absence: AGS recommends that the student’s final course grade be dropped by one-half of a letter grade so that the highest grade that can be achieved for the course is an “A-” grade.

2 absences: AGS recommends that the student’s final course grade be dropped by an additional one-half letter grade so that the highest grade that can be achieved for the course is a “B+” grade.

3 absences: AGS recommends that the student’s final course grade automatically result in an “F.”

Instructors have discretion in allowing students who were absent due to serious extenuating circumstances to complete appropriate make-up assignments to redeem their course grade. If a student has excessive absences, s/he may be advised to withdraw from the course. (See Section 6.08C for details.)

**B. Fully Online Courses**

In each fully online course, every student must complete the Course Enrollment Verification (CEV) quiz within the first 3 days of the course. The CEV is the official means by which students acknowledge their enrollment in the course and their intent to take it. Students who do not complete the CEV will be administratively dropped from the course; they will not be charged for the course and the course will not be included on their transcripts. (In the event of extenuating circumstances, students may request to be reinstated by submitting a written appeal to the Academic Advisor.)

This process ensures accuracy in the College’s reporting and record-keeping, and is used to determine student enrollment status for financial aid purposes.

**6.06 Late Work Policy**

Instructors have discretion in whether or not to allow late submissions of work. If late work is allowed, any assignments not turned in on the date of a class session – whether due to a student’s absence or because the assignment was not complete – will be marked down _one letter grade for each day late_. If a student must be absent, s/he can avoid this penalty by emailing all assignments to the professor before the class session starts.

If allowed by the instructor, any quizzes or tests missed due to the student’s absence must be made up prior to the next class session.

**6.07 Academic Integrity Policy**

A cornerstone of academia is a commitment to academic integrity. In a scholarly community, the importance of having respect for one’s own work and the work of others is essential; building a sense of trust among members of such a community is crucial as individuals create, share, and apply scholarly work. The importance of academic integrity is heightened within a Christian community of scholars in that we are also accountable to God for any behavior of a dishonest nature. In consultation
with administrators, faculty and students, Eastern Nazarene College has set forth basic standards of academic integrity.

**Basic Standards of Academic Integrity**
At Eastern Nazarene College, integrity and honesty are expected and required in all activities associated in any way with academic course work. While it is not prudent or practical to attempt to specify an exhaustive list of unacceptable behavior related to academic integrity, examples of unacceptable behavior include, but are not limited to, the following:

- **Cheating** (e.g., using any unauthorized materials or devices during an examination, allowing other students to submit your work under their name, changing responses on an exam after it has been graded, etc.).
- **Plagiarism**, which is presenting the work of others as your own, either directly or by implication (e.g., not giving credit to the original source for any thoughts, ideas, quotations, charts, etc. included in one’s own work, etc.).
- **Falsifying information** (e.g., reporting of undocumented data, fabricating a set of data, fabricating volunteer hours required for a course, etc.).
- **Stealing and/or distributing exams** which have not been authorized for release or included in syllabi, and discussed in individual classes at the beginning of each semester.

The Division of Adult and Graduate Studies takes academic integrity very seriously. Students who violate these policies are subject to a range of disciplinary action, up to and including immediate expulsion from their program, denying future admission to ENC.

Students and faculty should consult the Registrar’s Office for the procedures for appealing and reporting academic dishonesty.

**6.08 Changes in Registration**

Although the number of credits varies according to degree program and other factors, undergraduate students are typically registered for 12 credits (4 courses) each term and graduate students are generally registered for 9-12 credits (3 or 4 courses) each term. (See Section 6.04.)

Students who need to change their registration (i.e. adding, dropping, or withdrawing from one or more courses) must complete a “Change of Registration” form in order to appropriately notify all necessary administrative departments. Forms are available online from the ENC Portal (http://portal.enc.edu) or by request from an Academic Advisor. The completed form must be returned to an Academic Advisor. Failure to submit the completed form could result in return of all financial aid funds to the source.

**A. Adding a Course**

All students who wish to enroll in one or more courses must first be financially cleared to do so. (See Section 5.05.) To make changes outside of the usual registration window (see Section 2.05A), the student must complete the Add portion of the “Change of Registration” form and submit it to the
Academic Advisor. Students who add a course within 14 days of the course’s start date will be charged a $30 Late Course Add fee (see Section 5.02F4).

Concurrent Courses
In the AGS model, students typically take only one course at a time but students may request approval to take a maximum of 2 courses within the same course cycle. Approval is granted on a case-by-case basis with a variety of criteria considered for each request.

The most significant issue is that the student must have a proven record of recent academic success in order to be eligible. S/he must have a GPA of at least 3.0 (undergraduate) or 3.5 (graduate), and have successfully completed at least 4 courses in his/her current program at ENC. Additionally, some courses (such as those in the CP sequence) are rarely allowed to be taken concurrently with another course because of the nature of the class or the expected workload.

Students who wish to request a “double-up” should discuss the matter first with the Academic Advisor and then submit a “Course Overload Request” form in order to be considered for approval.

B. Dropping a Course
When a student completes the “Remove” portion of the “Change of Registration” form prior to the course’s start date, it is defined as “dropping a course.” There will be no charge for the dropped course and it will not appear on the student’s official academic record.

If an enrolled student does not attend the first session of a course or complete the Course Enrollment Verification in an online course, AGS staff make every effort to contact the student to determine whether s/he intends to remain enrolled in the course. If the student plans to drop the course, s/he must respond before the census date (the 5th calendar day after the first class session). If the course is dropped after the census date – even if the drop must be initiated by an AGS staff member (i.e. administrative withdrawal) due to the student’s failure to communicate – the Late Course Drop fee will be charged. (Refer to Section 5.02F5.)

Note: Students dropping or withdrawing from a course should not presume that the same books and/or materials will be used when s/he enrolls in the same course at a later date.

C. Withdrawing From a Course*
When a student completes the “Remove” portion of the “Change of Registration” form after having attended at least one class session (or after having completed the Course Enrollment Verification) but before the course midpoint, it is defined as “withdrawing from a course.” There will be a prorated charge for the course (refer to the Refund Policy in Section 5.04 for details) and the course will appear on the student’s official academic record with a “W” grade.

Students who request a withdrawal after the course midpoint (i.e. the withdrawal deadline) will receive the grade they have earned in the course. Additionally, they will not be eligible for a refund (refer to the Refund Policy in Section 5.04 for details).
Failure to make contact with an Academic Advisor or failure to complete the necessary withdrawal paperwork will result in the student earning an “F” grade on their transcript and being billed for the full amount of the course.

**IMPORTANT:** Students are expected to understand the possible consequences of their actions and are responsible to familiarize themselves of them BEFORE officially withdrawing from a course:

**Financial Implications of Withdrawal**
Withdrawal from courses after the start date is subject to the Refund Policy detailed in Section 5.04. Refer to the Refund Policy to determine the financial ramifications of course withdrawal.

Students using any form of federal financial aid or veteran’s benefits must be very careful as withdrawals may significantly reduce their eligibility for aid. Contact the Office of student Financial Services for personalized information about your aid.

**Academic Implications of Withdrawal**
Withdrawal from a course may cause scheduling complications that could ultimately delay the student’s graduation. Some courses are prerequisites for others and must therefore be completed in careful sequence. Academic Advisors are available to help the student arrange to take the class at another time, but students are cautioned that the needed class may not be available at the time or location desired.

**Note:** Students dropping or withdrawing from a course should not presume that the same books and/or materials will be used when s/he enrolls in the same course at a later date.

**D. Withdrawing From a Program***
If a student withdraws from a degree program, the student must complete a “Program Withdrawal” form and provide full information concerning the withdrawal. If the student wishes to re-enter the Division at a later time, he or she must apply for readmission (see Section 3.06).

**Note:** Program withdrawal will activate the process for starting repayment of federal loans. Contact the Office of Student Financial Services for personalized information about the grace period and loan repayment.

**E. Administrative Withdrawal From a Program***
Students may be withdrawn by administrative action from the remainder of the courses in their degree program for a variety of reasons. Those reasons may include, but are not limited to:

- Academic suspension
- Incomplete admissions documentation and/or health services paperwork
- Blatant or repeated commission of academic dishonesty
- Failure to make satisfactory financial arrangements
- Failure to meet minimum grade requirements
1. Administrative program withdrawal will activate the process for starting repayment of federal loans. Contact the Office of Student Financial Services for personalized information about the grace period and loan repayment.

2. Depending on the specific circumstances of the administrative withdrawal, students may be eligible for readmission to the program (see Section 3.06).

3. There is no leave of absence or hiatus status available for students enrolled in nontraditional or graduate programs. Students who do not attend classes for 3 months or longer will be administratively withdrawn from the program. The withdrawal will be dated according to the last date of attendance. Students desiring to return to the program must reapply in order to reactivate their student status.

*IMPORTANT FINANCIAL AID ISSUES*

When a student withdraws (or is withdrawn) from school prior to the end of a semester, a prorated amount of the student’s institutional scholarships and grants will be withdrawn from the student’s account, based upon the stated Refund Policy (see Section 5.04). Additionally, Title IV federal and state financial aid will be repaid to the appropriate program(s) as mandated by regulations published by the U.S. Department of Education. Title IV refunds will be repaid in the following order: FFEL Program, Federal Perkins Loan Program, Federal Pell Grant Program, and other SFA.

6.09 Grading

The authority and responsibility for evaluating and grading students’ academic performance in a course is vested with the faculty who are retained for, among other factors, their competency in making such judgments.

Faculty, as professional educators and subject matter experts, will evaluate student performance and submit final course grades to the AGS office, adhering to the stated Attendance Policy in reference to absenteeism and tardiness.

As there may be financial or administrative reasons to withhold a grade, faculty are not permitted to provide final grades directly to students. Additionally, the grade calculation as displayed by the Canvas Learning Management System may not be entirely accurate and should NOT be considered the official final grade for the course. Only the grades displayed in the WebAdvisor section of the ENC Portal (http://portal.enc.edu/webadvisor/) are official grades.

**A. AGS Grade Scale**

The Division uses the following system across all programs to evaluate student performance:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Range (%)</th>
<th>Description</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>100-95</td>
<td>Outstanding</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>94-90</td>
<td>Excellent</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>89-87</td>
<td>Very Good</td>
<td>3.3</td>
</tr>
</tbody>
</table>
### B. Incomplete Grades

**I** = Incomplete grade (issued *only by prior written arrangement* with the faculty member); the student has one additional course cycle (following the final meeting date of the course) in which to complete all coursework.

Students who are unable to complete all course requirements on a timely basis due to extreme extenuating circumstances or events, may, **by prior arrangement with the instructor and approval of the Division**, receive the grade of “I”. This “I” grade should not be issued to students who have missed several classes or to students who have mismanaged their time.

The instructor approving the “I” grade must complete the “Incomplete/Change of Grade” form in order to document all remaining work to be completed and the date by which it is ultimately due; the request must be approved by the Division of Adult & Graduate Studies.

Once the student has successfully completed the work within the given timeframe, the instructor will issue an actual grade (i.e. a letter grade) by contacting the AGS Registrar.

If no actual grade is issued within the stated timeframe, the “I” grade will be changed to an “F” and the student will be required to repeat the course at his/her own expense.

### C. Repeated Courses

Students may repeat courses previously passed or failed to improve grades. Only the highest grade earned is used to calculate the grade point average and credit is only awarded once. Substitutes will not be made for courses no longer offered. All grades remain on the transcript. Classes taken as transfer courses may be taken as repeated courses with the higher grade used to calculate the overall cumulative GPA.

**Note:** Repeating a course could impact financial aid eligibility. Refer to [Section 4.05A2](#) or contact the Office of Student Financial Services for information.
D. Pass/Fail Grades

Some courses are predesignated as having pass-fail grading. Under certain circumstances, students may opt to take other courses on a pass-fail basis. Students who wish to exercise the pass-fail option should seek guidance from the Academic Advisor and notify the Registrar’s Office in writing.

- **S** = Satisfactory grade; if the instructor turns in a grade ranging from A to C-
- **U** = Unsatisfactory grade; if the instructor turns in a grade of D or F.

Pass-fail grades do not carry quality point value and have no effect on cumulative GPA. They do, however, contribute to the total number of attempted credits calculated for financial aid purposes (see Section 4.05A2).

6.10 Grade Reports

At the end of each course, the instructor submits final course grades for each student no later than 2 weeks after the end of the course.

As there may be financial or administrative reasons to withhold a grade, **faculty are not permitted to provide final grades directly to students.** Additionally, the grade calculation as displayed by the Canvas Learning Management System may not be entirely accurate and should NOT be considered the official final grade for the course.

When final grades have been submitted, they will be available via the WebAdvisor area on the ENC Portal site ([http://portal.enc.edu/webadvisor/](http://portal.enc.edu/webadvisor/)) if there are no financial or administrative holds. If necessary, a student may request and receive a paper copy of any grade report issued within the past 3 months. (If a student needs more extensive records, he/she should request an official transcript. See Section 6.17 for information.)

6.11 Grade Appeals

The faculty member is the only person who can fairly evaluate a student’s performance in a given course since s/he is the individual responsible for the instructional experience in that course.

Students should understand that evaluation in the form of grading is viewed by AGS as a contractual relationship between faculty member and student, and although students have the right to appeal, actual changes in grades are both rare and at the discretion of the faculty member. AGS will intervene only in extreme circumstances and even then as an intermediary.

Should a student believe there is concrete reason to appeal the grade for a course, these procedures should be followed:

1. The student should discuss the matter fully with the instructor. There is always the possibility of a misunderstanding or an error in calculation which can be resolved at this level.
2. If direct discussion with the instructor does not resolve the matter, the student may contact the AGS office and request a Grade Appeals form. The deadline to formally appeal a grade is 8 weeks from the end of the course.

3. The AGS Appeals Committee will solicit information from the student and the instructor to aid in making a decision about whether or not to intervene in the situation.

4. The committee chair will inform all concerned parties in writing of the committee’s decision.

**6.12 CUMULATIVE GRADE POINT AVERAGE (GPA)**

Cumulative GPA is calculated based on all courses taken at ENC and all courses taken at accredited colleges after the student has completed at least one course at ENC. The cumulative GPA is used to determine academic standing and degree requirements.

**6.13 ACADEMIC HONORS**

Academic honors are recognized in undergraduate programs only. They are based on grades earned at Eastern Nazarene College (does not include transfer credit). To qualify for the Honor Roll or Dean’s List for a given semester, students must be enrolled in at least 12 credits (not counting pass/fail courses) and earn a minimum GPA of 3.7 for the Dean’s List and a minimum of 3.2 to be named to the Honor Roll.

**6.14 ACADEMIC DISCIPLINE**

Students in the Division of Adult & Graduate Studies are evaluated after the close of each term to determine their academic standing. Within 2 weeks of academic standing determination, students will be notified if they fail to meet the criteria for good academic standing and will face varying levels of disciplinary action.

There are four categories of academic standing: Good Academic Standing, Academic Warning, Academic Probation, and Academic Suspension.

**A. Good Academic Standing**

Students who maintain a grade point average (GPA) at or above those shown in the following table are considered to be in good academic standing.

<table>
<thead>
<tr>
<th>Program</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate</td>
<td>2.0</td>
</tr>
<tr>
<td>Bachelor’s</td>
<td>2.5</td>
</tr>
<tr>
<td>Master’s</td>
<td>3.0</td>
</tr>
</tbody>
</table>
Students may access their cumulative grade point average at any time via the WebAdvisor section of the online ENC Portal site (http://portal.enc.edu/webadvisor/). Students who fall below the minimum standards (indicated above) are not in good academic standing and will be placed on academic warning, academic probation, or academic suspension.

**B. Academic Warning and Academic Probation**

Students who have a cumulative GPA of less than the minimum standard for their program will be placed on Academic Warning if they have attempted fewer than 19 credits, or on Academic Probation if they have attempted more than 19 credits.

Within 3 weeks of being notified of their academic standing, students who are not in good academic standing must sign an *Acknowledgement Form* and return it to the Associate Registrar in AGS.

Students on Academic Warning or Academic Probation are encouraged to contact their Academic Advisor, instructors, and the Center for Academic Success for advice, counsel, and to formulate a plan for academic success.

**C. Academic Suspension**

A student may be academically suspended if any one of the following criteria is met:

1. Students may be suspended if, after one academic period on Academic Warning or Academic Probation, the cumulative GPA is not improved as determined by the AGS Academic Standing Committee, OR
2. Students may be suspended if, at any time after two academic periods at ENC, the GPA falls below a 1.0 average, OR
3. The student exhibits excessive absences during an academic period.

**D. Removal from Academic Suspension**

**Appealing Suspension**

A suspension may be appealed within 14 days from the date on the dismissal notification. Appeals must be submitted in the form of a professionally written letter addressed to the Academic Standing Committee and must include the reasons for the appeal and assessment of academic difficulties. Submit the appeal to the Registrar’s Office for routing to the Academic Standing Committee. If the suspension appeal is granted, the student will be placed on Academic Probation for the following term.

**Readmission after Suspension**

Suspended students may apply for readmission after one term has elapsed by presenting evidence of a commitment to improving academic performance and success. Readmission is not automatic and is contingent upon evidence that the student has gained the ability and motivation to succeed academically. As evidence of this commitment, students should present an official transcript of courses taken during the suspended semester. Applications for readmission must be reviewed by the
Registrar’s Office and the Office of Student Financial Services. The application is available in the AGS Admissions Office. (Readmission requirements and policies are detailed in Section 3.06.)

6.15 END-OF-COURSE SURVEYS AND METHODS FOR CONTINUOUS IMPROVEMENT

To provide information used for continuous improvement within the Division of Adult & Graduate Studies, a systematic evaluation process was developed. At the end of each course, students are asked to complete the End-of-Course Survey, which attempts to collect information about the curriculum, faculty, and administrative services. Faculty members are also asked to complete a Faculty End-of-Course Survey on similar topics.

These two components of the evaluative process are designed to provide meaningful feedback to be utilized in quality control and continuous improvement of administration, instruction, and service to the adult learner.

In addition to review of the survey results, these elements are also in place to ensure ongoing quality:

- Faculty selection process.
- Review of final grade and attendance sheets, faculty introductory memos and grading criteria.
- Student product sampling.
- Faculty evaluation conducted using a “Classroom Observation Report” as completed by an administrator and provided to faculty for feedback for improvement.
- Faculty development sessions.
- Faculty involvement in curriculum review and revisions.
- Participation in the regular cycle of academic program evaluation and review.
- Oversight by the institution’s committee structure, particularly the Curriculum Committee and Academic Policy Committee.

6.16 GRADUATION

Eastern Nazarene College has 3 official diploma dates each year: one in late January, one in early May, and one in late August. Specific dates are established 5 years in advance and are published in each academic calendar. Commencement Exercises are held annually in early May at the Quincy, Massachusetts campus.

Students must submit a completed “Application to Graduate” form to the AGS Office of Academic Records at least 3 months prior to their intended graduation date in order to be included in communications, to have the appropriate diploma ordered, etc. Students will receive regular communications and information about the graduation date and ceremony via the ENC email account.

To be eligible for graduation, students must 1) be financially cleared by the Office of Student Financial Services and 2) have completed all requirements two weeks prior to the graduation date. (Refer to the Program Descriptions in Section IX for specific graduation requirements for each program.)
Students who are no more than 3 courses (or a maximum of 9 credits) short of meeting graduation requirements may petition the Registrar’s Office to be allowed to participate in the May Commencement Ceremony if they are scheduled to complete all remaining degree requirements prior to the August graduation date.

General information is provided below; check with your Academic Advisor to verify your own expected graduation date.

<table>
<thead>
<tr>
<th>Program Completion</th>
<th>Diploma Date</th>
<th>Commencement Ceremony</th>
</tr>
</thead>
<tbody>
<tr>
<td>September to January</td>
<td>late January</td>
<td>the following May</td>
</tr>
<tr>
<td>February to early May</td>
<td>early May</td>
<td>same time</td>
</tr>
<tr>
<td>May to August</td>
<td>late August</td>
<td>the previous May</td>
</tr>
</tbody>
</table>

Soon after each graduation date, students’ transcripts are updated with the official graduation information.

**A. Undergraduate Graduation Honors**

Graduation honors are recognized in undergraduate programs only. They are as follows:

- To graduate *Cum Laude*, the student shall have maintained a GPA of at least 3.5.
- To graduate *Magna Cum Laude*, the student shall have maintained a GPA of at least 3.7.
- To graduate *Summa Cum Laude*, the student shall have maintained a GPA of at least 3.9.

Baccalaureate students who graduate in the top 15% of their graduating class may be elected to Phi Delta Lambda, the national honor society of the colleges and universities of the Church of the Nazarene. This distinction qualifies the graduate to wear a red cord at Commencement.

**B. Outstanding Graduate Awards**

Outstanding AGS students are recognized with a special award. Students are nominated by the AGS Awards Committee according to grade point average, faculty and advisor recommendations, and commitment to ENC and the ENC values. All nominees wear a special medallion at Commencement and the winners are announced in the ceremony.

**6.17 Official Transcripts**

The Registrar’s Office maintains the official academic records for all students who have completed coursework at Eastern Nazarene College. *No transcript will be issued for any student or former student who has a past-due financial balance with the College.*
A. Transferring Credit from ENC

Students seeking to transfer coursework to other institutions must contact the receiving institution to request a formal evaluation of the coursework completed at ENC. Each institution determines their own standards for how the curriculum taken at ENC may be incorporated into the curriculum structure of the receiving institution.

B. Ordering Procedures

Active or inactive students or alumni may submit a written request to release an official copy of a transcript of their academic record. Upon receipt of a written, signed request, the Registrar’s Office will release transcripts to identified parties, provided all financial obligations to the college have already been met. There is a fee for processing transcripts. For complete instructions and modes of delivery, refer to https://enc.edu/undergraduate/academics/resources/transcript-requests/.

In order to protect the integrity of the document and students’ privacy, the Registrar’s Office does not release unofficial transcripts and does not fax transcripts. A legal name change on a student transcript will require submission of legal documentation.

6.18 Changes in Student Information

A student who changes his/her name, address, telephone, employer, etc., should submit that information on a “Change of Student Information” form to his/her Academic Advisor. Up-to-date information is necessary for students to be informed of class cancellations, to receive grades, etc.

6.19 General Appeals and Petitions

Students have the right to formally appeal institutional policies. An appeal (sometimes called a petition) is a request to waive a policy that has been or will be applied. The central focus of an appeal is the institutional policy and the considered merits of its waiver.

Appeals may concern academics, student life, financial affairs, policies and regulations, admission to and retention of students in academic programs, academic inequities, and forms of academic discipline. At each level of appeal, both the appeal and the decision must be in writing on the appropriate form. The investigation may include personal appearances by the parties involved in the appeal.

Please note that certain types of appeals have specific processes outlined elsewhere in this handbook (e.g. Grade Appeals in Section 6.11). For clarification of specific actions you should take for your situation, please contact your Academic Advisor.
6.20 COMPLAINTS & GRIEVANCES

A. Informal Complaints

Many issues can be resolved through open and honest communication between the involved parties. Anyone who experiences a problem should first attempt to resolve the concern informally with the person(s) or office(s) most closely connected to the issue. If the issue cannot be resolved through this informal complaint process, the aggrieved person should file a formal, written grievance.

B. Formal Grievances

A grievance is a formal complaint of alleged unfair or discriminatory practice or decision by faculty, administration, or administrative staff. The central focus of a grievance is not a policy but rather the action of the individual against whom the grievance is filed.

A person filing a grievance must do so in writing and provide supportive evidence that shows that the unfavorable decision is in violation of institutional policy or practice, or that the person has been treated in a different way than other persons in similar circumstances have been treated.

Retaliation against any person who files a complaint or grievance of alleged discrimination, participates in an investigation, or opposes discriminatory employment or education practice or policy is strictly prohibited under institutional policy and by State and Federal law.

Institutional Procedures for Filing a Grievance

1. The complainant shall submit the grievance by completing the online Formal Complaint/Grievance form (https://adultstudies.enc.edu/complaints-and-grievances/) requesting reconsideration of an unfavorable decision. The grievance will be forwarded to the faculty member, staff, or administrator in question (copied to the individual’s immediate supervisor), who will provide a written response to the complainant no later than 15 working days after receipt of the initial petition.

2. If the complainant is not satisfied after step one, s/he may forward the original grievance petition and response to either the Academic Leadership Team (if filed against a faculty member) or the immediate supervisor (if filed against a staff member or administrator). The Academic Leadership Team or the immediate supervisor must respond in writing no later than 15 working days after receipt of the grievance petition.

3. If the complainant is not satisfied after step two and if the grievance petition has not yet involved the College President, s/he may forward the original grievance petition and responses to the College President. The College President must respond by mail no later than 15 working days after receipt of the grievance petition. The decision of the College President shall be final.

The complainant who receives no response within 15 working days at any level in the grievance process may appeal to the next higher level. Those hearing the grievance at the higher level shall secure the written opinion of those who failed to respond at the lower level.
Although the College will make reasonable efforts to comply with these timelines, circumstances such as access to information, availability of personnel, and school breaks, may justify an extension of time.

**External Entities for Mediating Grievances**

1. Any **Massachusetts resident** with a grievance that cannot be resolved *after exhausting the school’s grievance procedures* may file a complaint with the Massachusetts Board of Higher Education. The student should submit a complaint via the online form at [https://www.mass.edu/forstufam/complaints/complaintform.asp](https://www.mass.edu/forstufam/complaints/complaintform.asp).

2. Any **Virginia resident** with a grievance that cannot be resolved *after exhausting the school’s grievance procedures* may file a complaint with the State Council of Higher Education for Virginia (SCHEV). The student should submit written complaints to: State Council of Higher Education for Virginia, Private and Out-of-State Postsecondary Education, 101 N. 14th Street, 9th Floor, James Monroe Building, Richmond, VA 23219.

3. Any **online student** with a grievance that cannot be resolved *after exhausting the school’s grievance procedures* may file a complaint with the Massachusetts Department of Higher Education in its capacity as the SARA portal entity for Massachusetts-based institutions. The student should submit a complaint via the online form at [https://www.mass.edu/foradmin/sara/complaints.asp](https://www.mass.edu/foradmin/sara/complaints.asp).
VII. STUDENT SERVICES AND RESOURCES

7.01 LIBRARY SERVICES

The Nease Library is located within ENC’s Learning Commons building. The library supports student academic success with a variety of resources and the library staff works closely with faculty and other student services to provide access to all of those resources.

A. Electronic (Online) Resources

The library website (http://libguides.enc.edu/) consolidates access to resources and services for all ENC students and the ENC community. (ENC NetIDs are required for accessing electronic resources; see Section 7.02D.) LibGuides are online research guides that are organized by subject, topic, or course. The LibGuides point students to relevant databases, books, websites, and citation styles based on the subject, topic, or course.

Books are available in both print and electronic format (https://catalog.ocln.org/client/en_US/nease/). Because the library is part of a library network (the Old Colony Library Network, OCLN), ENC’s library books can be picked up and returned to libraries all over the South Shore. eBooks are available for download or can be read online with an active internet connection.

Article databases (http://libguides.enc.edu/az.php) are available to all students with an active NetID and cover all the subjects taught at ENC.

Interlibrary loan and document delivery are two services libraries use for sharing resources with students. If there is a resource you cannot access personally, Nease Library will do its best to find it and get it to you in a timely manner.

B. Physical Resources

The Nease Library building has 4 floors. Two floors are reserved for quiet, individual study for those who prefer or need that environment.

The building is equipped with 6 group study rooms that can be reserved online (http://enc.libcal.com/booking/lcstudyrooms). The two first-floor rooms have a flat screen monitor that can connect to a laptop so student groups can practice presentations or work collaboratively on a project.

The PC computer lab is open whenever the library building is open, and there are also 14 iMacs for student use. Free secure printing for individuals with an ID card or NetID login credentials is available in the building, including free color printing.

The Instructional Resources Center (http://libguides.enc.edu/irc) is located on the ground floor. It provides space and materials (some at a nominal cost) specifically for education students. All students, however, may use the IRC to create presentations or work on other visual projects.
C. Library Instruction

Every cohort will have a library instruction session scheduled with an ENC librarian. For online cohorts or those studying at a distance from the Nease Library, the library session will be conducted as an online webinar, which will be scheduled on a specific day/time. During this time, librarians will review the services and resources provided by the library and will present basic research instruction appropriate to that cohort’s program. Library sessions are embedded in course requirements and are not optional.

D. Library Assistance

Students needing individual assistance can receive it in a variety of ways:

- **Face-to-face:** The Library’s daily hours of operation are posted on the website, [http://enc.libcal.com/hours/](http://enc.libcal.com/hours/). (Please note that hours vary depending on the academic year.) Professional librarians staff the Reference Desk from 6:00pm-9:00pm, Sundays-Thursdays, to assist students with their research. Students can also make an appointment with a librarian through the library website.

- **Email:** Email ask.a.librarian@enc.edu with questions or concerns.

- **Phone:** Call 617-745-3850 during the hours of operation. Student staff members can provide assistance with routine technology and/or library issues. If necessary, callers can be connected with a professional librarian for more advanced levels of help.

- **Online:** Librarians have developed a playlist of YouTube videos (linked from the library website, or available via the ENC YouTube channel [https://www.youtube.com/user/EasternNazarene/featured](https://www.youtube.com/user/EasternNazarene/featured)). These videos demonstrate how to navigate the website, find books and articles, and set up library accounts for research and citation management.

### 7.02 TECHNOLOGY SERVICES

Information Technology Services (ITS) is responsible for the development, support and maintenance of campus computing and telecommunication facilities. Several key services are listed below. Please visit the ITS web site at [http://enc.edu/its](http://enc.edu/its) to see all services including software deals, signing up for emergency alerts as well as various instructions.

A. ENC Network ID (NetID)

Your NetID is your login credentials (username and password) to access ENC’s systems and applications with the same login and password. With the NetID, you can access ENC email and Office365 software ([http://outlook.office365.com/](http://outlook.office365.com/)), ENC Portal ([http://portal.enc.edu](http://portal.enc.edu)), secure wireless ([http://enc.edu/wireless](http://enc.edu/wireless)), library databases ([http://library.enc.edu](http://library.enc.edu)), Canvas Learning Management System ([http://enc.instructure.com/](http://enc.instructure.com/)), campus lab computers, and printer-copiers.
B. ENC Email

ENC creates an e-mail account for all of its students, faculty, and staff. This account serves as an official communication channel for the College, so students will receive critically important information (class schedules, cancellation announcements, graduation information, etc.) through this e-mail address. **Students are responsible for all information sent to this e-mail address and are expected to check it frequently.** Instructions are available to allow you to configure all your personal devices to receive email. To check email, go to [http://outlook.office365.com/](http://outlook.office365.com/).

**Important:** By law, the privacy of certain personal and academic information must be protected and therefore ENC will not use unsecured communication channels. ENC personnel (including faculty) are not permitted to send any information by email unless it is sent to the ENC-provided email address.

C. ENC Portal

The ENC web portal ([http://portal.enc.edu/](http://portal.enc.edu/)) is used for accessing many important student services and information. Your NetID login and password provide secure access to your personal information regarding:

- Financial Aid award information
- Student bill/account
- Class schedule and textbook information
- Grades
- Degree audit
- Academic history (unofficial transcript)
- Graduation information

D. Library Remote Access

The Nease Library has a number of electronic resources and article databases that can be accessed online. Students need their NetID to access these valuable research resources. To visit the library’s site, go to [http://library.enc.edu](http://library.enc.edu)

E. Learning Management System

A learning management system (LMS) is an online system that provides advanced technology for sharing class information, links, or handouts; submitting assignments; collaborating in discussions or on group projects; tracking assignment grades; and communicating with everyone enrolled in the class.

ENC’s learning management system is Canvas. Students and faculty can access Canvas via links on ENC’s homepage or the ENC Portal page, or by typing [http://enc.instructure.com](http://enc.instructure.com) directly into a browser window. Log in using the NetID and password.
For questions related to Canvas, please refer to the Canvas Basics knowledgebase which is available by direct link from every course site.

Refer to course syllabi to determine the extent to which Canvas will be used in each particular class.

Minimum computer specifications include:

- **Operating System:**
  - Windows XP SP3 and newer
  - Mac OSX 10.6 and newer
  - Linux - ChromeOS

- **Computer Speed and Processor:**
  - Use a computer 5 years old or newer when possible
  - 1GB of RAM
  - 2GHz processor

- **Internet Speed:**
  - Minimum of 512kbps

- **Internet Browser:**
  - Chrome is recommended above all other browsers

**F. Wireless Network Access**

To use ENC’s secure wireless network no campus, you will need your NetID login and password. When you first access the network, you will be directed to ENC’s network access page (http://nac.enc.edu), where you will need to login.

Access to wireless internet services at other sites will vary depending on the location.

**G. Technical Instruction and Assistance**

During the Orientation session, students will be introduced to the various technology services and tools they will use throughout their program. Just-in-time resources (such as quick-start guides) will be provided.

If students need personalized help, they should contact the iDesk by phone (617.745.3850) or email (ask.a.librarian@enc.edu).

**7.03 The Center for Academic Success**

The Center for Academic Success (CAS) is located on the ground floor of the Learning Commons (Nease Library) and exists to provide academic support services to all ENC students. These services include academic counseling, writing support, and disability services.
A. Academic Counseling

CAS professional staff members are available by appointment to help with general academic skills, organization, time management, and other academic challenges. To make an appointment, go to http://libguides.enc.edu/CAS/staff.

B. Writing Support

CAS provides writing coaching to AGS students through one-on-one appointments, scheduled via an online system called MyWCONline.

To make an appointment with a writing coach in CAS, you will need to go to www.enc.mywconline.com and login. First-time users will need to create an account using their ENC email address. For more information about how to use MyWCONline, go to http://libguides.enc.edu/CAS/tutoring and click on “WCOnline Instructions.”

CAS writing coaches will meet with walk-ins, however, they will do so on a first-come first-served basis. Therefore, it is best for students to make an appointment in advance.

C. Disability Services / Office of Accommodations and Access (OAA)

The Office of Accommodations and Access provides academic and personal support in the form of accommodations, modifications, and auxiliary aids to undergraduate, graduate, and continuing education students with diagnosed learning disabilities; psychiatric disorders; hearing, visual, and physical impairments; or other medical conditions.

It is the policy of Eastern Nazarene College not to discriminate on the basis of disability. As part of that policy, the College is committed to ensuring the provision of accommodations and services necessary to enable students with disabilities to achieve their maximum potential as members of the College community; and by facilitating the integration of students with disabilities within the College community.

The Office of Accommodations and Access works with each student on an individual basis to determine and provide appropriate and reasonable accommodations, modifications, and auxiliary aids. The Americans with Disabilities Act of 1990 (ADA), the ADA Amendments Act (ADAAA), Section 504 of the Rehabilitation Act of 1973, and related state laws require institutions of higher education to provide reasonable accommodations to qualified individuals with disabilities. Reasonable accommodations do not include fundamental alterations to course requirements. Furthermore, accommodations cannot be made that would place an undue administrative or financial burden on the College. If a requested accommodation presents an undue burden or makes a fundamental alteration, the College will attempt to propose alternative solutions and/or accommodations which do not create such hardship or make such alteration. The College will work in good faith with the person making the request to determine the availability of an acceptable alternative.
Students requesting accommodations must initiate the process by contacting the Office of Accommodations and Access at 617-745-3838.

7.04 AGS EDUCATIONAL RESOURCES

Eastern Nazarene College has contracted Tree of Life Bookstores to provide concierge textbook rentals for AGS students at a charge of $85 per course. Textbooks will be shipped to students’ addresses and should arrive at least 7 days prior to the start of class. Rental textbooks are due back within 3 weeks of the end of class. (Return shipping instructions are included with the rental books.

Students who wish to keep their books may do so; their student account will be charged the difference between the purchase price and the rental cost.

Students who wish to opt out of the rental program may do so by contacting the Academic Advisor to request a form. Any opt-out forms received within two weeks of the start of a course will not take effect until the following course. The opt-out will continue indefinitely, however, students may choose to rejoin the rental program as of the start of the following semester.

All textbook information (including ISBNs) is posted with the Class Schedule in the WebAdvisor area of the ENC Portal (http://portal.enc.edu/webadvisor) as far in advance as is feasible prior to the course’s start date (at least 3-4 weeks). It is also included on Tree of Life’s student portal and in the course syllabus, which is provided via email or Canvas to students 3 weeks before the start of the course.

7.05 COUNSELING AND CAREER SERVICES

The Brickley Center offers counseling and career services for students in the Division of Adult & Graduate Studies. For more information, please see http://www.enc.edu/about/additional-services/the-brickley-center/.

- **Counseling services.** Licensed counselors are available to assist with personal, adjustment, spiritual, vocational, academic, and other concerns. The Center also sponsors group workshops and seminars on a variety of topics.

- **Career services.** ENC’s Career Services assist college students and alumni/ae in evaluating, developing, and implementing their career goals (choice of major, work and ministry/service opportunities). The following services are available: career counseling, career assessments, resume, cover letter and job search information, part-time and full-time job postings, job fairs, internship listings, and alumni/ae networking opportunities. Information on graduate schools and assistance with planning and the application process are available.
7.06 STUDENT HEALTH SERVICES

A. Health Services

The Campus Nurse, located in the Brickley Center, provides a range of services to promote the health of all students by:

- Providing basic assessments and first aid
- Determining if a student needs to see a doctor and assisting in scheduling an appointment at an off-campus clinic or physician’s office
- Counseling and educating students on good health habits
- Providing information for ongoing health and wellness education
- Researching and disseminating information related to Public Health
- Collecting and keeping confidential the required health and immunization records

The Campus Nurse is available by appointment. Please call 617-745-3893 or 617-745-3892 to set up an appointment. Office hours: Monday- Friday, 9:30am – 4:00pm

The Health Services office is closed during the summer and holidays, vacations, and breaks listed on the ENC traditional undergraduate calendar.

B. Required Immunizations

Upon admission to an ENC program, all students are required to provide documentation of the following immunizations:

- 2 MMR vaccines or blood work to prove immunity (titer) or born in the United States before 1957
- TDAP vaccine received after the 7th birthday
- 3 Hepatitis B vaccines or blood work to prove immunity (titer)
- 2 Varicella vaccines or blood work to prove immunity (titer) or reliable history of chickenpox disease- verified by a doctor or Nurse Practitioner or born in the United States before 1980
- Meningitis ACWY vaccine received on or after the 16th birthday or a signed waiver (not required if at least 22 years old)

The Immunization Record form and associated information sheets are enclosed in your Admission Letter mailing. The deadline for turning in the above documentation is 30 days prior to your first class.

If any of the required documentation is missing on your first day of class you will be placed on Medical Probation until you provide the required documentation. If the documentation is not received within 30 days, a $50 late fee will be added to your student account. The $50 late fee will continue to be added to your student account every 30 days until you have provided all required documentation. After a student has received 4 such late fees, the student will be administratively withdrawn from the program (see Section 6.08E). Students in semester-based programs will not be allowed to return for a second semester until all required documentation has been received by Health Services.
C. Health Insurance

All students who are registered in semester-length courses, with an enrollment status of at least ¾-time (this applies to MEd, MFT, and some BEd students), will be automatically enrolled in the ENC-sponsored Student Health Insurance Program unless they submit a waiver that demonstrates that they are covered by a United States-based or Embassy-sponsored insurance plan with coverage equal to or better than the Student Health Insurance Program.

Annually, students are required to identify whether they will accept enrollment in the Student Health Insurance Plan OR will keep their own health insurance and waive the student plan on this website https://www.universityhealthplans.com/intro/ENC.html. Student Health Insurance Plan benefits, exclusions and limitations are outlined in a brochure available on the same website.

If the waiver is denied at any time, the student will automatically be enrolled in and billed for the Student Health Insurance Program.

Students who do not waive the coverage before the published deadline will have their student account billed mid-semester for the full insurance charge.

D. Nursing Mothers’ Room

A private room is available at the ENC campus for nursing mothers. It is generally kept locked in the evenings unless a student makes advance arrangements with the AGS Office or Campus Security to have it opened.

7.07 ENC Campus Food Services

Pioneer College Caterers, Inc. is the campus food service provider. There are three food service options on the ENC campus, all located within the Mann Student Center:

- **Dining Commons**: the main ENC cafeteria, located on the 2nd floor of the Student Center
- **The Dugout**: a grill and snack bar, located on the first floor of the Student Center
- **Hebrews Café**: hot and cold beverages (Starbucks coffee products) and assorted pastries, located in the lobby of the Student Center

Hours of operation can vary depending on the season of the year. Times are posted at each location and online at http://www.enc.edu/dining/.

AGS students can set up a declining balance account on their ENC ID card to make food purchases at any of these three venues. Purchase flex dollars (or Cub Cash) online at http://enc.pcconline.net/ and receive a 10% bonus (e.g. purchase $25 of Cub Cash and receive $27.50 in spending credit).

7.08 ENC Athletics

ENC’s intercollegiate athletics teams, the ENC Lions, bring spirit to the Quincy campus. Varsity sports for men include: baseball, basketball, cross country, golf, soccer, tennis, track and field, and
volleyball. Women’s varsity teams include: basketball, cross country, soccer, softball, tennis, track and field, and volleyball. Team schedules, stats, etc. are available online at http://athletics.enc.edu/.

ENC follows eligibility rules as set forth by the college and NCAA III. Some AGS students may be eligible to participate in varsity sports if they meet specific criteria. Questions of eligibility should be directed to the Director of Athletics.

### 7.09 Spiritual Development

As a Christian college, ENC seeks to foster the spiritual growth of its students. It is a particular challenge to effectively support AGS students’ spiritual lives, but AGS students are always welcome to participate in chapel services or other events to fullest extent they can commit. The Office of Spiritual Development provides podcasts of chapel services and event schedules at http://www.enc.edu/spiritual-development/. Campus pastors provide pastoral counseling via phone, email, or online conference. Additionally, anyone seeking prayer support can send an email request to PrayerRequest@enc.edu.

### 7.10 Security and Emergency Information

**A. At ENC’s Campus**

All buildings are equipped with a fire/emergency signal. If the signal sounds, all occupants must evacuate the building. Classroom doors should be closed but not locked.

On campus phones, dial ext. 3911 for a security guard to help you in an emergency or to provide an escort for you to/from the parking lot. (Call 617-745-3911 from a cell phone or non-campus phone.)

Anyone calling you in an emergency should call (617) 745-3911 and provide your class’s building and room number to the security staff who answers the call. Upon receiving such a call, the security guard will deliver the message to the classroom.

Please report any suspicious cars, persons, items, activities, and/or hazardous conditions to the Office of Safety & Security, (617) 745-3911.

**B. At Off-Site Locations**

Please check on specific emergency procedures and provisions for your building.

At off-site locations, simply use the main number of that facility as an emergency contact. Have the caller ask for the meeting room of your Eastern Nazarene College class. Sometimes more than one class may be meeting at the same facility on the same evening, so it would be best if the caller knew the class number.

The following are the emergency telephone numbers for each facility where off-site ENC classes are held:

- BCC Fall River, Campus Police: (508) 678-3911
• MCC Brockton, Campus Security: (508) 427-1296

C. Student Right-To-Know and Campus Security Act

The Student Right-to-Know and Campus Security Act of 1990 mandates that records be kept and disclosed on campus crimes such as murder, rape, robbery, aggravated assault, burglary, and motor vehicle theft, considered to be a threat to other students and employees and reported to campus security or to the local police. In addition, institutions must report the number of arrests for the following crimes: liquor law violations, drug abuse violations, and weapon possessions. This act helps institutions not only keep and disseminate statistics for information and prevention purposes but also involves the distribution of information on policies related to campus security. ENC encourages students and employees to promptly report crimes to the Director of Safety and Security. In an effort to inform students and employees about campus security procedures and policies and to encourage students and employees to be responsible for their own security and the security of others, a Campus Security and Safety brochure is distributed at the beginning of each school year and posted on the ENC website. For specifics on crime statistics, policies, and programs, please refer to the brochure. For safety disclosures at partner institutions, refer to the information provided on that school’s website.

D. Parking Information

As street parking can be extremely limited, students are encouraged to take advantage of on-campus parking. All vehicles in campus lots, however, must have an ENC parking pass/hangtag prominently displayed. Unregistered vehicles on ENC property may be towed away at the owner’s expense. The parking pass/hangtag is available from the Office of Safety and Security (617-745-3911).

The parking lots behind Young Apartments have been expressly reserved for AGS students’ use in the evenings. (Refer to the Campus Map.) AGS students may also park in the lot at the corner of Wendell Avenue and Waterston Avenue or in the lot at the corner of Sachem Street and Wendell Avenue. Student parking is not permitted elsewhere on campus.

Eastern Nazarene College assumes no financial responsibility for any damage or loss to a student’s vehicle or its contents. Students who park on or off campus do so at their own risk. Students are encouraged to maintain adequate insurance coverage.

E. Liability

Eastern Nazarene College is not liable for the loss of money or personal belongings by any person or for damage done to property. Students are strongly encouraged to carry their own personal property insurance.
VIII. STUDENT CONDUCT & CLASSROOM POLICIES

8.01 STUDENT RIGHTS & RESPONSIBILITIES

A. Student Rights

Eastern Nazarene College seeks, in each member of its learning community, to enlighten the mind, to enhance the quality of personality, to enkindle a never-ending search for truth, and to enable each, out of Christian love and concern, to serve others creatively and responsibility.

Although the following list is not intended to be complete or exhaustive, the College seeks to maintain and support an environment in which students have rights to:

- Receive a high-quality education that includes excellent faculty, technology, facilities, services, and other resources that support intellectual, emotional, spiritual and social development.
- Openly examine and exchange diverse ideas in an orderly and respectful manner inside and outside of the classroom.
- Participate fully in the College community without discrimination as defined by federal, state or College regulations.
- Learn and study in a safe environment that emphasizes personal and spiritual growth.
- Associate freely with other individuals, groups of individuals and organizations for purposes that do not infringe on the rights of others.
- Request reasonable disability accommodations ensuring equal access to courses, course content, programs, services, and facilities.
- Expect fair and consistent responses to misconduct; students also have a right to a hearing regarding the misconduct.
- Follow established procedures for respectfully presenting and addressing their concerns or complaints to the College.
- Expect prompt and courteous responses from the College’s academic and administrative departments.
- Expect that academic and administrative policies will support intellectual inquiry, learning, and growth.

B. Student Responsibilities

Eastern Nazarene College anticipates that students who have voluntarily chosen to associate with ENC will live within the principles of our Christian community of learning. In general, these principles include Christian standards of honesty, civility, morality, and the honoring of one’s person as the residence of God’s Holy Spirit.

Although this is not an exhaustive list, students participating in ENC’s learning community are expected to:
• Maintain high standards of personal conduct consistent with ethical Christian behavior;
• Share responsibility for others’ growth;
• Show care and concern for others;
• Hold others accountable when their actions directly affect the community;
• Observe the campus regulations;
• Show respect for both the property of the College and that of other members of the College community;
• Complete their academic work with all honesty and truthfulness. (Refer to Section 6.07 for the Academic Integrity Policy.)

It is assumed that the student and the College will honor their responsibilities in good faith. If either party feels the other one is not fulfilling its responsibilities, they are free to terminate the arrangement. The student may withdraw during the academic year, and the College may require the student to terminate attendance at the institution when his/her behavior is incompatible with the College’s policies and expectations.

8.02 VISITORS IN CLASS

A. ENC Personnel

The classrooms in the Division always have an “open door” policy for ENC administrators, faculty, or staff. Any class may be visited by ENC personnel without advance notice.

B. Other Class Visitors

All other class visitors (e.g. special presenters or guests) must have advance approval both from the faculty member and from an Adult & Graduate Studies administrator.

C. Children in the Classroom

We require that students make their own childcare arrangements for every class session. Even though emergency situations can arise from time to time in which childcare is unavailable, it is not acceptable to bring children to class or to leave them unsupervised in another room while the class meets. To ensure the classroom atmosphere is conducive for learning and for the safety of the children themselves, we are unable to allow children to be present or on the premises while classes are in session.

D. Animals in the Classroom

Trained service animals are allowed in class and in other areas of the Eastern Nazarene College facilities. Other animals (including comfort animals) are not permitted in class.
8.03 **SMOKING POLICY**

Eastern Nazarene College is a smoke-free environment. Smoking or the use of any tobacco product is not permitted in any building. Classrooms at our off-site locations are also considered to be Eastern Nazarene College and are therefore smoke-free as well.

Please remember that smoking is not permitted anywhere on ENC’s campus, indoors or out.

8.04 **ALCOHOL, CONTROLLED SUBSTANCES, MARIJUANA, AND FIREARMS**

Alcohol, controlled substances, marijuana, and firearms are not permitted on Eastern Nazarene College’s premises, including satellite campus locations.

Any student or faculty member whose profession requires him/her to carry a firearm during class time must first notify AGS and then obtain permission from the Director of Campus Security (617-745-3911). Refusal to comply may result in dismissal from the College.

It is against College policy for faculty to use alcoholic beverages when they are in the company of students, even outside of the classroom.

8.05 **DRUG-FREE ENVIRONMENT**

The unlawful manufacturing, distribution, dispensing, possession or use of a controlled substance (including marijuana) is prohibited in the environs of Eastern Nazarene College. Any student or employee not adhering to the policy will be subject to disciplinary action by the Institution.

Eastern Nazarene College, as part of keeping the workplace drug-free, will continue its drug-free awareness program to inform employees and students of the dangers of drug abuse and available drug counseling and rehabilitation programs.

8.06 **SEXUAL HARASSMENT & MISCONDUCT**

Eastern Nazarene College is committed to providing a learning environment that is free of all forms of abuse, assault, harassment, and coercive conduct, including sexual misconduct. It is the policy of Eastern Nazarene College, in keeping with both its Christian standards, and federal mandates including the Campus Sexual Assault Victims Bill of Rights, Campus Security Act, Title IX Compliance requirements, “Dear Colleague Letter” and the Campus SAVE Act; to thoroughly investigate and respond to all allegations of sexual misconduct effecting our academic community. The full policy and additional information is provided at [http://enc.edu/app/uploads/2018/01/2018-2019-Handbook.pdf/](http://enc.edu/app/uploads/2018/01/2018-2019-Handbook.pdf/).
In the case of inclement weather, unsafe conditions, absence of an instructor, or other unforeseen situation, classes will be canceled and rescheduled for another day.

Postponed classes must be made-up. The faculty member and students should reach a consensus on an alternate meeting time. The normal make-up evening is Friday after the missed class, unless otherwise changed by a consensus of the class and instructor. When the make-up time is determined, the instructor must coordinate with the AGS Office, which will make arrangements to schedule a room.

In the event that you cannot attend class due to inclement weather, please make every effort to contact your instructor in advance of class.

A. Weather Cancellations

In cases of inclement weather, ENC expects to make a cancellation decision between 2:00 and 3:00 p.m. for weeknight classes, and by 6:00 a.m. for Saturday morning classes.

There are three channels through which you may obtain up-to-date information on inclement weather procedures:

- **Website**: Go to [www.enc.edu](http://www.enc.edu) or [adultstudies.enc.edu](http://adultstudies.enc.edu) where a weather alert will appear across the top of the page. Click on it for up-to-date information on all ENC programming.
- **Email**: Campus-wide emails will be sent to ENC email addresses announcing schedule changes or updates.
- **ENC Alerts (e2Campus Notification System)**: ENC offers a mass-notification service called e2Campus that broadcasts alerts to the campus community via SMS text message.

Sign up for ENC Alerts at [https://enc.edu/about/the-campus/enc-alerts-e2campus-notification-system/](https://enc.edu/about/the-campus/enc-alerts-e2campus-notification-system/). All subscribers will receive alerts for Emergencies, Weather Cancellations/Delays, and Parking Change Notifications. You may also opt to receive any of the following optional alerts: Academic, Campus, ITS, Sports, Student Life.

Subscriptions expire after a year, so you will need to renew your account annually. You may unsubscribe from optional alerts or from the entire e2Campus system at any time.
IX. CURRICULUM & REQUIREMENTS FOR INCOMING 2019-2020 STUDENTS

Since curriculum undergoes continuous revision to ensure program improvement, the requirements listed below are specifically for students beginning their enrollment in the 2019-20 academic year. Students should always refer to their own individual academic evaluations (located in the WebAdvisor area of the ENC Portal: http://portal.enc.edu/webadvisor/) to determine the program requirements for their specific degree.

9.01 ASSOCIATE OF ARTS IN GENERAL BUSINESS (AA)

The Associate of Arts in General Business is designed for working adults with little or no previous college experience. The 63-credit curriculum integrates a strong liberal arts core with foundational business courses to equip students with the communication and analytical skills they need for success in their profession or in additional academic studies.

The AA program is available at ENC’s Quincy location. Classes meet once a week over a period of 6 weeks. Students who follow the program’s schedule can expect to complete it in approximately 32 months.

(In certain circumstances, an Academic Advisor may recommend that a student pursue the Associate of Arts in General Studies degree program instead. Students who are interested in this option should request specific details from the Academic Advisor.)

A. AA Learning Outcomes

The Associate of Arts in General Business program equips students to be able to:

1. Understand the foundational concepts of accounting, economics, management, and marketing necessary for operating an effective business.
2. Identify critical events, profound ideas, and important discoveries that changed the world and continue to resonate today.
3. Formulate multi-step strategies for locating information and/or solving problems.
4. Discuss themes of the human condition as represented in specific art forms.
5. Emulate the communication practices of scholars and professionals.
6. Evaluate the influence of Christianity on Western culture and its expressions.
7. Synthesize the role of personal ethics with the definition of leadership.
8. Collaborate respectfully with a diverse, multicultural community.

B. AA Program Requirements

The AA in General Business program requires completion of at least 63 credit hours, which includes the following requirements:

*General Education Requirements* 21 credits

- CC-110, Foundations for Lifelong Learning (2 cr; 4 weeks long)
- EN-100, English Composition I (3 cr; minimum grade of C- or better)
- EN-102, English Composition II (3 cr; minimum grade of C- or better)
- Fine Arts elective (3 cr)
Lab Science elective (4 cr)
Math elective (3 cr): Statistics is strongly recommended
Social Science elective (3 cr)

_Cultural Perspectives Requirements_ 9 credits

- CP-150, The Christian Tradition (3 cr)
- CP-195, The West in the World Since 1500 (3 cr)
- CP-245, Literature and Culture (3 cr)

_Business Requirements (minimum grade of C- or better) 21 credits_

- BA-110, Introduction to Business (3 cr)
- AC-221, Principles of Accounting I (3 cr)
- AC-222, Principles of Accounting II (3 cr)
- BA-231, Principles of Microeconomics (3 cr)
- BA-232, Principles of Macroeconomics (3 cr)
- MK-252, Principles of Marketing (3 cr)
- MT-212, Principles of Management (3 cr)

_General Electives_ at least 12 credits

C. AA Policies

- In order to continue in the program, students must complete EN-100 and EN-102 with a minimum grade of C-.
- All courses within the major must have a minimum grade of C- or better.
- To be eligible for graduation, AA students must maintain a GPA of 2.0.

### 9.02 Bachelor of Arts in Management (BAM)

The Bachelor of Arts in Management is designed for working adults who have already completed either an Associate degree in full or a large portion of their general education requirements. The 42-credit degree-completion program seeks to help students advance in their chosen careers by developing skills and knowledge in management and general business that can be applied to a wide range of professional contexts.

The BAM program is available face-to-face at the Quincy, Brockton, and Fall River locations. As of April 2020, ENC expects to be able to offer it face-to-face in Richmond, Virginia and in a fully online format. All classes meet over a period of 6 weeks. The BAM program operates according to the cohort model.

Students entering with an Associate degree can expect to complete BAM portion of the degree in approximately 20 months if they closely adhere to the cohort’s schedule. If the student needs additional credits to reach the 123 credits required for graduation, s/he will work with an Academic Advisor to schedule elective coursework, which would extend the time to graduation.
A. BAM Learning Outcomes

The Bachelor of Arts in Management program equips students to be able to:

1. Synthesize concepts from multiple business disciplines to address problems in the business environment.
2. Evaluate the legal, social, and economic environments of business.
3. Apply appropriate leadership skills and styles to effectively collaborate with others.
4. Analyze an organization from a strategic perspective, with particular attention to managerial issues and concepts.
5. Formulate multi-step strategies for locating information and/or solving problems.
6. Emulate the communication practices of both scholars and professionals.
7. Collaborate respectfully with a diverse, multicultural community.
8. Articulate the ethical responsibilities of business from the perspective of a Christian worldview.

B. BAM Program Requirements

The BA in Management requires completion of a total of 123 credits, which includes 42 credit hours in the degree-completion cohort program plus a minimum of 81 General Education and elective credits. Specific BAM program requirements include the following:

- **Transferred Courses (General Education & Electives)** at least 81 credits
- **Business Requirements (minimum grade of C- or better)** 42 credits

  - BA-310, Global Business (3 cr)
  - BA-314, Business Ethics (3 cr)
  - BA-324, Entrepreneurship & Business Plan Development (3 cr)
  - BA-411, Business Law (3 cr)
  - BA-478, Seminar in Leadership (3 cr)
  - BS-316, Finance and Accounting for Nonfinancial Managers (3 cr)
  - BS-331, Comparative Economic Systems (3 cr)
  - BS-370, Negotiation and Conflict Resolution (3 cr)
  - MK-252, Principles of Marketing (3 cr)
  - MT-212, Principles of Management (3 cr)
  - MT-311, Organizational Behavior (3 cr)
  - MT-335, Operations Management (3 cr)
  - MT-426, Human Resource Management (3 cr)
  - MT-431, Strategic Management (3 cr)

C. BAM Policies

- All courses within the major must have a minimum grade of C- or better.
- To be eligible for graduation, BAM students must maintain a GPA of 2.5.
The Bachelor of Science in Business Administration is designed for working adults who have already completed either an Associate degree in full or a large portion of their general education requirements. The 42-credit degree-completion program seeks to help students advance in their chosen careers by developing skills and knowledge necessary for analyzing quantitative data, making decisions, and solving the types of problems that can be found in any type of organization.

The BSBA program is available face-to-face at the Quincy, Brockton, and Fall River locations. As of April 2020, ENC expects to be able to offer it face-to-face in Richmond, Virginia and in a fully online format. All classes meet over a period of 6 weeks. The BSBA program operates according to the cohort model.

Students entering with an Associate degree can expect to complete the BSBA portion of the degree in approximately 20 months if they closely adhere to the cohort’s schedule. If the student needs additional credits to reach the 123 credits required for graduation, s/he will work with an Academic Advisor to schedule elective coursework that would extend the time to graduation.

**Important Note:** Students entering the BSBA program are expected to have already completed 6 credits in Principles of Accounting. If that prerequisite has not already been fulfilled, the student may take only a handful of courses in the BSBA program before successfully completing both AC-221 Principles of Accounting I and AC-222 Principles of Accounting II.

### A. BSBA Learning Outcomes

The Bachelor of Science in Business Administration program equips students to be able to:

1. Synthesize concepts from multiple business disciplines to address problems in the business environment.
2. Evaluate the legal, social, and economic environments of business.
3. Apply appropriate leadership skills and styles to effectively collaborate with others.
4. Analyze an organization from a strategic perspective, with particular attention to financial and accounting aspects.
5. Formulate multi-step strategies for locating information and/or solving problems.
6. Emulate the communication practices of both scholars and professionals.
7. Articulate the ethical responsibilities of business from the perspective of a Christian worldview.
8. Collaborate respectfully with a diverse, multicultural community.

### B. BSBA Program Requirements

The BS in Business Administration requires completion of a total of 123 credits, which includes 42 credit hours in the degree-completion cohort program plus a minimum of 81 transfer and elective credits. Specific BSBA program requirements include the following:

*Transferred Courses (General Education & Electives)* at least 81 credits
Business Requirements (minimum grade of C- or better) 42 credits

AC-340, Managerial Accounting (3 cr)
BA-310, Global Business (3 cr)
BA-314, Business Ethics (3 cr)
BA-315, Management Information Systems (3 cr)
BA-324, Entrepreneurship & Business Plan Development (3 cr)
BA-411, Business Law (3 cr)
BA-478, Seminar in Leadership (3 cr)
FN-312, Financial Management (3 cr)
FN-336, Advanced Managerial Finance (3 cr)
MK-252, Principles of Marketing (3 cr)
MT-212, Principles of Management (3 cr)
MT-311, Organizational Behavior (3 cr)
MT-335, Operations Management (3 cr)
MT-431, Strategic Management (3 cr)

C. BSBA Policies

- Prerequisites: Students must complete AC-221 and AC-222 (or the equivalent) prior to taking AC-340, BA-324, and FN-312.
- All courses within the major must have a minimum grade of C- or better.
- To be eligible for graduation, BSBA students must maintain a GPA of 2.5.

9.04 Bachelor of Arts in Early Childhood Education (ECE)

The Bachelor of Arts in Early Childhood Education (nonlicensure) is designed for working adults who currently teach young children (from birth to age 8) in family daycares, childcare centers, or Head Start programs. The 63-credit degree-completion program is designed for students who have already completed either an Associate degree in full or a large portion of their general education requirements. The program will prepare them to fulfill the academic requirements necessary for progressing through the certification levels of the Massachusetts Department of Early Education and Care.

The ECE program is available face-to-face at the Boston location. Classes meet over a period of 6 weeks. The ECE program operates according to the cohort model.

Students who follow the program’s schedule can expect to complete it in approximately 28 months. At the end of the program, students must submit a cumulative teaching portfolio in order to complete the requirements for graduation.

A. ECE Learning Outcomes

The Bachelor of Arts in Early Childhood Education program equips students to be able to:
1. Demonstrate professional disposition and improve in professional practice.
2. Apply their understanding of the growth and development of children to their teaching decisions.
3. Plan learning experiences for all areas of development.
4. Guide the behavior of children and interact with them appropriately.
5. Partner with families and communities to provide resources and services in the individual child’s best interests.
6. Safeguard children in terms of health, safety, and nutrition.
7. Make curriculum decisions and establish learning environments that are developmentally appropriate.
8. Use observation, assessment, and documentation for decision-making and to better serve the needs of the individual child.
9. Plan, organize, and implement best business practices among staff members and colleagues.
10. Identify critical events, profound ideas, and important discoveries that changed the world and continue to resonate today.
11. Formulate multi-step strategies for solving problems and/or locating information.
12. Collect and analyze data to aid in problem-solving and/or decision-making.
13. Discuss themes of the human condition as represented in specific art forms.
14. Emulate the communication practices of both scholars and professionals.
15. Articulate the beliefs, ideals, and practices common to Christianity, despite diversity of tradition and expression.
16. Evaluate issues of moral tension from multiple positions.
17. Enter into respectful dialogue with a diverse, multicultural community.

B. ECE Program Requirements

The degree completion track of the BA in Early Childhood Education requires completion of a total of 123 credits, which includes 63 credit hours in the program plus a minimum of 60 transfer credits. Specific ECE program requirements include the following:

*Transferred Courses and/or Electives*  
*Liberal Arts Requirements*  
Written Communication:  
LA300e, Professional Communication for Educators (3 cr)  
Physical Education by Contract (1.5 cr)  
PE222, First Aid/CPR (0.5 cr)

*Cultural Perspectives*  
CP150, Christian Tradition (3 cr)  
CP290, East Meets West: Western Philosophy and Globalization (3 cr)  
CP325, Epoch-Making Events in Science (3 cr)  
CP350, World Religions (3 cr)  
CP410, Living Issues (3 cr)
Education Requirements (minimum grade of C- or better)  

39 credits

EC220, Early Childhood Observation and Assessment (3 cr)
EC230, Curriculum and Methods: Preschool (3 cr)
EC242, Child Development (3 cr)
EC306, Math for the Early Childhood Classroom (3 cr)
EC308, Literacy and Language Development (3 cr)
EC311, Special Needs in Early Childhood (3 cr)
EC320, Early Childhood Classroom Management (3 cr)
EC390, Child Care Policy (3 cr)
EC391, School, Family, and Community (3 cr)
EC392, Supervision and Administration of Childcare Facilities (3 cr)
EC395, Health, Safety, and Nutrition in Early Childhood Programs (3 cr)
EC499p, Practicum Seminar II (3 cr)
ED310, Educational Psychology (3 cr)

ECE Teaching Portfolio

C. ECE Policies

- All courses within the major must have a minimum grade of C- or better.
- CP410, Living Issues must be completed at ENC; it is not transferable from another institution.
- To be eligible for graduation, ECE students must maintain a GPA of 2.5.
- Many of the education courses require application of course content in the student’s own teaching classroom. Students are responsible to look at their class schedules well in advance of the start date to ensure that their centers are open during the time they will be taking those courses. No student will be waived from application assignments because his/her center is not open.
- If available, EC225 (or transfer equivalent) may be substituted for the EC230 requirement.
- The practicum (EC499p) is a student teaching experience and must therefore take place within an early childhood classroom environment. Administrative or other non-classroom work cannot fulfill student teaching experiences.
- EC499p cannot be waived or satisfied by transfer courses. It must be taken at ENC and all other required courses with the EC prefix must be taken first.

9.05 Master of Education (M.Ed.)

The Master of Education program is designed for students who have already earned a Bachelor’s degree in another field and wish to pursue initial licensure to teach in Massachusetts public schools at one of the following levels or subject areas:

- Early Childhood (PreK-grade 2)
• Elementary (grades 1-6)
• Middle School (grades 5-8) in Math or General Science
• Secondary Education (grades 5-12) in English, History, Business, or in Physics (grades 8-12 only)
• Moderate Disabilities (PreK- grade 8) or (grades 5-12)

The MEd program is available at ENC’s Quincy location. Classes meet Monday-Thursday from 4pm-7pm or 6pm-10pm. Students will complete field experiences in public school classrooms and will finish the program with a 12- to 14-week practicum (full-time student teaching) experience. In order to complete the requirements for student teaching and graduation, students must pass the necessary MTEL (Massachusetts Test for Educator Licensure) exams and submit a cumulative teaching portfolio at the end of the program.

All teacher education licensure programs described in this Academic Catalog are subject to revision without advance notice based on directives from the Massachusetts Department of Elementary and Secondary Education.

A. MEd Learning Outcomes

The Master of Education program equips students to be able to:

1. Using the Curriculum Frameworks/Standards, Candidates will design well-structured, developmentally appropriate lessons with measurable outcomes.
2. When developing well-structured lessons, Candidates will include formal and informal assessments to measure student learning, growth and understanding.
3. When developing well-structured lessons, Candidates will include differentiated and enhanced learning experiences to address the needs of all learners.
4. Candidates will develop well-structured lessons that include the following: instructional practices that reflect high expectations regarding content and quality of effort and work, engages all students, and are personalized to accommodate diverse learning styles, needs, interests, and levels of readiness.
5. Candidates will develop and use effective strategies and techniques for making content accessible to English language learners
6. Candidates will analyze data from assessments, draw conclusions and share them appropriately
7. During their field experiences, Candidates will demonstrate how to actively create and maintain a classroom environment in which students’ diverse backgrounds, identities, strengths and challenges are respected.
8. When developing well-structured lessons, Candidates will articulate clear and high expectations and make knowledge accessible for all students.
9. During field experiences, Candidates will demonstrate through best practices clear and high expectations and making knowledge accessible for all students.
10. During field experiences, Candidates will demonstrate use of/employ a variety of strategies to assist students to develop social emotional-competencies: self-awareness, self-management, social awareness, relationship skills, and responsible decision-making
11. During the field experiences, Candidates will use instructional planning, materials, and student engagement approaches that support students of diverse cultural and linguistic backgrounds, strengths, and challenges.
12. During the prepracticum experience, Candidates will demonstrate knowledge of the difference between social and academic language and the importance of this difference in planning, differentiating and delivering effective instruction for English language learners at various levels of English language proficiency and literacy.
13. Candidates will demonstrate their knowledge of welcoming and encouraging families to become active participants in the classroom and school community through course assignments
14. Candidates will develop strategies to collaborate with families and communities to support student learning and development both at home and at school.
15. Candidates will develop strategies to engage in regular, two-way, and culturally proficient communication with families about student learning and performance.
16. Candidates will demonstrate their ability to reflect on their practice by doing a reflective journal during field experiences.
17. Candidates will develop a plan for their classroom that creates and maintains a safe and collaborative learning environment using a variety of classroom management strategies and establishing and maintaining effective procedures and routines that promotes positive student behavior, effort and performance.
18. Candidates will demonstrate during their student teaching experience the maintenance of a safe and collaborative learning environment.
19. Through their interactions and engagement working in a classroom, Candidates will demonstrate that they value diversity.
20. Candidates will develop a plan to motivate students to take academic risks, challenge themselves, and claim ownership of their learning.
21. Candidates will demonstrate professional growth by participating in PD activities offered at the student teaching placement during that experience.
22. Candidates will demonstrate their ability to collaborate effectively during classroom experiences (group projects) and during the student teaching experience by describing their experiences in a reflective journal.
23. Candidates will develop an awareness about the importance of school-wide decision-making and how to take an active role in that process.
24. Candidates will develop an awareness of the importance of shared responsibility for the performance of all students within a school.
25. Candidates will demonstrate consistently during their coursework on campus and in field experiences their professional responsibilities: ethical foundation, reliable and meeting routine responsibilities consistently.
B. MEd Program Requirements

The Master of Education program requires completion of 40 credits (or 43 credits for the Moderate Disabilities programs). Additional content courses may be required based on a transcript analysis and comparison with the Subject Matter Knowledge in the Massachusetts Department of Elementary and Secondary Education regulations. Specific MEd program requirements include the following:

**Education Core**  
18 credits

- ED-502, American Foundations of Education (3 cr)
- ED-503, Advanced Educational Psychology (3 cr)
- ED-510, Educational Technology (3 cr)
- SN-505, Human Exceptionalities (3 cr)
- SN-540, Educational and Psychological Assessment (3 cr)
- ES-520, ELL Curriculum and Methods (3 cr)

**Early Childhood Core (in addition to the Education Core, above)**  
22 credits

- EC-525, Early Childhood Curriculum and Methods I (3 cr)
- EC-530, Early Childhood Curriculum and Methods II (3 cr)
- RE-541, Principles of Teaching Reading and Children’s Literature (3 cr)
- *EC-549n, Practicum: PreK-K (5.5 cr)
- *EC-549e, Practicum: Grades 1-2 (6 cr)
- ED-549z, Practicum Seminar (1.5 cr)

* One of the early childhood practicums must be in a setting that includes young children with special needs for part of the school day.

**Elementary Core (in addition to the Education Core, above)**  
22 credits

- EL-525, Elementary Curriculum and Methods I (3 cr)
- EL-530, Elementary Curriculum and Methods II (3 cr)
- RE-541, Principles of Teaching Reading and Children’s Literature (3 cr)
- EL-549, Practicum: Elementary (11.5 cr)
- ED-549z, Practicum Seminar (1.5 cr)

**Middle School Core**  
22 credits

- ED-562, Developing Reading Skills in the Content Areas (3 cr)
- MS-520, Middle School Curriculum and Methods (3 cr)
- ED-520, Classroom Management (3 cr)
- MS-549, Practicum: Middle School, subject area (11.5 cr)
- ED-549z, Practicum Seminar (1.5 cr)

**Secondary Education Core**  
22 credits

- ED-562, Developing Reading Skills in the Content Areas (3 cr)
- SE-520, Secondary Education Curriculum and Methods (3 cr)
ED-520, Classroom Management (3 cr)
SE-549, Practicum: Secondary, subject area (11.5 cr)
ED-549z, Practicum Seminar (1.5 cr)

**The Middle School and Secondary programs (shown above) fulfill the education competencies necessary for subject area licensure at the middle or secondary school level. A liberal arts major or additional coursework in the subject area of certification is required. In addition to the requirements listed, applicants for middle school licensure must demonstrate competency in child and adolescent psychology.

**Moderate Disabilities: PreK-8 Core (in addition to the Education Core, above) 25 credits**
ED-520, Classroom Management (3 cr)
RE-541, Principles of Teaching Reading and Children’s Literature (3 cr)
SN-525, Special Needs Curriculum and Methods I (3 cr)
SN-530, Curriculum and Methods for Elementary Special Needs Students II (3 cr)
***SN-549e, Practicum: Special Needs, Elementary (11.5 cr)
ED-549z, Practicum Seminar (1.5 cr)

**Moderate Disabilities: 5-12 Core (in addition to the Education Core, above) 25 credits**
ED-520, Classroom Management (3 cr)
RE-541, Principles of Teaching Reading and Children’s Literature (3 cr)
SN-525, Special Needs Curriculum and Methods I (3 cr)
SN-535, Curriculum and Methods for Secondary Special Needs Students II (3 cr)
***SN-549s, Practicum: Special Needs, Secondary (11.5 cr)
ED-549z, Practicum Seminar (1.5 cr)

***Minimum requirements for special needs practicums include:
SN-549e (PreK-8): a minimum of “300 hours in an inclusive general education setting or 75 hours in an inclusive general education setting and 225 hours in a separate or substantially separate setting for students with moderate disabilities.”
SN-549s (5-12): a minimum of “300 hours in an inclusive general education setting or 150 hours in an inclusive general education setting and 150 hours in a separate or substantially separate setting for students with moderate disabilities.”

C. MEd Policies

- No course with a grade of less than a C+ will be counted toward fulfilling the requirements of a Master’s degree; the course must be retaken at the student’s own expense until the grade reaches at least a C+. No more than 2 C+ grades will be allowed in the program.
- To be eligible for graduation, MEd students must maintain a GPA of 3.0.
• The Massachusetts Department of Elementary and Secondary Education (DESE) mandates that students seeking state licensure in any area take and pass (i.e. earning a P) the Communication and Literacy Skills Exam (CLSE) and the Subject Matter Knowledge Exam (SMK). Additionally, students seeking an Early Childhood, Elementary, or Moderate Disabilities license must successfully pass the Foundations of Reading Exam. Students may take the CLSE and SMK as many times as necessary to demonstrate the established DESE proficiency level. Students must successfully pass the CLSE before enrolling in their 4th course. Students must successfully pass the SMK and Foundations of Reading (if required) before being admitted to the practicum.

• Prerequisites for admission to student teaching (i.e. practicums) include:
  o Admission to and in good standing in the graduate education program.
  o Satisfactory completion of required courses.
  o Passing score on all applicable MTEL exams (CLSE, SMK, Foundations of Reading)
  o Approval of the Program Director
  o A GPA of 3.0 or higher.

9.06 MASTER OF EDUCATION IN HIGHER EDUCATION ADMINISTRATION (HEA)

The Master of Education in Higher Education Administration is designed for working adults who have already earned a Bachelor’s degree and may be employed in an institution of higher education. The program will provide students with both a practical and theoretical understanding of how each administrative department and function of an institution coordinate to benefit the student body and, therefore, improve the overall health of the institution.

Classes in the HEA program meet once a week over a period of 7 weeks. Students who follow the program’s cohort schedule can expect to complete their coursework in approximately 23 months. ED-725 is the capstone course for the program; there is no thesis requirement.

A. HEA Learning Outcomes

The Master of Education in Higher Education Administration program equips students to:

1. Draw from their knowledge of a broad range of administrative topics and issues in higher education in order to understand how the different elements work together to benefit both the students and the institution.
2. Apply their knowledge of the history and development of higher education in the United States to address current issues and solve problems in a higher education context.
3. Collect and analyze data to support decision making, strategic planning, and/or problem-solving across administrative departments in higher education.
4. Communicate effectively, both orally and in writing.
5. Collaborate effectively in groups.
6. Integrate their understanding of Christian principles to develop a leadership style in harmony with that of a servant leader.
7. Identify and propose solutions to complicated challenges experienced by students from diverse backgrounds within the typical college setting.

B. HEA Program Requirements

The Master of Education in Higher Education Administration program requires completion of 36 graduate credits. Specific HEA program requirements include the following:

C. HEA Policies

- To be eligible for graduation, HEA students must maintain a GPA of 3.0.
- No course with a grade of less than a C+ will be counted toward fulfilling the requirements of a Master’s degree; the course must be retaken at the student’s own expense until the grade reaches at least a C+. No more than two C+ grades will be allowed in the program.
- All other courses in the program must be taken before ED-725.

9.07 Master of Science in Management (MSM)

The Master of Science in Management is designed for working adults who have already completed a Bachelor’s degree. The 36-credit graduate program provides a broad business background for individuals who wish to advance in their chosen careers by developing the managerial skills necessary for success in today’s complex and competitive organizations.

The MSM program is available at ENC’s Quincy campus. Classes meet once a week over a period of 6 weeks. Students who follow the program’s cohort schedule can expect to complete their coursework in approximately 18 months. A thesis is required for completing the degree.

Important Note: Students who do not have a solid background in Finance, Accounting, and/or Economics are strongly encouraged to enroll in BS-316 Finance and Accounting for Nonfinancial Managers and in BS-331 Comparative Economic Systems before undertaking the
rigorous graduate-level courses, MM-530 Financial Issues for Managers and MM-535 Economic Issues for Managers.

A. MSM Learning Outcomes

The Master of Science in Management program equips students to be able to:

1. Apply their knowledge of essential issues of leadership theory and organization behavior to achieve organizational efficiency.
2. Demonstrate effective leadership skills needed to make critical decisions, and accomplish functional, organizational, and professional goals.
3. Deal effectively with individual differences in skills and behavior as related to management and the behavior of people in organizations.
4. Formulate multi-step strategies for locating information and/or solving problems.
5. Collect and analyze data to aid in problem-solving and/or decision-making.
6. Emulate the communication practices of both scholars and professionals.
7. Articulate the ethical responsibilities and obligations of business from the perspective of a Christian worldview.
8. Collaborate effectively and respectfully with a diverse, multicultural community.

B. MSM Program Requirements

The MS in Management requires completion of 36 credits. Specific MSM program requirements include the following:

Business Requirements

MM-517, Organizational Theory, Behavior and Change (3 cr)
MM-525, Intro to the Integrated Thesis: Research Methodology, Design & Statistics (3 cr; minimum grade of B or better)
MM-550, Foundations of Leadership Theory (3 cr)
MM-530, Financial Issues for Managers (3 cr)
MM-540, Human Resource Management Seminar (3 cr)
MM-541, Thesis Checkpoint (1 cr; Pass-Fail grading)
MM-535, Economic Issues for Managers (3 cr)
MM-552, Ethical Leadership (3 cr)
MM-545, Management Information and Decision Design (3 cr)
MM-553, Leadership in the Global Marketplace (3 cr)
MM-562, Marketing Communications (3 cr)
MM-554, Applied Leadership Strategy and Policy (3 cr)
MM-565, Thesis Seminar (2 cr; Pass-Fail grading)

C. MSM Policies

- To be eligible for graduation, MSM students must maintain a GPA of 3.0.
• Students must complete MM-525 with a grade of “B” or better in order to progress in the program.
• No course with a grade of less than a C+ will be counted toward fulfilling the requirements of a Master’s degree; the course must be retaken at the student’s own expense until the grade reaches at least a C+. No more than two C+ grades will be allowed in the program.
• Students who do not complete their thesis projects within the 15-week period for MM-565, Thesis Seminar will be automatically charged a Thesis Extension Fee of $600 per additional 15-week period until the project is complete (see Section 5.02G8). Students in an extension will remain as “Active Students” and will continue to have access to library and technology resources even though they are not registered for course credit. The thesis may be extended up to 8 times.

9.08 MASTER OF SCIENCE IN MARRIAGE AND FAMILY THERAPY (MFT)

The Master of Science in Marriage and Family Therapy is designed for students who have already earned a Bachelor’s degree, are seeking to become licensed counselors, and hope to develop their primary professional identity as a Licensed Marriage and Family Therapist (LMFT)* or a Licensed Mental Health Counselor (LMHC)*.

The MFT program is available at ENC Quincy location. Classes generally meet once a week over a period of 10 weeks and students usually take 2 courses at a time. A year-round commitment to the pursuit of the degree is requested and students are expected to maintain progress with their cohort. The 3-year program culminates with a 12-month clinical experience that requires 700 total hours (300 of which are client contact hours).

*Professional Licensure
In the Commonwealth of Massachusetts, the Board of Registration of Allied Mental Health Professionals controls the licensing of marriage and family therapist and licensed mental health counselors. The regulations for licensing (262 CMR 1:00-8:00 document) have been consulted in the development of the program curriculum. This, however, does not constitute approval of the program by the Board of Registration or as a guarantee of future licensing. Students are advised to obtain a copy of the regulations for their personal review and study.

A. MFT Learning Outcomes
The Master of Science in Marriage and Family Therapy program equips students to be able to:

1. Understand and demonstrate competence in the theories of psychotherapy and counseling, treatment and prevention modalities.
2. Understand the nature of human development across the lifespan.
3. Understand and demonstrate competence in the identification, diagnosis of and treatment planning for psychopathological behavior, particularly as outlined in the DSM-V.
4. Understand the issues and trends of a multicultural and diverse society and be able to demonstrate the application of this awareness to the counseling setting.
5. Understand and practice developing skills, procedures, and counseling techniques in the helping relationships.
6. Understand and demonstrate competence in the dynamics and processes of group work.
7. Understand and demonstrate competence in the ethical and legal issues of counseling and professional orientation.
8. Understand and demonstrate competence in the techniques of premarital and marital therapy.
9. Understand family developmental and relational issues in a family systems approach and resiliency model.
10. Understand and demonstrate competence in the range of historical and modern family therapy approaches.
11. Understand and demonstrate competence in the techniques of psychological and family assessment.
12. Understand and demonstrate competence in the use of statistical techniques and the design of research.
13. Study in-depth either addictions/substance abuse or religious and spiritual issues in counseling.
15. Demonstrate effective written and oral communication, collaboration, and the ability to effectively attend to and listen to others.
16. Reflect upon and integrate Christian principles with the tenets of psychology and appreciate other religious perspectives in potential clients and themselves.
17. Deepen self-awareness, appreciation of diversity, and acceptance of others.

B. MFT Program Requirements

The Master of Science in Marriage and Family Therapy program requires completion of 60 graduate credits. Specific MFT program requirements include the following:

C. MFT Policies

- No course with a grade of less than a C+ will be counted toward fulfilling the requirements of a Master’s degree; the course must be retaken at the student’s own expense until the grade reaches at least a C+. No more than 2 C+ grades will be allowed in the program.
- Students in the MFT program must maintain a grade point average of at least a 3.0 (B) to remain in the program.
X. COURSE DESCRIPTIONS

10.01 UNDERGRADUATE COURSE DESCRIPTIONS

Accounting Course Descriptions

**AC-221 PRINCIPLES OF ACCOUNTING I (3 CR.)**
Introduces the accounting cycle: analyzing and recording transactions, posting to ledgers, preparation of worksheets and financial statements. Also includes calculations for inventory valuation, depreciation of fixed assets, interest on notes, and payroll issues. Primary emphasis is on merchandising and service organizations. *Also fulfills BS-210.*

**AC-222 PRINCIPLES OF ACCOUNTING II (3 CR.)**
A continuation of AC-221. Principles related to accounting for partnerships and corporations addressing relevant calculations and the recording of transactions related to long-term liabilities, stocks, bonds, and income taxation. Also includes topics related to accounting for manufacturing organizations. *Also fulfills BS-211.*

*Prerequisite: AC-221.*

**AC-340 MANAGERIAL ACCOUNTING (3 CR.)**
Focuses on the information needs of management. The identification, measurement, accumulation, analysis, preparation, interpretation, and communication of information assist all levels of management in fulfilling organization goals. The process of gathering and analyzing this information and presenting it in a format useful to internal management is emphasized in this course.

*Prerequisite: AC-222.*

Business Course Descriptions

**BA-110 INTRODUCTION TO BUSINESS (3 CR.)**
Students receive an introductory overview of business activities, such as gaining an appreciation of business organization, the economy, the capitalistic system, the social responsiveness of business, and decision-making. In addition, students will have the opportunity to evaluate many business careers. *Also fulfills BS-100.*

**BA-231 PRINCIPLES OF MICROECONOMICS (3 CR.)**
Provides an introduction to the theoretical and analytical tools of economics, including but not limited to theory of demand, cost, price competition, market structures, and allocation of factors of production. *Also fulfills BS-225.*

**BA-232 PRINCIPLES OF MACROECONOMICS (3 CR.)**
Provides background for understanding modern economic and business activity. The study of national income and its measurement, determination of price levels, output, employment, money and credit, expenditures, and economic stability, government fiscal and monetary policies are included. May be taken before BA-231. *Also fulfills BS-220.*

**BA-310 GLOBAL BUSINESS (3 CR.)**
Provides students with an opportunity to acquire an understanding of how multinational companies can transact business successfully in response to the complex challenges of operating in a global environment. The course emphasizes the diverse economic, cultural, and institutional systems from an
international, regional and global perspective, while incorporating the marketing, financial, managerial, and strategic considerations that lead to success.

Recommended prerequisites: MT-212 and MK-252.

**BA-314 BUSINESS ETHICS (3 CR.)**
Provides an understanding of ethical problems in business. Examines the conceptual and practical implications of ethics for business conduct. Also fulfills BS-475.

Prerequisite: Junior standing.

**BA-315 MANAGEMENT INFORMATION SYSTEMS (3 CR.)**
Provides an overview of information systems – planning, organizing, leading, and applying information technology advancements. This course has a managerial perspective that describes how IS supports business goals and functions, defines what information resources are available to the manager, and demonstrates how the manager is involved in the information development process. Also fulfills BS-119 and BS-319.

Prerequisite: Junior standing.

**BA-324 ENTREPRENEURSHIP AND BUSINESS PLAN DEVELOPMENT (3 CR.)**
Focuses on the development of a business plan that identifies a market need, evaluates the financial viability of the venture, and organizes the resources to launch the business. Specific emphasis will be given to sources of funding for entrepreneurial ventures and the appropriate legal forms of a business to accompany chosen financing strategies. Also fulfills BS-250.

Prerequisites: Junior standing, AC-221, and MT-212.

**BA-411 BUSINESS LAW (3 CR.)**
Covers law of business regulation, contracts, and legal controls imposed in the business-society relationship. Includes study of basic contract law, Uniform Commercial Code, and appropriate legal concepts as related to business activities. Also fulfills BS-480.

Prerequisite: Junior standing.

**BA-478 SEMINAR IN LEADERSHIP (3 CR.)**
A laboratory experience providing opportunity for self-development and synthesis of the major themes explored during prior courses, including social responsibility, ethics, integration of faith with practice, personal development, group process, organization and leadership.

Prerequisite: Senior standing.

**BS-110, INTRODUCTION TO ACCOUNTING (3 CR)**
This course includes the basic functions of collecting, processing, and reporting accounting information for involved third parties (e.g. owners, investors, and government) and allows students to examine, understand, and use accounting information effectively.

**BS-316, FINANCE & ACCOUNTING FOR NON-FINANCIAL MANAGERS (3 CR)**
This course is designed to be an introduction to finance for the non-financial major. Students will learn basic accounting and finance principles and practices, with emphasis on application in the management decision-making process.

**BS-331, COMPARATIVE ECONOMIC SYSTEMS (3 CR)**
This course focuses on the description and analysis of economic goals, institutions, and policies in different countries, with an emphasis on organizational principles and decision-making structures.
BS-370, Négociation & Conflit Résolution (3 CR)
This course provides an overview of conflict management and resolution, with emphasis on processes, psychodynamics of conflict, and win/win principles. By presenting both theoretical information and opportunities to participate in experiential exercises, the course will serve to improve the student's negotiating behavior.

BS-446, Capstone Project (6 CR)
The Capstone Project course is an intensive course that culminates in a comprehensive research paper and oral presentation. The topic will be a business related issue, integrating and synthesizing the skills and information learned and applied throughout the bachelor curriculum. Each student will be responsible for choosing a topic, to be approved by the Professor. The research paper will be a minimum of 20 pages (excluding appendices), and will involve an extensive review of empirical and theoretical literature related to the student's chosen topic. The research paper will involve a minimum of 15 references and will adhere to the most current APA edition. The oral presentation will take place during the last two weeks of class. Evaluation will be focused on the quality and depth of the research, and the student's critical thinking, writing and oral presentation abilities.
Minimum Grade Requirement: C- or better
Prerequisite: BS-40

Career Planning Course Descriptions

CC-110, Foundations for Lifelong Learning (2 CR)
Framed in the context of professionalism, this course will assist adult learners who are entering or returning to college. Students will develop strategies and tools for learning success that they will be able to apply both in academic classes and in professional contexts as they continue to learn throughout their lives. (CC-110 may be waived for incoming students who have demonstrated a recent, consistent pattern of academic success at another institution.)

Chemistry Course Descriptions

CH-202, Environmental Science with Lab (4 CR)
This course is designed to provide an introduction to the environmental sciences, with a focus on interrelationships. Through the interdisciplinary approach, scientific concepts and information will be integrated with political, economic, and social aspects. Lab fee may apply.

Communication Arts Course Descriptions

CO-106, Speech Communications (3 CR)
This course is designed to familiarize students with the principles of speaking in public and in small groups, and offers practical application of speaking and listening fundamentals in both formal and informal speaking situations. Special emphasis is on development of public speaking, delivery skills, organization and presentation of effective outlines as well as audience analysis and speaker evaluation.

Cultural Perspectives Course Descriptions

CP-150, Christian Tradition (3 CR)
This course traces some of the pivotal events in Christian history, and includes the people, socio-cultural influences and basic theological concerns involved. Attention is paid to developments in each major period of Christian history, as well as to the growth of Christianity from its roots in the Middle East to expansion across Europe and Africa, to its appearance in Asia and the Americas.
**CP-195, THE WEST IN THE WORLD SINCE 1500 (3 cr)**
An examination of the broad patterns of Western historical development in global context. Special emphasis will be given to the competing assessments of the meaning and significance of Western and modern global civilization.

**CP-245, LITERATURE AND CULTURE (3 cr)**
A humanities course designed to reveal to students: 1) the debt the Western literary tradition owes to the ancient, pre-Christian world; and 2) how literature operates as an important vehicle for cultural exchange between the east and the west. In the process, students will refine their skills in reading and understanding literary works, including the interpretation of figurative language, an awareness of how literary genre shapes content, and the ability to articulate central themes. 
*Prerequisites: EN-100, EN-102, CP-195*

**CP-250, BIBLE IN CURRENT PERSPECTIVE (3 cr)**
This course serves as a broad introduction to the Bible and the various ways it impacts both the church and contemporary society. It provides an introduction to the formation of the Christian canon and surveys the major themes of the Old and New Testaments. Throughout the course, connections are drawn between the Bible and other disciplines, especially connections to the topics covered in the other courses in the Cultural Perspectives curriculum. 
*Prerequisites: EN-100, EN-102, CP-195*

**CP-290, EAST MEETS WEST: WESTERN PHILOSOPHY AND GLOBALIZATION (3 cr)**
This course addresses philosophical themes that arise as the result of the human search for meaning in the present context of globalization. While it will include an historical survey of significant Western responses to these perennial human questions, it will also include voices from outside the Western tradition. Emphasis will be placed on those concepts, issues and philosophers which have played the greatest role in Western civilization, and which may offer significant answers to today's global questions. Emphasis will be placed upon correlations with other courses in the Cultural Perspectives sequence. 
*Prerequisites: EN-100, EN-102, CP-195*

**CP-325, EPOCH-MAKING EVENTS IN SCIENCE (3 cr)**
Using examples from the history of ideas, EMES considers major revolutions in our understanding of ourselves, our world, and the meaning of our existence. Typical of the ideas to be discussed are: 1) the emergence of the natural sciences as a novel way to understand the world; 2) the Copernican Revolution as a challenge to anthropocentric views of ourselves; 3) scientific explanations for origins that force reconsideration of traditional religious views. 
*Prerequisite: CP-150*

**CP-350, WORLD RELIGIONS (3 cr)**
Studies the historical understandings and practices of the major belief systems of the world, such as: animism, Buddhism, Confucianism, Hinduism, Islam, Judaism, and secondary groups that have developed from them. The course will include visits to local places of worship and meditation. 
*Prerequisite: CP-150*
CP-410, Living Issues (3 cr)
The capstone course in ENC’s Cultural Perspectives sequence of courses, designed to expose students to some of the major challenges facing humanity as a whole and the student as an individual. One of the primary course objectives is the exploration of the tensions and possibilities that exist for Christian faith and values in a society permeated with individualism, materialism, and despair. This course also deals with moral philosophy around the globe, considering social issues and morality from the vantage point of ethics and responsibility.

Prerequisites: CP-150, CP-325, CP-350, and Senior standing

Early Childhood Education Course Descriptions

EC-210, Fundamentals of Early Childhood Education (3 cr)
This foundation course examines early childhood education (birth through grade 2) from a variety of perspectives including philosophical, historical, multicultural, developmental and socio-economic points of view. Students will acquire an understanding of how early childhood education has influenced the childcare profession. Topics include: child growth and development (typical and atypical), learning theories, diversity, developmentally appropriate practices, teaching models and practices, professional teaching standards, and critical issues related to teaching.

Prerequisite: EC-242

EC-220, Early Childhood Observation and Assessment (3 cr)
Students will be introduced to a variety of valid and reliable assessment tools and techniques for use in developmentally appropriate data-driven instruction specific to children’s individual abilities, needs, and interests. Attention will be given to child individualization using formal and informal systematic observation and assessment methods. Students will learn how to collaborate with families and community professionals to meet instructional best practices of children’s developmental abilities.

Prerequisite: EC-242

EC-225, Early Childhood Curriculum and Methods: Infant/Toddler (3 cr)
This course addresses the selection and use of developmentally appropriate emergent, integrated, child-centered, and play-based curricula and materials for children from birth to approximately age three. The curricula will incorporate all developmental domains. Related topics include: approaches to teaching, considerations of cultural and special needs, classroom environment, behavioral guidance, and applications of developmental learning.

Prerequisites: EC-220 and EC-320

EC-230, Early Childhood Curriculum and Methods: Preschool (3 cr)
This course addresses the selection and use of developmentally appropriate emergent, integrated, child-centered, and play-based curricula and materials for children from approximately age three to five. The curricula will incorporate all developmental domains. Related topics include: approaches to teaching, considerations of cultural and special needs, classroom environment, behavioral guidance, and applications of developmental learning.

Prerequisites: EC-220 and EC-320

EC-242, Child Development (3 cr)
Students study child development from pre-natal stages through eight years of age. Attention is given to a variety of perspectives- biological processes, physical development, perceptual development, cognitive and language development, socio-emotional development and social contexts of development. Theories of child development and current research are addressed in order to provide the student with a comprehensive understanding of the nature, individual variations, and potential in child development. Also considers specific contexts, such as the family, peer relationships, school and community life, and culture and diversity.
EC-243, Educational Technology for Young Children (3 cr)
Includes an overview of the application of various forms of technology in the early childhood classroom. Students will review recent research on the subject and determine how to integrate technology with curriculum in developmentally appropriate ways. Students will evaluate the merits of a variety of instructional media and learn to use and adapt them appropriately for the early childhood classroom setting.
Prerequisite: Demonstrated technological proficiency

EC-299P, Practicum Seminar I (3 cr)
Students will observe, assist, and teach within an infant/toddler or preschool setting under the direction of a supervising practitioner and supervised by a college faculty member. In addition to the practicum, students will meet together regularly in a seminar format to reflect on practicum experiences. There are 75 clock hours of student teaching to complete for this course.
Prerequisite: EC-225 or EC-230

EC-306, Math for the Early Childhood Classroom (3 cr)
This course is designed to help students discover how young children think about and learn mathematics. The course integrates four important aspects of teaching mathematics: gaining knowledge of oneself as a learner of mathematics, gaining knowledge of oneself as a teacher of mathematics, gaining knowledge of how children think, and becoming a reflective practitioner. This course prepares students to craft a mathematics teaching practice that reflects current educational research, philosophies, and methodologies.
Prerequisite: EC-225 or EC-230

EC-308, Literacy and Language Development (3 cr)
This course is designed to assist early childhood educators in developing a solid instructional philosophy as it relates to literacy and language development, and to examine balanced literacy practices. Emphasis will be placed on designing literacy-rich classroom environments that support language and reading development in a diverse classroom of early learners. Current methodology, including research-based techniques for teaching reading, the integration of developmentally appropriate writing strategies, and current assessment practices will be discussed in relation to the NAEYC Criteria for Curriculum, Massachusetts Guidelines for Preschool Learning Experiences (2003), and English Language Arts Curriculum Frameworks and the Common Core (2011) for ECE children.
Prerequisite: EC-225 or EC-230

EC-311, Special Needs in Early Childhood (3 cr)
This course will enable the student to develop the instructional and behavioral competencies to foster the inclusion of children with exceptional needs into early childhood settings. The course will examine curricular adaptations, classroom modifications, medical concerns, family impact, legal issues, family relationships, community resources, Individualized Educational Plans and Individualized Family Service Plans.
Prerequisite: ED-310

EC-320, Early Childhood Classroom Management (3 cr)
Based upon theory and research, students will construct a developmentally appropriate approach to guiding young children. Supportive interactions between adults and children are emphasized as is effective learning environments which support children’s autonomy. Students will apply knowledge using the decision making model of child guidance in everyday discipline encounters to teach conflict resolution skills.
Prerequisites: EC-242 and EC-220
EC-325, EARLY CHILDHOOD CURRICULUM & METHODS I (3 cr)
Students will gain an overview of philosophy, approaches to teaching young children, technology, special needs, classroom management and practical materials designed for the developmental curriculum in the following areas: sensory experiences, language arts and the humanities (including social studies and the expressive arts). There are 25 pre-practicum clock hours to complete for this course.
Prerequisites: Junior or Senior status, and in good standing in the Teacher Education program

EC-330, EARLY CHILDHOOD CURRICULUM & METHODS II (3 cr)
Students will examine effective methods of curriculum implementation, considering cultural and special needs, combined with developmental learning and ways to prepare a supportive physical environment. This course will feature the following areas of curriculum: the natural sciences (including science, health and mathematics), motor development and parent and community involvement. The student will design an integrated curriculum unit and resource kit. There are 25 pre-practicum clock hours to complete for this course.
Prerequisites: Junior or Senior status, and in good standing in the Teacher Education program

EC-390, CHILD CARE POLICY (3 cr)
A general study of organizational theories and functions with application to the early childhood center/daycare facility will be emphasized. Topics focus on a variety of issues including child abuse; laws and regulations (NAEYC, etc.); policy; cultural diversity; relationships/partnering with families, service agencies and community resources for families (IEPs, IFSPs etc); records management; marketing and promotional strategies; the change process and historical and social issues as they relate to child care today.

EC-391, SCHOOLS, FAMILIES, & COMMUNITIES (3 cr)
The focus of this course is helping families and the community understand the role of a daycare center. Among the issues explored during the course are understanding and building respectful/reciprocal/healthy relationships with diverse families and using culturally competent practices to support and communicate with individual children and families, cultivating meaningful family and community involvement, connecting families to community resources, and taking advantage of opportunities for appropriate, positive collaborations with other school and community services.

EC-392, SUPERVISION AND ADMINISTRATION OF CHILDCARE FACILITIES (3 cr)
This course is designed to be a theoretical and practical study of the administrative processes applied to the early childhood center/daycare facilities. Areas studied will include organization theory and best business practices, regulations, applicable laws, professional development, staff supervision/personnel issues (professional attitudes, behaviors, and ethical standards/professional guidelines) and quality standards.

EC-395, HEALTH, SAFETY, & NUTRITION (3 cr)
This course will focus on the promotion and assurance of the children's health, safety and nutrition. Among the topics explored are the following: hygiene and health promotion, preventing and responding to infectious diseases and managing chronic illness, mental health, basic safety and emergency preparedness, safeguarding children and youth - particularly from child abuse and neglect - nutrition, the food handling environment and physical fitness and activity.

EC-495, SPECIAL TOPICS IN EARLY CHILDHOOD (VARIABLE CREDIT; REPEATABLE UP TO 6 CREDITS)
This course explores current topics, issues, and activities related to one or more aspects of the early childhood care and education profession.
EC-499E, Early Childhood Practicum I: Grades 1-2 (6 cr)
Observing, assisting, and teaching within a first through second grade setting under the directions of a supervising practitioner and supervised by a college supervisor. This practicum is required of all early childhood majors for licensure. The classroom will include regular students as well as special needs students.
Prerequisites: ED-210, ED-310, RE-441, SN-311, SN-420, ED-243, EC-325, EC-330, a cumulative GPA of 2.5, approval of teacher education faculty, pass all appropriate MTEL tests

EC-499K, Early Childhood Practicum II: Preschool/Kindergarten (6 cr)
Observing, assisting, and teaching within a preschool setting under the directions of a supervising practitioner and supervised by a college supervisor. This practicum is required of all early childhood majors for licensure. The classroom will include regular students as well as special needs students.
Prerequisites: ED-210, ED-310, RE-441, SN-420, SN-311, ED-243, EC-325, EC-330, a cumulative GPA of 2.5, approval of Teacher Education Faculty Committee, pass all appropriate MTEL test

EC-499P, Practicum Seminar II (6 cr)
Students will observe, assist, and teach within an infant/toddler or preschool setting under the direction of a supervising practitioner and supervised by a college faculty member. In addition to the practicum, students will meet together in a seminar format to reflect on practicum experiences. There are 150 clock hours of student teaching to complete for this course.

Education Course Descriptions

ED-210, American Foundations of Education (3 cr)
An introductory course offering insights into historical, sociological, psychological, philosophical and methodological foundations at all levels of education. Opportunity is provided for students to explore the field of education and to provide guidance to those choosing teaching as a vocation. Implications of the past, present and future of school program development, organizations, and the individual educator are emphasized.

ED-243, Educational Technology (3 cr)
Includes an overview of the applications of the technology in the classroom. Students will receive, evaluate, and produce educational software including videos, slide presentations, transparencies and photo essays for use in small group, class, and individual instruction. Emphasis will be placed on integrating instructional software, including compact disks, word processing, and multimedia computer programs into the curriculum. There is also a study of innovative programs using technology, such as distance learning and telecommunications, in the classroom. There are 25 pre-practicum hours to complete for this course.
Prerequisites: ED-210 and ED-310

ED-310, Educational Psychology (3 cr)
A review of human development in a psychological context, followed by a concentration on learning theories and evaluation strategies. The aim is to help each student to arrive at a consistent systematic position in applying psychology to the educational setting. (BEd licensure students only: There are 25 pre-practicum clock hours to complete this course.)
Prerequisite for ECE students only: EC-220
ED-320, CLASSROOM MANAGEMENT (3 CR)
Develops competency in instructing language arts and the humanities (including social studies and expressive arts); general teaching-learning strategies; basic elements in curriculum design; classroom management; mainstreaming; and their application to elementary school children, including those with special needs. There are 25 pre-practicum hours to complete for this course.
Prerequisites: Junior or Senior status, and in good standing in the Teacher Education program

ED-495, ADVOCACY IN EDUCATION (3 CR)
The purpose of this course is to introduce early childhood teachers to the various theories and methodologies of educational advocacy. Understanding the various facets of advocacy is important to ensuring that all children are afforded a just and equitable educational opportunity. Proactive advocacy is crucial for ensuring that the individual and collective educational rights of children are promoted and vigilant protected in the classroom, and in society. Students will examine the concepts of economic of equality, social policy and legislative advocacy in addressing and resolving the needs of the traditionally marginalized and underserved populations.

ED-495A, INDEPENDENT RESEARCH IN EDUCATION (VARIABLE CREDIT; REPEATABLE UP TO 9 CREDITS)
Individual research under the guidance of faculty on special interests, concerns, problems, remediations, or questions. Assigned and suggested readings will be required; field experience(s) may be required; frequent conferences will be conducted.
Prerequisite: Permission of the department

ED-499Z, PRACTICUM SEMINAR (3 CR)
A three credit seminar for student teachers who have not had any previous teaching experience. It is designed as a supportive component of the student teaching experience. The following is a list of possible topics to be covered: licensure application process, credential files, discipline, classroom management, interviewing, and relationships with supervising practitioners. The structure of this course also allows for student generated topics for discussion. One credit of the course (15 hours) will address the Data Analysis competency that is part of the new Professional Standards for Teachers (PSTs). This will be designed to provide students with the essential knowledge of descriptive and inferential statistics in the field of education. It prepares students to be knowledgeable consumers of social research statistics and to do further work in statistics and research. This one credit component is designed to provide a Lab experience for students where they will develop their skills for data interpretation, particularly as it will be applied to work in K-12 schools and is required for all Education majors. This course is taken in conjunction with the student teaching practicum and is required to be considered a program completer.
Prerequisite: Passing score on the content exam of the Massachusetts Test for Educator Licensure (MTEL).

Elementary Education Course Descriptions

EL-325, ELEMENTARY CURRICULUM & METHODS I (3 CR)
Develops competency in instructing language arts and the humanities (including social studies and expressive arts); general teaching-learning strategies; basic elements in curriculum design; classroom management; mainstreaming; and their application to elementary school children, including those with special needs. There are 25 pre-practicum hours to complete for this course.
Prerequisites: Junior or Senior in good standing in Teacher Education Program.

EL-330, ELEMENTARY CURRICULUM & METHODS II (3 CR)
Develops competency in instructing in the natural sciences (including mathematics, science, and health); general teaching-learning strategies; basic elements in curriculum design; classroom management;
mainstreaming; and their application to elementary school children, including those with special needs. There are 25 pre-practicum clock hours to complete for this course.

Prerequisites: A Junior or Senior and in good standing in the Teacher education program.

**EL-499, ELEMENTARY PRACTICUM (12 CR)**
Observing, assisting, and teaching within an elementary school setting under the direction of a supervising practitioner and supervised by a college supervisor. This practicum is required of all elementary education majors for licensure. The classroom will include regular students as well as special needs students.

Prerequisites: ED-210, ED-310, RE-441, SN-311, SN-420, ED-243, EL-325, EL-330, a cumulative GPA of 2.5, approval of teacher education faculty, pass all appropriate MTEL tests.

**English Course Descriptions**

**EN-100, ENGLISH COMPOSITION I (3 CR)**
This course is designed to teach students develop their ideas in clear, effective, written English. Through a series of writing assignments and small group activities, students will explore organization, development and style as they pertain to college writing.

Minimum Grade Requirement: C- or better; if the grade requirement is not met, the student will not be allowed to continue in the program sequence. Before re-enrollment in the program is approved, this course must be successfully completed with a minimum grade of C-, or a pre-approved transfer equivalent must be officially transferred in that meets the required minimum grade.

**EN-102, ENGLISH COMPOSITION II (3 CR)**
This course is designed to help students develop critical thinking, reading, and writing skills. The emphasis is on APA documentation style and research writing.

Prerequisite: EN-100

Minimum Grade Requirement: C- or better; if the grade requirement is not met, the student will not be allowed to continue in the program sequence. Before re-enrollment in the program is approved, this course must be successfully completed with a minimum grade of C-, or a pre-approved transfer equivalent must be officially transferred in that meets the required minimum grade.

**EN-341, INTRODUCTION TO LINGUISTICS (3 CR)**
This course is concerned with teaching the English language. It includes a study of the history of the English language, semantics, syntax, phonetics, phonology, morphology, dialects, grammar (traditional, structural, transformational) and usage.

**ELL Education Course Descriptions**

**ES-320, ELL CURRICULUM & METHODS (3 CR)**
This course will examine a number of topics that address the learning needs of ELL students. Theoretical issues from various disciplines will be considered as they impact the practical needs and concerns of students and teachers in the authentic settings in which ELL instruction takes place. A variety of methods, especially Sheltered Instruction (SEI), will be studied and analyzed in order that prospective teachers will be able to develop concrete strategies of instruction. The course targets the teaching of ELL in elementary school, middle school and high school. There is a 25-hour prepracticum requirement for this course.

Prerequisites: Junior or Senior status, and in good standing in the Teacher Education program.
Finance Course Descriptions

**FN-312 Financial Management (3 cr.)**
Introduces the financing of business enterprise. Financial planning and control, analysis of alternative sources and uses of capital debt and equity, and cost of capital will be explored. Also fulfills BS-429. 
**Prerequisite:** AC-222.

**FN-336 Advanced Managerial Finance (3 cr.)**
Studies specific financial cases and the need for ethics in finance within a system of well-established laws and industry regulation. Areas covered include cost of capital, capital structure, capital budgeting, dividend policy, financial analysis and forecasting, sales and lending practices, socially responsible investing, insider trading, hostile takeovers, and the ethics of bankruptcy.
**Prerequisite:** FN-312.

Liberal Arts Course Descriptions

**LA-300, Professional Communication (3 cr)**
This course is an introduction to the communications techniques and documents - written, oral, and electronic - used in the modern workplace. Assignments and presentations allow students to prepare and present the basic forms and styles of communication. Students will have the opportunity to learn techniques to develop effective listening skills, to learn to interpret and use body language, to use collaborative writing methods, to enhance speaking and presentation skills, and to develop effective editing and feedback procedures.

Marketing Course Descriptions

**MK-252 Principles of Marketing (3 cr.)**
Introduces the field and practices of marketing. Planning, pricing, promotion, and distribution strategies are viewed from economic and social foundations. Also fulfills BS-224.

Management Course Descriptions

**MT-212 Principles of Management (3 cr.)**
An introduction to the developments and operations of organization, fundamentals of management theory, models of human resource development, and development of management styles and techniques, planning, organizing, staffing, directing and controlling. Also fulfills BS-470.

**MT-311 Organizational Behavior (3 cr.)**
Studies the behavior of individuals and groups in organizational settings. Emphasis is given to topics including personality and individual differences, perception and attribution, attitudes, motivation, job design, performance and rewards, teamwork and group processes, leadership, power and politics, and decision making. Also fulfills BS-359. 
**Prerequisite:** MT-212.

**MT-335 Operations Management (3 cr.)**
Studies issues and activities that relate to the creation of goods and services through the transformation of inputs to outputs. Topics studied include design of goods and services, process strategy, location strategies, layout strategies, project management, managing quality, supply-chain management, inventory management, and production planning.
**Prerequisites:** MA-118 and MT-212.
MT-362 GLOBAL MANAGEMENT (3 CR.)
Focuses on the impact of global operations on the structure and organization. Major discussion topics are the challenges that managers face in establishing global operations, respecting and incorporating a variety of global cultures into the corporate culture, and responding in a competitively effective way in what is an increasingly competitive global arena.
Prerequisites: MT-212.

MT-426 HUMAN RESOURCE MANAGEMENT (3 CR.)
Studies the applied approach to human resource management and administration. The study will stress policy, current practices, future trends, and legal requirements. Specific activities covered will include recruiting, selection, training, developing, compensating, evaluating, and disciplining. Also emphasized will be changing demographics in the workforce, multiculturalism, ethics in human resource management, and other current issues. Also fulfills BS-330.
Prerequisites: MT-311.

MT-431 STRATEGIC MANAGEMENT (3 CR.)
Integrates previous courses through the study of problems in policy formulation and implementation. The case study approach is utilized, as are discussions regarding current topics with emphasis on strategic planning.
Prerequisites: All business core courses.

Math Course Descriptions

MA-107, CONTEMPORARY MATH FOR BUSINESS (3 CR)
This course will cover mathematics as it is used and implemented in business to affect management decision making. Topics include a review of fundamental mathematical operations and concepts, implementation of algebra, the use and application of percentages and introductory graphs and statistics. Logic and problem-solving skills will be covered throughout the course material. The purpose of this class is not to turn you into mathematicians, but rather to give you the key skills you need to survive in today's business world. The use of a calculator may be helpful but is not required.

MA-118, INTRODUCTION TO STATISTICS (3 CR)
An introduction to the basic methods of statistical inference, with applications to a variety of disciplines. Topics studied will include hypothesis testing (z and t tests), confidence intervals, regression and correlation, and chi-square tests of independence. Also fulfills BS-485.

MA-215, LOGIC, SETS, & NUMBERS (3 CR)
This course introduces the student to the fundamental concepts and structures of mathematics. Students explore issues involved in reasoning, patterns, evidence, proof and logic. Logic then leads to discussing the mathematical concept of a set. Finally, the course studies issues around numbering systems and basic properties of numbers.

MA-220, OPERATIONS AND ALGEBRA (3 CR)
This course provides the student with an in-depth analysis of the properties of operations on integers in order to provide a solid foundation in pre-algebra and basic algebra concepts. In addition, the course introduces matrix algebra as an example of a familiar algebra with different properties than integers. Finally, after discussing the usefulness of the concept of a variable, this course introduces the language and practical applications of functions.
MA-225, **INTRODUCTION TO GEOMETRY (3 CR)**
This course provides the student with the foundation to teach geometry in elementary school with a view toward analytical and coordinate geometry.

MA-227, **APPLICATIONS OF ALGEBRA (3 CR)**
This course completes the content material of a student preparing for elementary education by applying a variety of algebraic and number sense skills to problem solving and by introducing students to basic concepts and methods of probability and statistics.

### Music Course Descriptions

**MU-204N, INTRODUCTION TO MUSIC (3 CR)**
This course will introduce students to the primary musical periods of traditional Western European art music and the major composers of those periods. Important musical concepts will be stressed and linked to the aesthetic education of the student. The required concert attendance, outside of class time, is considered imperative to the aesthetic development of the student.

### Physical Education Course Descriptions

**PE-222, FIRST AID/CPR (0.5 CR)**

**PE-252, PERSONAL HEALTH AND WELLNESS (3 CR)**
An introduction to concepts and application of lifetime personal health and wellness. Topics include components of cardiovascular disease and risk factors, nutrition, weight management, relaxation techniques, sexually transmitted diseases, and substance abuse. The course includes practical application of certain topics through activities and portfolio assessment. The focus is upon individualization of activities so as to address particular needs and circumstances.

**PE-499, PE BY CONTRACT (1.5 CR)**

### Reading Course Descriptions

**RE-441, TEACHING READING AND CHILDREN’S LITERATURE (3 CR)**
The teaching of the modern methods and techniques of reading in all the elementary school grades with emphasis on readiness and the developmental stages of reading are explored, with a focus on classroom strategies. The use of literature in the reading program, adaptation for the special student, assessment, readiness, and developmental stages of reading. There are 25 pre-practicum hours to complete this course.

*Prerequisites: Senior status, and in good standing in the Teacher Education program*

### Special Education Course Descriptions

**SN-311, HUMAN EXCEPTIONALITIES (3 CR)**
An introductory course in special needs, which is designed to provide a basis for further study in the area. Students will develop competencies in the following: (1) psychological characteristics of children with special needs, (2) behavioral characteristics of children with special needs, (3) techniques used to diagnose and remediate special needs, and (4) current special needs legislation (state and national). There are 25 pre-practicum hours to complete for this course.

*Prerequisites: ED-210, ED-210, Junior status*
**SN-420, PSYCHOLOGICAL AND EDUCATIONAL ASSESSMENT (3 CR)**
Traditional psychological and educational assessment techniques are examined. Special attention will be given to practical assessment tactics versus theoretical treatment and how this assessment applies to children with special needs. Opportunity will be given to students to practice administration of selected test batteries.
*Prerequisites: SN-311, Junior or Senior status and in good standing in the Teacher Education program*

**Sociology Course Descriptions**

**SO-206, MULTICULTURAL RELATIONS (3 CR)**
This course examines multicultural relations and the world of work within a theoretical and practical framework. The aim of this course is to impart sociological understanding of groups in all cultures and to explore how that understanding can enhance business and workplace relationships.

---

**10.02 GRADUATE COURSE DESCRIPTIONS**

**Early Childhood Education Graduate-level Course Descriptions**

**EC-525, EARLY CHILDHOOD CURRICULUM AND METHODS I (3 CR)**
Students will gain an overview of philosophy, approaches to teaching young children, technology, special needs, classroom management and practical materials designed for the developmental curriculum in the following areas: sensory experiences, language arts and the humanities (including social studies and the expressive arts). (pre-practicum 25 hrs.)

**EC-530, EARLY CHILDHOOD CURRICULUM AND METHODS II (3 CR)**
Students will examine effective methods of curriculum implementation, considering cultural and special needs, combined with developmental learning and ways to prepare a supportive physical environment. This course will feature the following areas of curriculum: the natural sciences (including science, health and mathematics), motor development and parent/community involvement. The student will design an integrated curriculum unit and resource kit. (pre-practicum 25 hrs.)

**EC-549K, PRACTICUM - PREK THROUGH K (5.5 CR)**
The student will spend at least twelve weeks (300 clock hours) in an early childhood school setting. One hundred hours will be done in a PreK-K setting. The student is expected to demonstrate competence as a teacher of young children including children with special needs within a classroom setting. Supervision will be provided by the cooperating practitioner, college supervisor, and school administrators.

**EC-549F, PRACTICUM 1-2 GRADE (6 CR)**
The student will spend at least twelve weeks (300 clock hours) in an early childhood school setting. Two hundred hours will be done in a 1-2 setting. The student is expected to demonstrate competence as a teacher of young children including children with special needs within a classroom setting. Supervision will be provided by the cooperating practitioner, college supervisor, and school administrators.

**Education Graduate-level Course Descriptions**

**ED-502, AMERICAN FOUNDATIONS OF EDUCATION (3 CR)**
The historical, sociological, and philosophical bases of American education are studied. Implications of the past, present, and future on school program development, organizations and the individual educator are emphasized.
ED-503, Advanced Educational Psychology and Measurement (3 cr)
A review of human development in a psychological context is emphasized, followed by a concentration of learning theories and evaluation and assessment strategies. The aim is to help each student arrive at a consistent, systematic position in applying psychology to the educational setting. (pre-practicum 25 hrs.)

ED-510, Educational Technology (3 cr)
This course includes an overview of the applications of technology in the classroom. Students will review, evaluate and produce educational software including videos, slides, presentations, transparencies, photo essays for use in small group, class, and individual instruction. Emphasis will be placed on integrating instructional software, including compact disks, word processing and multi-media computer programs into the curriculum. There is also a study of innovative programs using technology, such as distance learning and telecommunications, in the classroom. (pre-practicum 25 hrs)

ED-520, Classroom Management (3 cr)
The student will be able to identify various theories of classroom management and to develop skills in management of exceptional individuals in various types of learning settings, ranging from the regular class, resource rooms, and institutional settings. The relationship of regular and special needs students will be considered to enhance individual self-esteem.

ED-549Z, Practicum Seminar (1.5 cr)
A one and one-half credit seminar for student teachers who have not had any previous teaching experience. It is designed as a supportive component of the student teaching experience. The following is a list of possible topics to be covered: licensure application process, credential files, discipline, classroom management, interviewing, and relationships with supervising practitioners. The structure of this course also allows for student generated topics for discussion. One credit of the course (15 hours) will address the Data Analysis competency that is part of the new Professional Standards for Teachers (PSTs). This will be designed to provide students with the essential knowledge of descriptive and inferential statistics in the field of education. It prepares students to be knowledgeable consumers of social research statistics and to do further work in statistics and research. This one credit component is designed to provide a Lab experience for students where they will develop their skills for data interpretation, particularly as it will be applied to work in K-12 schools and is required for all Education majors. This course is taken in conjunction with the student teaching practicum and is required to be considered a program completer. Prerequisite: Passing score on the content exam of the Massachusetts Test for Educator Licensure (MTEL).

ED-558, Language and Literacy (3 cr)
This course will emphasize a developmental approach to understanding the continuum of normal language development through literacy. Language processing and language disorders will be discussed in the context of the classroom environment and current trends in education. Emphasis will be placed on participants developing observation skills and teaching methodologies for facilitating language development and literacy.

ED-562, Developing Reading Skills in the Content Areas (3 cr)
This course is designed to develop skills that will enable classroom content teachers and/or reading specialists to facilitate the student’s reading of content material. Significant research will be reviewed and projects developed to provide the teacher/reading specialist with practical applications of the findings. Attention will be given to all areas of the curriculum to be correlated with reading instruction. Content literacy (the ability to use reading, writing, talking, and listening processes to learn subject matter across the curriculum) is the goal.
ED-700, History of Higher Education (3 CR)
This course will trace the development of postsecondary education and the university from its historical roots to its present trends in America. It will emphasize the tools and processes of history to understand the complex social, economic, political, and cultural patterns and events that have formed what we know as higher education today.

ED-701, Research in Higher Education (3 CR)
An introduction to educational research methodology, design, and statistics, this course provides an understanding of both quantitative and qualitative research techniques, as well as introducing students to the basics of statistical analysis and their application in the evaluation and completion of the research process.
*Minimum Grade Requirement: B or better; if the grade requirement is not met, the student will not be allowed to continue in the program sequence.*

ED-702, The Community College and Higher Education (3 CR)
This course will examine the emergence of the community college, its traditional purposes, and its roles and functions.

ED-703, Student Development Theory and Practice (3 CR)
This course will look at the psychology and culture of student populations - traditional and adult; theory, current practice and innovative trends. This course provides an introduction and overview of student development theories and practices in higher education, emphasizing current standards of practice and emerging trends particularly in Christian higher education.

ED-704, Organization and Governance in Higher Education (3 CR)
The course will examine organization and management in higher education from historical, theoretical and current perspectives. The course will cover multiple facets of higher education governance and management including structures and systems typical for institutions of higher education, the roles and responsibilities of governing boards, and senior administrators. Issues regarding shared governance, student recruitment, retention, strategic planning, resource allocation and accreditation are addressed.

ED-705, Higher Education Finance (3 CR)
This course describes the financial and economic issues populating the world in which higher education institutions live. These include an understanding of basic economic and financial factors, while emphasizing budgeting, revenue, and expenditure. The course is both skill- and theory-driven with a pragmatic approach to understanding current and future demands.

ED-706, College Teaching and the Adult Learner (3 CR)
The focus of this course will be the exploration of the specific issues facing the adult learner in higher education. Emphasis will be placed on the connection between theory and practice in teaching adults and understanding how that relationship can be effectively adapted to college teaching. Students will study the efficacy of alternative teaching methods, as well as develop a personal philosophy of teaching adult learners.

ED-707, Higher Education and the Law (3 CR)
This course focuses on legal and policy issues that have a particular impact on higher education. The course will cover several broad areas of higher education law and will approach each issue from multiple perspectives, including the institution, the employee, and the student.
ED-708, LEADERSHIP IN HIGHER EDUCATION (3 CR)
This course will trace the development of university and postsecondary leadership from the historical origins to its present challenges. It will emphasize the theory and practice of leadership in understanding the complex social, economic, political, and cultural patterns and events that have formed what we know as higher education leadership today.

ED-709, MANAGERIAL FUNCTIONS OF HIGHER EDUCATION (3 CR)
Explores the roles and functions of the major service units of the institution (Registrar, Financial Aid, Student Billing) with emphasis on reviewing processes for efficiency and effectiveness. Will include discussion of compliance issues with particular focus on the Family Educational Rights and Privacy Act (FERPA).

ED-710, TOPICS IN HIGHER EDUCATION: TECHNOLOGY AND INSTRUCTIONAL DESIGN (3 CR)
This course will focus on the history, theories, and trends of instructional design and technology as related to higher education. By evaluating existing global trends and exploring emerging technologies, students will not only be able to perform the skills related to instructional design and technology, but will also be able to analyze and utilize emerging technologies in order to prepare for the ever-changing nature of the field.

ED-711, CONTEMPORARY ISSUES IN HIGHER EDUCATION (3 CR)
Explores emerging social, political, and economic issues in the ever-changing landscape of higher education. Specific course topics will vary.

ED-712, ACCESS AND EQUITY IN HIGHER EDUCATION (3 CR)
Examines the theory and research related to access and equity issues for populations who are traditionally under-served in many institutions of higher education. Will include discussion of issues related to race, ethnicity, socioeconomics, LGTBQ, nontraditional students, and students with disabilities. Examines strategies for promoting equity and inclusion.

ED-713, DATA-DRIVEN DECISION-MAKING IN HIGHER EDUCATION (3 CR)
An introduction to understanding and evaluating educational research methodology and design, this course provides an understanding of both quantitative and qualitative research techniques, as well as introduces students to their application for everyday decision making in higher education.

ED715, ENROLLMENT MANAGEMENT IN HIGHER EDUCATION (3 CR)
This course examines enrollment management in higher education from historical, theoretical, and current perspectives. Topics will include post-secondary market structures, student choice, transfer and articulation policies, effects of tuition pricing and aid, retention and persistence issues, and public policy and regulatory concerns. Students will come to understand how enrollment management practices can be strategically integrated into everyday activities of non-admissions departments.

ED-720, THESIS AND SEMINAR (6 CR)
This is an independent research course in which students will complete the applied research project with guidance from a thesis advisor. The research will culminate in a substantive paper of publishable quality. Pass/fail grading.
Prerequisite: ED-701

ED-725, CAPSTONE IN CONTINUOUS IMPROVEMENT IN HIGHER EDUCATION (3 CR)
In this culminating experience, students will select and partner with a specific administrative department or campus service for the purpose of formally assessing its operations and making recommendations for short- and long-term improvements in that area. The assessment will be based upon standards developed
by an accrediting agency, the Council for the Advancement of Standards in Higher Education, or another appropriate organization as agreed upon with the instructor and the cooperating department. 

Prerequisites: ED-700, ED-703, ED-704, ED-705, ED-707, ED-708, ED-709, ED-711, ED-712, ED-713, ED-715

Elementary Education Graduate-level Course Descriptions

EL-525, ELEMENTARY CURRICULUM AND METHODS I (3 CR)
This course develops competency in instructing the language arts and the humanities (including social studies, expressive arts), general teaching-learning strategies, basic elements in curriculum design, classroom management, mainstreaming, and their application to elementary school children including those with special needs. (pre-practicum 25 hrs.)

EL-530, ELEMENTARY CURRICULUM AND METHODS II (3 CR)
This course develops competency in instructing in the natural sciences (including mathematics, science, health), general teaching-learning strategies, basic elements in curriculum design, classroom management, mainstreaming and their application to elementary school children including those with special needs. (pre-practicum 25 hrs.)

EL-549, PRACTICUM – ELEMENTARY (11.5 CR)
The student will spend twelve weeks (300 clock hours) in an elementary school setting, grades 1 through 6. The student is expected to demonstrate competence as a teacher of elementary aged children including special needs students within a classroom setting. Supervision will be provided by the cooperating practitioner, college supervisor, and school administrators.

ELL Education Graduate-level Course Descriptions

ES-520, ELL CURRICULUM AND METHODS (3 CR)
This course will examine a number of topics that address the learning needs of ELL students. Theoretical issues from various disciplines will be considered as they impact the practical needs and concerns of students and teachers in the authentic settings in which ELL instruction takes place (second language acquisition and the world of English Language Learners). A variety of methods, especially Sheltered Instruction (SEI), will be studied and analyzed in order that prospective teachers will be able to develop concrete strategies of instruction. The course targets the teaching of ELL in elementary school, middle school and high school. There is a 25 hour pre-practicum requirement for this course.

Management Graduate-level Course Descriptions

MM-517, ORGANIZATIONAL THEORY, BEHAVIOR AND CHANGE (3 CR)
This course incorporates the history, development, theory and philosophy of organizations. Concepts of formalization, structure, environment, human resource, goals, power, authority and boundaries - all within a larger system context - will be explored. It systematically examines the variables, both psychological and sociological, which are important in the comprehension of individual motivation, the managing of groups, interpersonal relationships, organizational effectiveness, and change, as well as creativity and leadership within the organization.

MM-525, INTRODUCTION TO THE INTEGRATED THESIS: RESEARCH METHODOLOGY, DESIGN & STATISTICS (3 CR)
This course acquaints students with the statistical base necessary to comprehend the meaning of common statistics used in reporting research in professional journals, comprehend the concepts of validity and
reliability, and design a research project. The topic for the final integrated project or thesis will be selected and submitted for approval at this time.

Minimum Grade Requirement: B or better; if the grade requirement is not met, the student will not be allowed to continue in the program sequence.

**MM-530, Financial Issues for Managers (3 cr)**
This course is designed to give the student a firm understanding of how to interpret financial and accounting data for planning and decision-making purposes. Viewing finance and accounting as an information system for decision-making will form the framework of the course.

**MM-535, Economic Issues for Managers (3 cr)**
This course assumes that the impact of economic results and indicators has direct correlation to decisions that managers constantly face. Interpreting this data is essential for future planning and the managing of current operations. A course designed to interpret these issues will greatly improve the decision-making process in management today.

**MM-540, Human Resource Management Seminar (3 cr)**
This course acknowledges that today's manager is faced with situations arising from changes in the makeup of today's workforce as well as the many new legal requirements placed on the corporation. This seminar will deal with these issues and their implications for management in an evolving multicultural environment.

**MM-541, Thesis Checkpoint (1 cr)**
Students will submit a thesis proposal that has been reviewed and approved by the Thesis Advisor, which will become the first three chapters of the thesis. They will receive additional instruction in navigating the research process, including how to apply for IRB approval. Pass/fail grading.

*Prerequisite: MM-525*

**MM-545, Management Information and Decision Design (3 cr)**
This course deals with the development, use, and management of information technology from a managerial perspective. It emphasizes both the management of information as an important corporate resource and the use of information systems to support organizational activities. The course highlights the interrelationship between the managerial process and information technology.

**MM-550, Foundations of Leadership Theory (3 cr)**
This course describes theories of leadership, studies the relationship between leadership style and organizational change, and examines the implementation of a leader's vision. Students will develop the capacity to integrate and synthesize existing leadership theories and formulate new ones; clarify and critique their own perspectives on the functions of leadership; apply leadership theories and lessons to a specific problem or challenge in one's area of interest; and develop essential leadership and administrative skills through study, observation, and application.

**MM-552, Ethical Leadership (3 cr)**
This course explores the issues of ethical and moral development relevant to formulating a personal philosophy of leadership and administration and to developing a continuing renewal of personal and professional growth for oneself and others. Students will analyze their own values and ethics through interactive discussions and projects and will develop an integrative approach to ethics from a leadership perspective, which emphasizes fairness, integrity, honesty, and human dignity.
MM-553, **LEADERSHIP IN THE GLOBAL MARKETPLACE (3 CR)**
This course examines the process of identifying problems and achieving solutions consistent with an organization's vision. During this course, the student uses critical thinking and analytic reasoning to achieve leadership effectiveness in a global market. This course provides a comprehensive approach to long-term program planning and strategic leadership.

MM-554, **APPLIED LEADERSHIP STRATEGY AND POLICY (3 CR)**
This course offers a supervised, advanced study experience in recent developments, issues, and trends in leadership and administration and provides opportunities to pursue, under the direction of an instructor, an area of special leadership interest to the student. This course highlights the role of organizational leadership in integration with all the previous course work. This course will highlight strategic design, organizational leadership strategy, and organizational and public policy.
*Prerequisite: MM-541*

MM-562, **MARKETING COMMUNICATIONS (3 CR)**
This course examines the numerous methods used to communicate with customers. Communication topics such as public relations, selling, advertising, and promotion will be explored. The design and development of a communication strategy will be analyzed, resulting in the formulation of specific marketing communication programs.

MM-565, **THESIS SEMINAR (2 CR)**
This is an independent research course in which students will complete the applied research project with guidance from a thesis advisor. The research will culminate in a substantive paper of publishable quality. Pass/fail grading.
*Prerequisite: MM-541*

**Middle School Education Graduate-level Course Descriptions**

MS-520, **MIDDLE SCHOOL CURRICULUM & METHODS (3 CR)**
Various plans and methods for the motivation and direction of learning in the middle school are emphasized. Opportunity is given to study and apply the particular major content to the classroom.

MS-549S, **PRACTICUM, SUBJECT AREA - MIDDLE SCHOOL (11.5 CR)**
The student will spend at least twelve weeks (300 clock hours) in a middle school setting. Local school districts cooperate in providing experiences in classroom settings in the student’s major teaching area. The student is expected to demonstrate competence as a teacher of middle school students. Supervision will be provided by the cooperating practitioner within the school and a college supervisor.

**Psychology Graduate-level Course Descriptions**

PS-510, **INTRODUCTION TO PROFESSIONAL COUNSELING (3 CR)**
This course introduces students to the roles of professional counselors within the mental health system of our current society. Foundations, contexts, and skills for helping relationships and professional functioning will be identified and reviewed. Emphasis will be placed on assisting the beginning counselor to become committed to the profession and the development of their professional competencies.

PS-515, **THE FAMILY: DEVELOPMENTAL AND RELATIONAL ISSUES (3 CR)**
This course surveys a broad spectrum of information about the family that is pertinent to providing services to families and their members. A family systems perspective will be the primary basis for
examining family development theory, a diverse range of family structures, and a variety of issues families and their members encounter. Recent research findings in family studies will be reviewed.

**PS-521, SEMINAR IN PERSONAL AND PROFESSIONAL DEVELOPMENT (3 CR)**
This course emphasizes personal development. In order to be an effective helper, counselors must be committed to their own growth as people. Through reading, self-development projects, and group sharing experiences, the course attempts to promote the following knowledge and skills: self-acceptance in the light of accurate perceptions of one’s strengths and weaknesses; an ability to face one’s own problems and to deal with them effectively; a willingness and ability to accept and use help from other people; a recognition that each stage of life has crises and developmental tasks to be handled; and the knowledge of how to plan and carry out a self-improvement program.

**PS-522, LEGAL AND ETHICAL ISSUES IN COUNSELING (3 CR)**
This course covers a variety of professional, ethical, and legal issues with which counseling professionals must contend. Students will evaluate and develop beliefs, attitudes, and values which will impact their work with clients and other professionals. They will become familiar with the mechanisms by which the legal system renders all professionals accountable and with specific areas for which the law dictates practice. Information regarding legal and ethical standards for practice will be provided.

**PS-531, COUNSELING: PHILOSOPHY, THEORY, AND PRACTICE (3 CR)**
This course offers the student an opportunity to examine the major theoretical approaches to counseling. There will be inquiry into the key concepts, basic assumptions, goals, evaluations and application of therapeutic techniques and procedures. Students will attempt to relate the counseling theories to personal values and personhood.

**PS-532, MARRIAGE, PREPARATION, ENRICHMENT, AND THERAPY (3 CR)**
This course will review approaches to pre-marital counseling, marital enrichment, and marital therapy. Topics include the assessment of the relationship, growth-producing techniques, and the counselor’s / facilitator’s role in providing appropriate interventions. Special issues important in marriage, such as sexuality and sex therapy, will be given attention.

**PS-533, MARRIAGE AND FAMILY THERAPY: HISTORICAL APPROACHES (3 CR)**
This course introduces the student to the theoretical basis for the beginning of the marriage and family therapy field and family systems interventions. Contributions from psychiatry, social work, and marriage counseling to the development of the field will be examined. The basic assumptions, key concepts, therapeutic goals and interventions of the early and modernistic approaches (e.g., Satir, Bowen, Structural, Strategic) to marriage and family therapy will be surveyed.

**PS-534, MARRIAGE AND FAMILY THERAPY: COLLABORATIVE AND INTEGRATIVE APPROACHES (3 CR)**
This course introduces the student to the theoretical approaches to marriage and family therapy as a core profession of the mental health services field. The basic assumptions, key concepts, therapeutic goals and interventions that reflect the solution-focused and collaborative approaches to psychotherapy in the post-modern era will be reviewed. Attention will also be given to the approaches that have emerged through the integration of more traditional theories.

**PS-540, LIFESPAN DEVELOPMENT AND TREATMENT INTERVENTIONS I: CHILDREN AND ADOLESCENTS (3 CR)**
This course will focus on the behavioral disorders and psychopathology of the pre-adult individual. Emphasis will be given to understanding the cognitive, moral, emotional, and social development of children and adolescents and planning age-appropriate treatments. Various treatment approaches for children and adolescents (i.e., play therapy, storytelling techniques, art therapy, and behavioral methods) will be presented as a basis for providing services to individuals and families.
**PS-551, Culturally-Sensitive Counseling (3 cr)**
This course is designed to acquaint the student with the concept of cross-cultural counseling, paradigms concerning various ethnic families, and application of family counseling theories to particular ethnic groups. An additional area of focus is the cross-cultural counseling competency of the student. Current literature related to cross-cultural counseling is explored.

**PS-561, Understanding Research Design and Statistics (3 cr)**
This course uses a case study approach to experimental and quasi-experimental designs focusing on the development of the ability to assess the validity of research findings. Course objectives are: to provide a review of basic descriptive statistical measures and techniques; to provide a survey of major research designs commonly employed in psychology and education; and to foster the development of abilities used to assess the validity of research findings.

**PS-562, Techniques for Psychological and Family Assessment (3 cr)**
This course acquaints students with the administration and interpretation of assessment techniques and their application to the psychotherapeutic process. Standardized instruments and questionnaires that assess psychological functioning and family dynamics will be reviewed. The review of assessment options will focus on understanding basic statistical and measurement concepts, and selecting appropriate tests for special assessment purposes.

**PS-571, Psychopathology and Pharmacology: Treatments for Adults (3 cr)**
Clinical theories and the results of research on psychopathology are explored in this course. Methods for making a differential diagnosis and establishing an appropriate treatment plan are examined. Basic information about psychotropic medications and their physiological effects is reviewed and applied to specific disorders.

**PS-572, Religious and Spiritual Issues in Counseling (3 cr)**
This course is designed to acquaint the student with a broad range of issues in the literature on religious and spiritual aspects of counseling. One’s own beliefs and values will be examined in light of religious worldviews and psychological practices. Strategies will be presented for assessing and utilizing the religious/spiritual systems of clients.

**PS-586, Addictions and Substance Abuse Counseling (3 cr)**
This course deals with systems theory explanations of substance abuse and reviews individual, group, and family approaches to therapy.

**PS-588, Lifespan Development and Treatment Interventions II: Adults (3 cr)**
This course is designed to promote a more comprehensive understanding of how gender impacts life issues for men and women. Understanding the life span development through the adult years for both men and women, the role of gender stereotypes, social roles, and the impact of changes in society, family and work will be emphasized. Specific issues such as sexual abuse, violence, eating disorders, biological concerns, and identity issues will be addressed to provide a more comprehensive base for therapeutic work with the different genders.

**PS-595, Group Counseling (3 cr)**
This course will provide students with several theoretical perspectives for functioning as group counselors. Emphasis will be on understanding the group process, applying strategies and skills with groups, and handling special needs and critical events of groups. Student participation will be important for simulating a group atmosphere for practice and application of course content.
**PS-600, Practicum and Internship: Clinical Experience and Supervision (12 cr)**

This 12-month course introduces the student to the activities of a professional counselor in the workplace, provides the student with the opportunity to perform the types of activities typical of a professional counselor, and integrates classroom instruction with the field experience. The practicum component must include a minimum of 100 clock hours, of which 40 hours must be direct client contact, 10 hours must be individual supervision, and 15 hours must be group supervision. The internship portion of the placement experience requires 600 clock hours, of which 260 hours must be direct client contact, 15 hours must be individual supervision, and 30 hours must be group supervision. All supervision must be provided by an approved supervisor and intern students will meet with the course instructor on a regular basis to discuss assigned readings and their clinical experiences. Students must complete a total of 700 hours including 300 direct service hours.

**Reading Education Graduate-level Course Descriptions**

**RE-541, Principles of Teaching and Children's Literature (3 cr)**

Literature-based instruction is the primary focus of this course. The developmental stages of reading will be explored with emphasis on phonemic awareness, phonics, and knowledge of word analysis skills. Practical strategies to facilitate student comprehension and the development of fluent readers and writers will be closely examined. Students will evaluate current methodologies and techniques. We will attempt to gain a broad knowledge base, assess existing programs, demonstrate knowledge of assessment principles, and develop meaningful instructional strategies.

**Prerequisite:** RE-541

**RE-542, Integration of Reading and Writing (3 cr)**

This course will examine the link between reading and writing. Effective instructional models will be studied that connect the reading and writing process. Emphasis will be placed on literacy development, reading and writing workshops, assessment, strategies that enhance the reading and writing process, as well as aspects of cultural diversity. Students will be expected to synthesize material and apply the course content to their professional setting.

**Prerequisite:** RE-541

**RE-544, Assessment in Reading (3 cr)**

The focus of this course will be the basic principles of assessment for individuals who have been referred for assessment in reading. Students will learn to evaluate the effectiveness of assessment procedures, administer and score tests, and to read with understanding educational and psychological reports. Actual involvement with school children will be required.

**RE-545, Administration of School Reading Programs (3 cr)**

This course focuses on connecting principles of administration and school developmental and remedial reading programs. The organization, implementation, assessment and administration of district-wide and classroom programs will be discussed. Attention will be given to principles and strategies that have been successfully field-tested.

**Prerequisite:** RE-541

**RE-549, Reading - Practicum (12 cr)**

This field-based 300 hour practicum involves working in a school setting in the role of a teacher of reading as well as administrative work in the reading area. The practicum experience will consist of 150 hours each at the elementary and secondary level. Candidates work under the joint supervision of a cooperating practitioner and a college supervisor. A proposal must be submitted to and approved by the college reading advisor by the time of practicum convocation.
RE-550, TECHNIQUES & TREATMENT OF READING DIFFICULTIES (3 CR)
In this course students will analyze reading disabilities and use assessment instruments for interpreting and recommending appropriate modifications and/or improvements to the reading curriculum. Appropriate methods, materials and techniques used for teaching students with reading needs will be explored and designed.

RE-560, ADVANCED CHILD/ADOLESCENT LITERATURE (3 CR)
This course is a research based study of the critical theories and practices inherent in literature for children and adolescents. The literature is explored by genre as a field of literary study. Participants will focus on the level most appropriate to their interest. This is a practical, hands-on study of literature which will yield valuable materials to be used in the classroom.

Secondary Education Graduate-level Course Descriptions

SE-520, SECONDARY EDUCATION CURRICULUM AND METHODS (3 CR)
Various plans and methods for the motivation and direction of learning in the secondary school are emphasized. Opportunity is given to study and apply the particular major content to the classroom.

SE-549, SECONDARY EDUCATION – PRACTICUM (11.5 CR)
The student will spend at least twelve weeks (300 clock hours) in a secondary school setting. Local school districts cooperate in providing experiences in classroom settings in the student’s major teaching area. The student is expected to demonstrate competence as a teacher of secondary students. Supervision will be provided by the cooperating practitioner, the college supervisor, and school district administrators.

Special Education Graduate-level Course Descriptions

SN-505, HUMAN EXCEPTIONALITIES (3 CR)
This is an introductory course designed to explore the wide variety of handicapping conditions and current legislation regarding evaluation and program planning for individuals with handcaps. Attention will be given to discussion of program options and special methodologies enabling handicapped individuals to achieve maximum potential. (pre-practicum 25 hrs.)

SN-525, SPECIAL NEEDS CURRICULUM AND METHODS I (3 CR)
This course will focus on various methodologies in teaching all types of moderate special needs students. Students will examine language arts and the humanities (including social sciences and the arts) with an emphasis on matching the teaching style of the teacher to the learning styles of the student. An emphasis on corrective, functional techniques and the development of appropriate materials will be included. (pre-practicum 25 hrs.)

SN-530, CURRICULUM AND METHODS ELEMENTARY SN II (3 CR)
This course will focus on the various methodologies in teaching moderate special needs students in the natural sciences (including mathematics, sciences, health) in the elementary setting. Emphasis will include remediation techniques which can be varied to meet differing learning styles using a variety of teaching styles. Techniques of evaluating teaching and instructional materials with diverse populations will be included. (pre-practicum 25 hrs.)

SN-535, CURRICULUM AND METHODS SECONDARY SN II (3 CR)
The focus of this course is on the various methodologies in teaching moderate special needs students in the natural sciences (including mathematics, science, health) in the secondary setting. Emphasis will include techniques which can be varied to meet differing learning styles and application of knowledge to
real life situations in becoming a positive functioning member of society. Techniques of evaluating teaching and instructional materials with diverse populations will be included. (pre-practicum 25 hrs.)

SN-540, Educational and Psychological Assessment (3 cr)
The focus of this course will be the basic principles of assessment for individuals who have been referred or are being serviced as handicapped individuals. Students will have opportunities to study and apply psychometric and ethnographic procedures. Students will learn to evaluate the effectiveness of assessment procedures, administer and score tests, and to read with understanding educational and psychological reports. Actual involvement with handicapped individuals will be required.

SN-549E, Practicum - Special Needs (Pre-K-8) (11.5 cr)
The student will spend at least 12 weeks (300 clock hours) in an inclusive general education setting or 75 hours in an inclusive general education setting and 225 hours in a separate or substantially separate setting for students with moderate disabilities. Local school districts cooperate by providing experiences in resource rooms and other special facilities. The student is expected to demonstrate competence as a teacher of students identified as having moderate disabilities. Supervision will be provided by the cooperating practitioner, the college supervisor, and school district administrators.

SN-549S, Practicum - Special Needs (5-12) (11.5 cr)
The student will spend at least 12 weeks (300 clock hours) in an inclusive general education setting or 150 hours in an inclusive general education setting and 150 hours in a separate or substantially separate setting for students with moderate disabilities. Local school districts cooperate by providing experiences in resource rooms and other special facilities. The student is expected to demonstrate competence as a teacher of students identified as having moderate special needs. Supervision will be provided by the cooperating practitioner, the college supervisor, and school district administrators.
